

Carroll County Parent & Child Flu Vaccination Resource Sheet 2025

- Getting a flu vaccine every year is the best way to protect yourself and your family from illness, missed work and school, and serious health problems related to the flu.
- The CDC recommends flu vaccination **for everyone 6 months and up**, except for people who have severe allergies to the flu vaccine or its ingredients. People with an egg allergy can get the flu vaccine.
- Vaccination is really important for people at higher risk of getting very sick from the flu, including very young children, people who are over 65 pregnant women, or those who have chronic health conditions like asthma or diabetes.
- Flu vaccines are usually given as a shot. FluMist nasal spray vaccine may be an option for people aged 2 - 49. You do not need a prescription. FluMist cannot be given to people with certain health conditions. Talk to your child's doctor. It is available at some pharmacies or you can order it online to use at home.
- If you are pregnant during flu season, you may also need the RSV vaccine to protect your child after they are born. CDC recommends a single dose of RSV vaccine for all adults ages 75 and older and adults ages 50–74 at increased risk of severe RSV.
- Have questions about what's right for you or your child? Talk to your provider or pharmacist or visit our website at health.maryland.gov/carroll for more information.

Where to Get a Flu Shot

Provider's Office: Ask your healthcare provider about getting the flu vaccine and which type is best for you. Most offices have it available for their patients. Ask if your insurance will cover the cost and if there is a co-pay.

Local pharmacies and clinics: In Maryland, adults and children 3 years and older can get flu shots at a pharmacy. See the other side of this sheet for local options.

If you do not have insurance: Contact Access Carroll at 410-871-1478.

Health Department flu shot clinics for children 6 months through 18 years: Appointments are required. Visit health.maryland.gov/carroll to make an appointment. If you have questions or need help making an appointment, call 410-876-4442 (for Spanish, call 410-876-4990).

We will collect insurance to cover a vaccine administration fee. There may be a small fee on a sliding scale if your child does not have insurance or Medical Assistance. **No one will be turned away if they cannot pay.**

- **Thurs. October 2nd, 4 pm - 6 pm** – Taneytown Elementary School
100 Kinds Dr, Taneytown, MD 21787

Health Department**

Public Health
Prevent. Promote. Protect.

2025-2026 Respiratory Vaccine Availability at Carroll County Area Pharmacies and Clinics

For questions about the flu vaccine and any other vaccine: Talk to your provider or pharmacist or visit health.maryland.gov/carroll for more information.

Call ahead and ask: Is the flu vaccine in stock? What types do you offer? What ages can you vaccinate? Do you accept my insurance? Can you bill my insurance? What are your pharmacy/clinic hours?

All locations below carry the traditional flu vaccine.
