CONSENT ORDER

The Maryland State Board of Physical Therapy Examiners (the "Board") charged **BRIAN WEISMAN, P.T. (the "Respondent") License Number 18749**, with violations of certain provisions of the Maryland Physical Therapy Act, (the "Act") codified at Md. Health Occ. Code Ann. Specifically, the Board charged the Respondent with violations of the following provisions of H.O. § 13-316:

- (15) Violates any provision of this title or rule or regulation adopted by the Board;

A. The physical therapist shall document legibly the patient's chart each time the patient is seen for:

On Tuesday, October 7, 2008, the Respondent appeared with counsel before the Case Resolution Conference Committee (the "CRC") of the Board. As a result of the negotiation that occurred prior to and at the CRC, the Respondent agreed to enter into this Consent Order, consisting of the Findings of Fact, Conclusions of Law and Order.

#### **FINDINGS OF FACT**

1. At all times relevant to these charges, the Respondent was and is a physical therapist licensed to practice physical therapy in the State of Maryland. He

was originally licensed to practice physical therapy in Maryland on or about April 15, 1997, under license number 18749.

2. At all times relevant to these charges, the Respondent was the sole member and owner of Life Fitness Physical Therapy of Towson, LLC ("Life Fitness"), a limited liability company organized under the laws of the State of Maryland, and maintained an office for the practice of physical therapy at 1205 York Road, Suite 19, Lutherville, Maryland 21093.

3. At all times relevant to these charges, the Respondent employed Staff Therapist 1<sup>1</sup> and Staff Therapist 2 as staff physical therapists at Life Fitness.

4. On or about February 12, 2007, the Board initiated an investigation of the Respondent and Life Fitness after receiving a complaint from a utilization reviewer alleging that the Respondent failed to meet accepted standards in delivering physical therapy care with respect to a patient at Life Fitness ("Patient A"), whose charts the Respondent had submitted to the utilization reviewer for review.

5. On or about August 28, 2007, the Board received a second complaint from the same utilization reviewer alleging that Staff Therapist 1 and Staff Therapist 2 failed to meet accepted standards in delivering physical therapy care with respect to a another patient at Life Fitness ("Patient B"), whose charts the Respondent had submitted to the utilization reviewer for review.<sup>2</sup>

6. In furtherance of its investigation, the Board staff interviewed the utilization reviewer, Patient A, Patient B, Staff Therapist 1, Staff Therapist 2, and the Respondent.

<sup>1</sup> To ensure confidentiality, individual names will not be disclosed in this document. The Respondent may obtain the identity of all individuals referenced in this document by contacting the administrative prosecutor.

<sup>2</sup> The Board also voted to charge Staff Therapist 1, and Staff Therapist 2, with violations of the Act stemming from the February 12 and August 28, 2007, complaints.

The Board subpoenaed records of Patient A and Patient B from the Respondent, which were independently reviewed by a physical therapist retained by the Board for this purpose.

7. Subsequent to being notified of the Board's investigation, the Respondent voluntarily took the following corrective actions: 1) completed the Maryland law and ethics course and a course in reimbursement and coding; and 2) retained a consultant to address deficiencies in his practice.

8. The Board's investigative findings are set forth *infra*.

#### **Patient A**

9. Patient A, a male born in 1955, presented to Life Fitness on or about December 13, 2006, with a referral from a physician for physical therapy consultation with respect to his initial diagnosis of cervical and lumbar sprain/strain, and lateral epicondylitis that resulted from a job-related motor vehicle accident. The physician also prescribed Dexamethasone<sup>3</sup> for iontophoresis<sup>4</sup> treatment of Patient A's elbow.

10. The Respondent performed an initial evaluation of Patient A on or about December 13, 2006. The Respondent failed to adequately perform and document the adequate performance of an initial evaluation in that the treatment goals and plan of care for Patient A were pre-written statements that were not unique or specific for Patient A.

11. The Respondent's daily treatment notes concerning Patient A were inadequate in that they were devoid of any details as to the daily encounter, response and progression of treatment involving Patient A, and were essentially billing records

with check-offs of CPT codes.<sup>5</sup> The Respondent on numerous occasions failed to note any subjective responses from Patient A to previous treatments.<sup>6</sup> The Respondent's checking off of CPT codes failed to provide details as to the modalities or procedures performed, as well as the parameters involved and areas of body treated. Finally, the Respondent failed to note in the daily treatment notes Patient A's objective functional status and failed to provide sufficient details as to Patient A's response to current treatment.

12. Although admitting to the Board Investigator during an interview that Patient A was his responsibility, the Respondent failed to reevaluate Patient A at least every 30 days. Subsequent to the initial evaluation on December 13, 2006, the Respondent reevaluated Patient A on January 15, 2007, February 5, 2007, and April 18, 2007. The Respondent failed to reevaluate Patient A within 30 days after his reevaluation on February 5, 2007 and failed to document any rationale for not performing the reevaluation within the time period.

13. The reevaluations themselves were inadequate in that they failed to identify the progress made by Patient A, or lack thereof. The Respondent failed to address any changes from previous objective findings involving Patient A and failed to note whether or not Patient A met the goals previously established.

