

Maryland & Credentia

**Friday August 7th 2026
Weekly Meeting**

Agenda

JTA – SME Item Writing Opportunity

As we move into the next phase of the Nurse Aide Job Task Analysis (JTA), Credentia will begin developing examination items based on the knowledge and skills identified through the JTA. We are inviting you to recommend qualified Subject Matter Experts (SMEs) with current nurse aide practice, education, or clinical experience who may be interested in participating in the item-writing process. If Maryland has individuals you would like to recommend, we welcome your nominations and would be happy to provide additional information about the process and expectations.
