

MEMORANDUM

TO: Charles Milligan, Deputy Secretary of Health Care Financing
FROM: Morgan Cole, OHS Policy & Compliance- Behavioral Health Unit
RE: Monthly Health Homes Report- January 2014
DATE: February 5, 2014

EXECUTIVE SUMMARY

As of January 31st, 2014, the Department has received 70 Health Home site applications and approved 58, with an additional seven pending and five denied¹. Approved Health Home sites include 45 Psychiatric Rehabilitation Programs (PRP), nine Mobile Treatment providers (MT), and four opioid treatment programs (OTP). These span 19 of Maryland's 23 counties and have enrolled 2,516 participants. In January, the Health Homes program implemented population health management policies, continued development of technical assistance protocols, and began expanding data sharing to improve care. Meaningful claims data will be available in mid-February 2014.

PROGRAM DEVELOPMENTS TO IMPROVE CARE

The Department targeted additional program developments in the month of January to enhance participant care and monitoring. The Office of Health Services worked with stakeholders to develop a comprehensive policy encouraging providers to perform population health management activities, a vital part of the Health Home model. The Department is building upon opportunities for technical assistance to and communication with providers and is in the early stages of developing a site visit technical assistance team and a provider advisory committee. Additionally, the Department began formulating data-sharing protocols for communicating Health Home enrollment information to Managed Care Organizations (MCOs) and the Chesapeake Regional Information System for Our Patients (CRISP).
