### EXECUTIVE SUMMARY

As of December 31<sup>st</sup>, 2013, the Department has received 64 Health Home site applications and approved 57, with an additional five pending and two denied. Approved Health Home sites include 44 Psychiatric Rehabilitation Programs (PRP), nine Mobile Treatment providers (MT), and four opioid treatment programs (OTP). These span 19 of Maryland's 23 counties and have enrolled 2,224 participants. The program's first quarter yielded success in mental health provider enrollment, eMedicaid utilization, and ongoing program improvements. Continuing provider outreach emphasizes technical assistance and OTP provider recruitment. Meaningful claims data will be available at the end of January 2014.

### FIRST QUARTER SUCCESSES, CHALLENGES AND LESSONS LEARNED

Since the October 1, 2013 launch of the Health Home program, successes include significant interest and enrollment among the mental health community, effective provider usage of the Department-developed eMedicaid Health Home online reporting system, and program adaptability in response to ongoing stakeholder feedback. Recruitment of Opioid Treatment Programs continues to present a challenge, and the Department is continuing targeted outreach to these providers. Maintaining close contact with providers during the initial months of implementation has proved vital for the purposes of training, enrollment, troubleshooting, and policy guidance. This will continue in the form of technical assistance site visits, targeted webinar training opportunities, and provider recruitment.
