Bureau of Environmental Health Cost Recovery Adjustments

Westminster, MD - (December 6, 2024) - The Carroll County Health Department Bureau of Environmental Health would like to notify customers regarding an increase in fees for services. On October 31, 2024, the Carroll County Board of Commissioners, acting as the Board of Health, approved these cost recovery adjustments, which will increase the fees for certain services and charge fees for services that do not currently have a fee.

The Health Department is working to create a streamlined process for accepting online applications and payments, as well as developing a GIS mapping system to assist our customers with permitting processes.

The new fee schedule is set to begin on January 1, 2025. For more information, please visit the Carroll County Health Department website at
