2025 DENTAL BOARD APPOINTMENTS

Greetings Maryland Dentists:

As you are aware, you recently received notice from the Dental Board that it was conducting a balloting process for a dentist vacancy on the Board. Unfortunately, the Board just received notice of the resignation of a Board member. As a result of the resignation there will be two dentist positions available. At the present time the Board has a single candidate for the two positions. Therefore, the Board encourages you to please reconsider becoming a dentist Board member. As a Board member you will take an active part in the licensing and disciplinary processes and help to formulate the future of the practice of dentistry and dental hygiene in Maryland.

If you are interested, please visit the Board's website at www.health.maryland.gov/dental. Select "2025 Board Election". Then Dentist, the Nomination Petition Form for Dentists – 2025 Appointments – Extension will be listed.

As provided in the form, please submit the form to the Dental Board so that it is received by the Board no later than **December 5, 2024**.

If you have any questions, please contact Ms. Sandra Sage, Computer Information Services Supervisor, at 410-402-8536.

Your interest in serving on the Board is greatly appreciated.