14. The Respondent's last treatment notes for Patient A were dated May 9, 2007. The Respondent did not write a separate discharge summary, and his treatment

<sup>6</sup> The Respondent failed to note subjective response from Patient A on: 12/15/06, 12/21/06, 1/3/07, 1/4/07, 1/5/07, 1/8/07, 1/11/07, 1/12/07, 1/15/07, 1/16/07, 1/17/07, 1/18/07, 1/19/07, 1/22/07, 1/26/07, 1/29/07, 1/30/07, 1/31/07, 2/1/07, 2/2/07, 2/5/07, 2/6/07, 2/7/07, 2/9/07, 2/23/07, 2/27/07, 2/28/07, 3/1/07, 3/12/07, 3/13/07, 3/15/07, 3/19/07, 3/22/07, 4/2/07, 4/16/07, 4/27/07, and 5/2/07.

notes for that date failed to provide a reason for the discharge, as well as Patient A's objective functional state and any recommendation for follow-up.

15. During the investigation, the Board discovered that the Respondent, as well as his two staff physical therapists, administered the prescription drug, Dexamethasone, through the use of iontophoresis treatment to patients, including Patient A, by drawing the medication indiscriminately from a bulk source stored at the facility. The bulk source was a commingling of the same medications without labels from different patients who kept their prescribed medication at the facility. During an interview conducted by the Board Investigator on September 18, 2007, the Respondent admitted to the practice described above, but responded that the medications were administered only to patients who were prescribed such medication.

16. Furthermore, the Respondent failed to document in the daily treatment notes that Patient A received iontophoresis treatments during his visits.

17. The Respondent's actions, including but not limited to, failure to appropriately store, administer, and document the administering of patients' prescription drug, constitute, in whole or in part, failure to meet accepted standards in delivering physical therapy care, in violation of H.O. § 13-316(25); and/or violation of regulations adopted by the Board, in violation of H.O. § 13-316(15); specifically, failure to exercise sound professional judgment in the use of evaluations and treatment procedures, in violation of the Board's Standard of Practice, Code Md. Regs. tit. 10, § 38.03.02A(2)(a), and/or failure to meet the requirements for documentation, in violation of Code Md. Regs. tit. 10, § 38.03.02-1.

18. The Respondent's actions, including but not limited to: failure to adequately perform and/or adequately document the performance of initial evaluation, daily treatments and reevaluations; and failure to adequately develop and adequately document the development of a plan of care, constitute, in whole or in part, failure to meet accepted standards in delivering physical therapy care, in violation of H.O. § 13-316(25); and/or violation of regulations adopted by the Board, in violation of H.O. § 13-316(15); specifically, failure to exercise sound professional judgment in the use of evaluations and treatment procedures, in violation of the Board's Standard of Practice, Code Md. Regs. tit. 10, § 38.03.02A(2)(a); failure to evaluate the patient and develop a plan of care before the patient is treated, in violation of Code Md. Regs. tit. 10, § 38.03.02A(2)(e); and/or failure to meet the requirements for documentation, in violation of Code Md. Regs. tit. 10, § 38.03.02-1.

19. The Respondent's actions, including but not limited to, failure to reevaluate Patient A at least every 30 days, constitute, in whole or in part, failure to meet accepted standards in delivering physical therapy care, in violation of H.O. § 13-316(25); and/or violation of regulations adopted by the Board, in violation of H.O. § 13-316(15); specifically, failure to reevaluate the patient as the patient's condition requires, but at least every 30 days, unless the physical therapist, consistent with accepted standards of physical therapy care, documents in the treatment record an appropriate rationale for not reevaluating the patient, in violation of Code Md. Regs. tit. 10, § 38.03.02A(2)(g).

20. The Respondent's actions, including but not limited to, failure to adequately document the discharge of Patient A, constitute, in whole or in part, failure to

meet accepted standards in delivering physical therapy care, in violation of H.O. § 13-316(25); and/or violation of regulations adopted by the Board, in violation of H.O. § 13-316(15); specifically, failure to meet the requirements for documentation, in violation of Code Md. Regs. tit. 10, § 38.03.02-1.

#### **Patient B**

21. Patient B, a female born in 1944, presented to Life Fitness on or about May 21, 2007, status post cervical fusion C2-C3 and C5-C6 after a work related injury on March 1, 2007 that resulted in a cervical vertebral fracture.

22. Staff Therapist 1 did the initial evaluation and was primarily responsible for the care and treatment of Patient B. On one occasion, however, he delegated the treatment and care of Patient B to the Respondent.

23. The Respondent treated Patient B on August 2, 2007.

24. The Respondent's daily treatment notes for Patient B on August 2, 2007, consisted of 3 documents: 1) CPT codes; 2) SOAP notes; and 3) treatment flow sheet.

25. The Respondent's checking off of CPT codes failed to provide sufficient details as to the modalities or procedures performed, as well as the parameters involved and areas of body treated. Furthermore, the Respondent failed to note in the daily treatment notes Patient B's objective functional status and failed to provide sufficient details as to Patient B's response to current treatment.

26. The Respondent's actions, including but not limited to, failure to adequately perform and/or adequately document the performance of daily treatment, constitute, in whole or in part, failure to meet accepted standards in delivering physical

therapy care, in violation of H.O. § 13-316(25); and/or violation of regulations adopted by the Board, in violation of H.O. § 13-316(15); specifically, failure to exercise sound professional judgment in the use of evaluations and treatment procedures, in violation of the Board's Standard of Practice, Code Md. Regs. tit. 10, § 38.03.02A(2)(a); and/or failure to meet the requirements for documentation, in violation of Code Md. Regs. tit. 10, § 38.03.02-1.
