

DDA Providers Interested in Providing Self-Directed Services

The Developmental Disabilities Administration (DDA) is committed to expanding opportunities for participants and families to access services through the Self-Directed Services delivery model. To support individuals and families who are interested in self-direction, DDA has compiled a list of provider agencies that have expressed interest in providing services to participants who self-direct.

This directory is organized into four regional lists, corresponding to DDA's four regional offices: Central Maryland Regional Office (CMRO), Eastern Shore Regional Office (ESRO), Southern Maryland Regional Office (SMRO), and Western Maryland Regional Office (WMRO).

Within each regional list, providers are organized by the counties they serve, making it easier for individuals and families to locate providers serving their local community. The listing also includes the types of services each provider offers, along with their contact information. Please note that providers marked with an asterisk (*) serve multiple counties within their region.

Please note that inclusion in this directory does not guarantee provider availability, capacity, or enrollment. Individuals and families are encouraged to contact providers directly to learn more about the services they offer and to discuss their current ability to serve participants. Your Coordinator of Community Services, Support Broker, and team can also help you explore self-directed service options and identify providers that may best meet your needs and preferences.

If you have additional questions, please reach out to your [DDA Regional Office](#).

To learn more about the providers serving your community, click on the region where you live below.

Central

Anne Arundel, Baltimore,
Harford, Howard, Baltimore City

Eastern

Caroline, Cecil, Dorchester, Kent,
Queen Anne, Somerset, Talbot,
