

## **CULTURAL AND LINGUISTIC COMPETENCY TRAINING MODULES**

The Maryland Department of Health recognizes challenges associated with racial and ethnic disparities in health literacy among the citizens of Maryland. The Board will award CEUs to licensees who take one of the following courses during renewal cycles.

Please review course descriptions and click on the link below for the four (4) approved modules.

- [\*Project Implicit\*](#)

To recognize one-self implicit bias by a series of self-assessment tests that enables the tester to express their bias freely. (1 CEU)

- [\*Putting Together the Pieces: Communicating with Limited English Proficiency Populations\*](#)

Examines the process for establishing emergency communication plans with limited English proficiency communities. (1 CEU)

- [\*The Health of LGBT People: Ending Disparities, Ending Invisibility\*](#)

Participants will learn strategies for taking a sensitive history with LGBT people. Learn ways of inquiring about sexual orientation and gender identity. (1 CEU)

- [\*Exploring Cross Cultural Communication: Examining Stereotypes\*](#)

Culture is defined and the reasons why people create cultural stereotypes is examined. Offers a number of good communication strategies. (2.5 CEUs)
