

Target Audience

The target audience may include but is not limited to registered nurses, licensed practical nurses, CNA-DTs, social workers, and dietitians. The target audience may also include other healthcare providers who would increase their knowledge and/or improve their skills by attending this seminar. This program provides 7.5 CE's.

Program Goals

1. To present current clinical practices and new findings to enhance professional knowledge.
2. To provide an opportunity for professionals to interact with colleagues and share ideas.
