(4) “Sanction” means a disciplinary action reprimanding, restricting, suspending or revoking a licensee.

.03 Imposition of a Penalty.
A. After a hearing under Health Occupations Article, §5-312, Annotated Code of Maryland, and COMAR 10.56.04, and subject to the guidelines set forth in Regulation .05 of this chapter, the Board may discipline a licensee or impose an administrative monetary penalty of $5,000 or less on a licensee who is found to have committed a violation of Health Occupations Article, Title 5, Annotated Code of Maryland, and this subtitle.
B. (text unchanged)

.04 Mitigating and Aggravating Factors to be Considered in the Assessment of a Sanction or Penalty.
Depending on the facts and circumstances of each case, and to the extent that they apply, the Board may consider the following aggravating and mitigating factors in determining whether the sanction in a particular case should fall outside the range of sanctions established by the guidelines. These factors may include, but are not limited to, the following:

A. Mitigating factors:
(1) The licensee’s lack of a prior disciplinary record;
(2) The licensee self-reported the violation to the board;
(3) The licensee’s full and voluntary admissions of misconduct to the board and cooperation during board proceedings;
(4) The licensee implemented remedial measures to correct or mitigate harm arising from the misconduct;
(5) The licensee made timely good-faith effort to make restitution or to rectify the consequences of the misconduct;
(6) Evidence of rehabilitation or rehabilitative potential;
(7) Absence of premeditation to commit the misconduct;
(8) Absence of potential harm to public or adverse impact;
(9) The licensee’s conduct was an isolated incident and not likely to recur; and
(10) The licensee’s prior community service and present value to the community; and

B. Aggravating factors:
(1) The licensee has a previous criminal or administrative disciplinary history;
(2) The violation was committed deliberately or with gross negligence or recklessness;
(3) The violation had the potential for, or caused, serious patient harm;
(4) The violation was part of a pattern of detrimental conduct;
(5) The licensee was motivated to perform the violation by his or her financial gain;
(6) The vulnerability of the patient or patients;
(7) The licensee attempted to hide error or misconduct from patients or others;
(8) The licensee concealed, falsified or destroyed evidence or presented false testimony or evidence;
(9) The licensee failed to cooperate with the investigation;
(10) Previous attempts at rehabilitation of the licensee were unsuccessful; and
(11) The licensee committed the violation under the guise of treatment.

C. The existence of one or more of these factors does not impose on the Board or an administrative law judge any requirement to articulate its reasoning for not exercising its discretion to impose a sanction outside of the range of sanctions set forth
in this subtitle.
D. Nothing in this regulation requires the Board or an administrative law judge to make findings of fact with respect to any of these factors.
