

Wes Moore, Governor · Aruna Miller, Lt. Governor · Meena Seshamani, M.D., Ph.D., Secretary

CLOSURE NOTICE

Maryland Board of Nursing Temporary Closure for Updated Licensure System Launch

The [Maryland Board of Nursing](#), located at 4140 Patterson Avenue in Baltimore, will be closed from 4:30 p.m. on Wednesday, June 17, through 8:30 a.m. on Monday, June 22 to facilitate the transition to the Centralized Health Accreditation and Registration Tool (CHART). The Board will return to standard business hours at 8:30 a.m. on Monday, June 22.

CHART is the new online licensure system designed to support Maryland's expanding and evolving healthcare workforce. System users will enjoy a more efficient, streamlined, and transparent experience that aligns with modern standards for Maryland State Government services.

This transition is part of a larger system-wide change that will be taking place over the next year across interested Health Occupation boards.

During the four-day closure, all Board services—including in-person and virtual options—will be unavailable as system updates are completed. Users will not be able to access license lookups, online applications, payment processing, or other virtual services during this period.

To avoid potential processing interruptions, applicants are advised to finalize online applications and payments before the closure begins.
