

Board of Social Work EXAMINER

Board Member Spotlight!

Shannon Webb, LBSW, CDP

My name is Shannon R. Webb and I have served as the LBSW Board Member since 2024. I have a bachelor's degree in social work and psychology from UMBC and a master's in Applied Gerontology from Towson University. I am licensed at the bachelor's level as a LBSW with Independent Practice Status and I am a CDP, Certified Dementia Practitioner through the NCCDP, National Council of Certified Dementia Practitioners.

I currently work as the Manager of Resident Services for a CCRC in the Independent Living community. Prior to working at a CCRC, I worked at nursing homes as a Skilled Rehab Social Worker and a Chronic Hospital unit as a discharge planner. At the LBSW level I have worked as a Social Worker helping seniors during times of crisis by helping with discharge planning back to home or a higher level of care; navigating resources in the community to help them be successful, providing education on advance directives and facilitating family meetings.

I feel that obtaining my LBSW license helped set me apart from others in my work environment through the years by showing my employers that I am competent and accountable to follow the code of ethics. Most of my positions required that I was licensed and had supervision prior to obtaining independent status. A professional license assures the consumers that our services meet the requirements of our profession by demonstrating the knowledge, skills and abilities to perform social work services and if our services do not meet the requirements, customers have a mechanism to file a complaint against that license.

Disability, Equity, and Accountability in Social Work Licensing

At the June 13 Open Session meeting, Marette Monson, LCSW, MBA, did a presentation on "Disability Equity and Accountability in Social Work Licensing." She is a clinical social worker in Utah and has a disability. She shared her story and her perspective on accommodations and addressing barriers to licensure. As Social Workers, we know that it is important to look at all sides of the issues. It was honor to hear her perspective, and we thank her for her time.

Dear Colleagues,

After seven years as a Board Member with the Maryland Board of Social Work Examiners (BSWE), including the last two years as Chair, I am grateful to hand over the gavel to Kevin Meenan. It has been a remarkable journey, and I am confident that he will continue to lead the Board with great success. I am extremely grateful for this experience and feel very fortunate to have had the opportunity to contribute to the success of our profession in Maryland.

We've achieved significant milestones together - including the launch of this electronic newsletter; close collaboration with NASW Maryland around changes to CEU sponsorship regulations; preserving the MD licensure process; eliminating the licensing application backlog; rebuilding our Board infrastructure after Covid-19; and becoming the 25th State to join the National Social Work Licensure Interstate Compact!

Thank you,
