## Dissolving Language Barriers

**Established in 1984**, we are one of the nation's leading language services providers. We are a small, woman-owned business with a clientele of more than 500 government and private sector organizations. Our customers turn to us because of our proven commitment to quality. Our vast pool of accredited and certified linguists, representing the best in the business, means we deliver reliable language services - on time.

**You can rely on the professionalism** and expertise of our linguists. Most have been working for us for more than 10 years and all new applicants are carefully screened and tested. Moreover, STI's *Selection and Evaluation Audit Program – SEAP* – provides ongoing quality reviews and constructive feedback to ensure our linguists' continued proficiency. Before a project is ever considered complete or given to a client, it undergoes multiple reviews to maintain STI's demand for quality.

**STI specializes in highly technical translation**, interpreting, desktop publishing, and software and website localization services. Our comprehensive subject matter experience encompasses **law, medicine, defense, finance, marketing, information technology, public services, pharmaceuticals, healthcare, aerospace, transportation, engineering, energy and more**. We can readily handle all of these areas in the more than 90 languages we support.

**Why have so many clients chosen to work with STI over the years? And why do they keep coming back?**

**Quality**

**Service**

**On-Time Delivery**

**Value**

**Schreiber Translations, Inc. the preferred provider for your language needs.**
