Deputy Secretary’s Update

- The DDA is working with our national association, consultants, Medicaid, and the Maryland Department of Health (MDH) budget team on federal Medicaid emergency authority options related to new service options, rates, and exceptions to current service requirements, limits, and staff qualification requirements.
- We want to be diligent in considering all options so that a comprehensive proposal can be submitted to the federal government.
- The Center for Medicare and Medicaid Services (CMS) has advised that approval of request will be retroactive.

Fiscal, Operations and Programs

• The DDA is closely monitoring the fourth quarterly payment to ensure on-time payments. Right now, payments are on schedule and providers should receive the payment by April 3rd

• The DDA is exploring funding options through the Centers of Medicaid Medicare (CMS) for payment during the closure of day programs and other meaningful day programs, and the need for additional coverage in residential programs
Examples include “retainer payments” for both day and residential providers.

- The use of family members, legal guardians, and spouses for staff; and exceeding service limits.

- We know the high demand for Direct Support Professionals and will be flexible in your onboarding efforts.
Fiscal, Operations and Programs

continued

• We have requested recommendations from advocacy organizations for staff qualification exceptions while still protecting participants and ensuring their health and safety.

• We are aware that staffing needs of provider has increased to meet the demands of social distancing and day programming closures. To assist in this matter, the DDA is partnering with the Maryland Department of Disability and the Maryland Department of Labor to connect Marylanders currently out of work or school due to COVID-19 with provider agencies in need of staff.
Communication and Resources

• Together we will continue to provide the best care and support for people with intellectual and developmental disabilities, their families and direct support professionals

• I will conduct daily and/or weekly updates to ensure the Provider Community receives the most up-to-date information

• We have established a dedicated email where you can share questions - dda.toolkitinfo@maryland.gov
Communication and Resources

There are many ways you can get the information you may need based on your preference -- you can contact family members, CCS, Provider Agency, Support Broker (if self-directing) and your Regional DDA Office or email the DDA directly at dda.toolkitinfo@maryland.gov
