When signing the card do not pre-sign it. You MUST sign the card in the presence of the individual taking the prints.

#### **Fingerprint Results:**

Any fingerprint result received by the Board is secured under lock and key. If any fingerprint result contains negative information it will be reviewed by a Board investigator. The investigator will contact you requesting additional information. If you feel the information in the background check is inaccurate you will have the opportunity to challenge the information. If you wish to have the official records of the FBI changed you may do so by following the guidelines established by the FBI. The guidelines can be found under 28 CFR 16.34 or <https://www.fbi.gov/services/cjis/identity-history-summary-check>
