 Community Clinic Inc., an organization that provides primary care services and services for homeless, disabled persons and Prince George's counties, received almost \$2 million in grants Monday morning at its Takoma Park clinic.

In a ceremony attended by Lt. Governor Anthony G. Brown, U.S. Senator Benjamin Cardin and Montgomery County Executive Roy McNeil, the community clinic received a \$280,000 grant provided by the Maryland Community Resources Commission and an additional \$1,585,000 grant from the U.S. Department of Health and Human Services.

"These funds will help enhance and expand care at Community Clinic for the thousands of vulnerable Montgomery and Prince George's County residents who lack access to life saving primary care anywhere else," Brown said.
