Maryland Board of Occupational Therapy Practice

**Subject: New Mobile Phone App****Bulletin from the Board:**

The Maryland Board of Occupational Therapy Practice has launched a new mobile phone application for the purpose of providing an additional and convenient tool to verify the license status of Maryland occupational therapy practitioners. The app can be downloaded by searching "myLicense verification" in a smartphone's App Store.

As with the Board's current online verification tool, the mobile application will include public information relative to a licensee's disciplinary history. The term "With Disciplinary History" will be included with any license status associated with a public disciplinary record. If a disciplinary history exists within the public record, the Board will clearly indicate when disciplinary terms have been satisfied and cases have been closed.

The Board hopes that the mobile phone application will be useful to licensees, employers and consumers of occupational therapy seeking public information. Please feel free to contact the Board if you have any questions at 410-402-8556.
