**ORDER**

On October 22, 2019 the Maryland Board of Social Work Examiners (the "Board") charged Shelly Yost (the "Respondent") in disciplinary case 16-2224.

The Respondent and Board entered into a Consent Order of Reprimand effective February 11, 2020. The Respondent was required to pay a monetary fine of \$1,000 within ninety (90) day of the effective date and was barred from serving as a Board approved supervisor for five (5) years from the effective date.

On January 9, 2026 the Board met in its quasi-judicial capacity to review the Respondent's case. The Board found that the Respondent had met the conditions of the original February 2020 Consent Order. Therefore it is hereby:

**ORDERED** that any restrictions imposed upon the Respondent's license to practice social work, License Number 14784, pursuant to the Consent Order in Case 16-2224 are hereby **LIFTED AND TERMINATED**; and it is further

**ORDERED** that this is a Final Decision and Order of the Maryland State Board of Social Work Examiners and as such is a PUBLIC DOCUMENT pursuant to Maryland Code Annotated, General Provisions Article §4-101 et seq.
