GENERAL WRITTEN CARE PLAN FOR DIRECT-ENTRY MIDWIVES

Plan for transfer and transport of a client, newborn, or both:

The midwife agrees to the following:

Each individual client will have a transfer plan that will specify the closest hospital for use in an emergency transfer, as well as the preferred hospital for transfer in a non-emergent transfer. If the client has a preferred hospital provider for use in case of a non-emergent transfer, this will also be specified in the plan.

The midwife agrees to take the following steps in an emergency transfer of the client and/or newborn:

- 1. Call 911.
- 2. Arrange for transport of the client/newborn to the closest hospital.
- 3. Call the receiving health care provider and inform them of the incoming transport.
- 4. Accompany the client to the hospital.
- 5. Complete the standard transfer form that is given to the receiving provider.
- 6. On arrival at the hospital, provide the complete medical record for the client.
- 7. Provide a verbal report to the receiving provider about the care provided so far.

The midwife agrees to take the following steps in a non-emergency transfer of the client and/or newborn. A non-emergency transfer is one in which the client is stable and no immediate care is needed:

- 1. Select a preferred hospital for transfer based on client preference.
- 2. Call the receiving health care provider and inform them of the incoming transport.
- 3. Transport the client by private vehicle if it is safe to do so, or by ambulance if necessary.
- 4. Accompany the client to the hospital.
- 5. Complete the standard transfer form that is given to the receiving provider.
- 6. On arrival at the hospital, provide the complete medical record for the client.
- 7. Provide a verbal report to the receiving provider about the care provided so far.
