DENTIST – JURISPRUDENCE EXAMINATION – 2021

The successful completion of this examination fulfills the Jurisprudence requirements for the Maryland State Board of Dental Examiners for Dentists. Each question has one correct answer. Circle the letter next to the correct answer. This examination is open book.

1. It is the responsibility of the licensee to notify the Maryland State Board of Dental Examiners within 60 days of any change of office address.
   a. True          b. False

2. In Maryland it is a violation of the dental law to hold oneself out to the public as a specialist in:
   a. Implantology   d. All of the above
   b. Cosmetic dentistry   e. Answers a. and b. only
   c. TMJ therapy

3. An advertisement by a dentist must include:
   a. The fee for the service advertised
   b. The name of a licensed dentist providing the dental services being advertised
   c. The license number of the dentist providing the dental services being advertised
   d. The telephone number of a licensed dentist providing the dental services being advertised
   e. All of the above
4. Allowing an individual who does not have a dental license or a dental hygiene license to scale and/or polish teeth may cause the dentist:

a. To be charged by the Board with unprofessional conduct and criminally charged with a misdemeanor

b. To be charged by the Board with unprofessional conduct and criminally charged with a felony

c. None of the above

5. You wish to hire an individual to take and expose radiographs in your dental office. The individual is not licensed or certified in another state to take and expose radiographs. For the individual to receive certification in Maryland to take and expose radiographs the individual must:

a. Provide to the Board a sworn statement by a Maryland licensed dentist that the individual is competent to place and expose dental radiographs

b. Satisfactorily complete the Board approved educational requirements established by the Maryland State Dental Association or the Maryland Dental Society

c. Pass an examination administered or approved by the Board for qualifying to place and expose radiographs

d. Answers b. and c. only

6. Which of the following conditions must be met for a dental hygienist to perform dental hygiene procedures in a private dental office without a dentist on the premises?

a. Treatments authorized by the supervising dentist to be provided by the dental hygienist are rendered no later than 7 months from the date the patient was examined and evaluated by the supervising dentist.

b. A supervising dentist may not employ more than 2 dental hygienists to work under the dentist’s general supervision at any given time

c. Written emergency procedures are in place and the dental hygienist is trained to implement the emergency procedures

d. In any 3-month period the number of hours a dental hygienist works without a licensed dentist on the premises must be less than 60 percent of the dental hygienist’s total hours

e. All of the above
7. There are certain continuing education requirements for each two-year license renewal cycle for dentist to be licensed in the state of Maryland. Which of the following statements is false?

   a. Cardiopulmonary resuscitation certification must be continuously maintained and must not expire
   b. Of the required 30 hours, 2 hours must be in infection control. The two hours of infection control count toward the 30 hours
   c. Each licensee must complete a Board-approved course on abuse and neglect as it relates to Maryland law for each four-year cycle
   d. Up to 20 hours of continuing education credit may be earned by self-study activities

8. In order to renew a dental or dental hygiene license in 2005 or thereafter, a dentist or dental hygienist must:

   a. Complete not less than 30 full hours of clinical continuing education including 2 hours of infection control
   b. Maintain cardiopulmonary resuscitation certification
   c. Provide and document at least 10 hours of pro bono dental services at a facility licensed by either the Maryland Department of Health and Mental Hygiene, or a federally qualified community health care program that provides dental care to the poor, elderly or handicapped
   d. All of the above
   e. Answers a. and b. only

9. Records to document continuing education credits are:

   a. Forwarded to the Board as credits are earned by the licensee
   b. Maintained by the Secretary/Treasurer of the Board
   c. Maintained by the licensee for five (5) years and made available to the Board upon request
   d. Answers a. and b. only

10. You have a patient that is dissatisfied with your services. The patient requests that a copy of their dental records be sent to them. The patient has an undisputed balance due to you of $100.00.

     a. You may withhold providing a copy of the records until the patient pays the balance due
     b. You may withhold providing a copy of the records until the appropriate copying fee is paid
     c. If the records are to be mailed, you may charge the patient for the actual cost for postage and handling
     d. You may not withhold providing a copy of the records for any reason
     e. Answers b. and c. only
11. An individual who owns, operates, or manages a dental practice is engaged in “the practice of dentistry” whether he/she actually treats patients.
   a. True  b. False

12. Which of the following statement(s) are true for the practice of dentistry in a private dental office:
   a. A dentist who administers general anesthesia must have a general anesthesia administration permit issued by the Board
   b. A dentist who administers general anesthesia must do so only in a facility that has been issued a general anesthesia facility permit
   c. A dentist who has a general anesthesia administration permit may administer parenteral sedation
   d. A dentist who has a parenteral sedation administration permit may administer general anesthesia if a dentist with a general anesthesia administration permit is on-site
   e. All of the above
   f. Answers a. and c. only

13. Dental hygienists in Maryland may perform dental hygiene services under general supervision in a private dental office with the permission of a supervising dentist if:
   a. The dental hygienist has at least 1,200 hours of dental hygiene clinical practice in direct patient care
   b. Treatments authorized by a supervising dentist to be provided by the dental hygienist are rendered no later than 6 months from the date the patient was examined and evaluated by the supervising dentist
   c. There is a written agreement between the supervising dentist and the dental hygienist that clearly sets forth the terms and conditions under which the dental hygienist may practice, including a statement that the dental hygienist may provide dental hygiene services without the supervising dentist on the premises
   d. The number of unsupervised clinical hours worked by a supervised dental hygienist in any given 3-month period is less than 50 percent of the dental hygienist’s total hours worked during that 3-month period
   e. All of the above

14. Sexual misconduct of either a verbal or physical nature includes but is not limited to:
   a. Requesting sexual favors of a patient
