Presentation to celebrate dental grant for Choptank

Published: Wednesday, August 11, 2010 4:28 AM CDT

DENTON The Maryland Community Health Resources Commission (CHRC) will join a number of state and local leaders on Thursday, Aug. 12 to announce a dental grant to Choptank Community Health System.

The two-year dental grant will enable Choptank to provide dental services to an estimated 3,500 residents of the Upper Shore, particularly in Kent County where a new dental facility will be located.

This is the third grant Choptank has received from the Maryland CHRC over the last three years. Among those expected to attend are Doug Wilson, Commissioner, Maryland Community Health Resources Commission; Dr. Harry Goodman, Director, Office of Oral Health, Maryland Department of Health & Mental Hygiene; Leland D. Spencer, MD, MPH, Health Officer, Kent County; and state delegates Addie Eckardt, R-37B-Dorchester; Jeannie Haddaway-Riccio, R-37B-Talbot; and Richard Sossi, R-36-Queen Anne's.

The ceremony will take place at 11 a.m. at Choptank's new J. Wayne Howard Administrative Building at 301 Randolph Road in Denton.

The dental award to Choptank is one of 14 grants issued this year by the Maryland Community Health Resources Commission, and these 14 grants are projected to serve more than 76,000 low-income and uninsured Marylanders.

In addition to these 14 grants, the CHRC has awarded 64 grants over the last four years, totaling \$20.5 million, and these grants have provided health care to more than 55,000 Marylanders.

Over the coming weeks and months, the CHRC will be working with DHMH and local health officers to help Maryland safety net providers, organizations like Choptank Community Health System, implement health reform.
