Measures are based on eMedicaid data collected by Health Home providers

Data as of January 5, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Participants can have more than one diagnosis. Percentages will not add up to 100%

Measures are based on eMedicaid data collected by Health Home providers

Data as of January 5, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Participants can have more than one diagnosis. Percentages will not add up to 100%

Measures are based on eMedicaid data collected by Health Home providers

Data as of January 5, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Measures are based on MMIS2 data

Data as of February 28, 2015

Please consider the utilization data as preliminary because there is insufficient run-out for claims/encounter submission.

MCO encounters require at least 6 months of run-out, and FFS claims require at least 12 months of run-out. These measure will be revised to include complete data in future reports.

Measures are based on MMIS2 data

Data as of February 28, 2015

Please consider the utilization data as preliminary because there is insufficient run-out for claims/encounter submission.

MCO encounters require at least 6 months of run-out, and FFS claims require at least 12 months of run-out. These measure will be revised to include complete data in future reports.
