Maryland Board of Nursing

Nursing Assistant Training Program/Acute Care Nursing Assistant Training Program Laboratory Equipment and Supply List

The Code of Maryland Regulations (COMAR), more specifically, *COMAR 10.39.02.05C(2)(b) Laboratory Equipment*, requires that:

“the Board shall maintain on its website a list of the specific equipment required for laboratory facilities.”

Training programs must ensure that equipment and supplies are in functional condition and sufficient in number for each enrolled student to practice required skills. The following equipment and supplies are required unless otherwise noted.

Place a mark adjacent to each item to signify that the equipment is available for use.

- *Note: Equipment and supplies are listed once, even if used for multiple skills.*
