

Getting Ready for the Maryland Primary Care Program: Planned Care for Health Outcomes

Program Update

Program Management Office

Executive Director

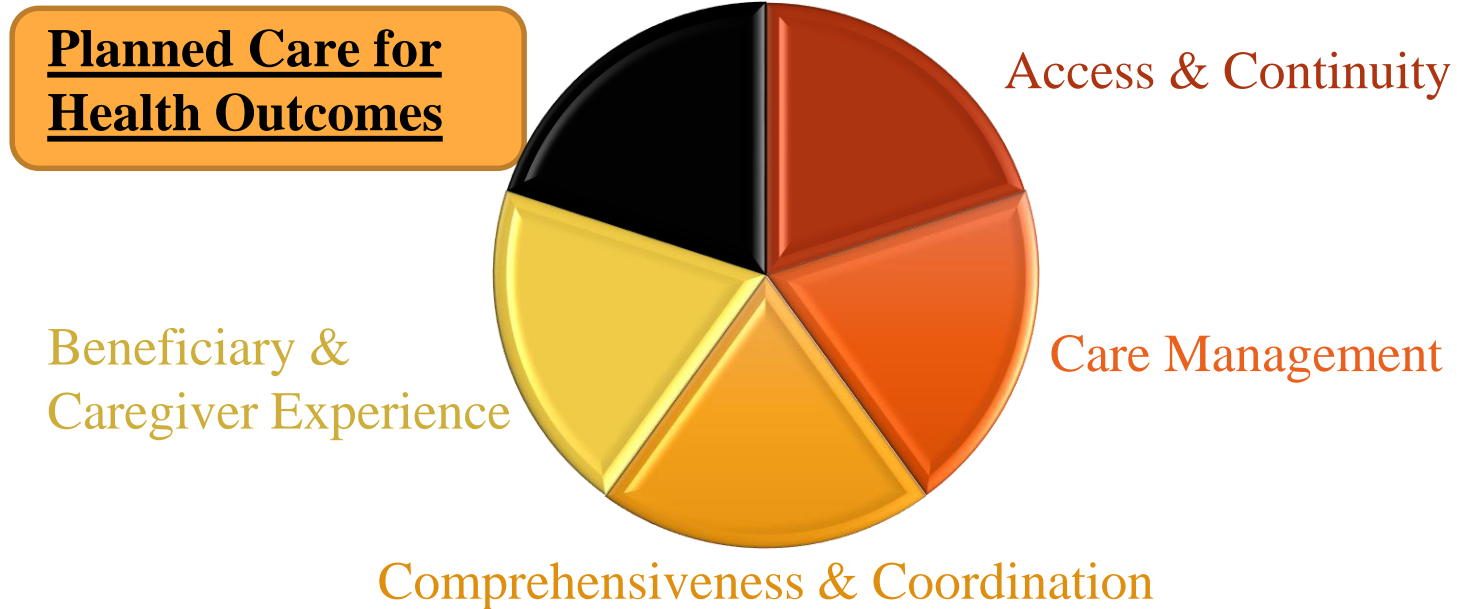

Howard Haft, MD, MMM, CPE, FACPE

MARYLAND
Department of Health

Requirements: Primary Care Functions

Five advanced primary care functions:

Planned Care for Health Outcomes

- Planned care and population health focuses on organizing care delivery to meet the needs of the entire population
- Americans receive only half of their needed preventive and chronic disease services
- Team-based approach can provide proactive and timely access to appropriate preventive care, evidence-based management of chronic conditions, and improve patients' experience of care

Team Based Care

- Organized team structure
- Link/empanel each patient to a practitioner and/or care team.
- Define roles and responsibilities, making sure that each care team member is using his or her highest skills and abilities.
- Reserve workspace and time to facilitate team interaction.
- Collaborative team functions: Establish huddles, protocols, and standing orders to create workflows to improve efficiencies in care.
- Team culture that centers on quality improvement
- Discuss routinely your practice data with your team to inform improvements in clinical quality, utilization, and patient experience of care.

Using Data for Quality Improvement

- Plan- on process or outcome to be studied
- Do- Execute the study, run the data
- Study- the results
- Act- on the results and restudy

Remember the “Why”

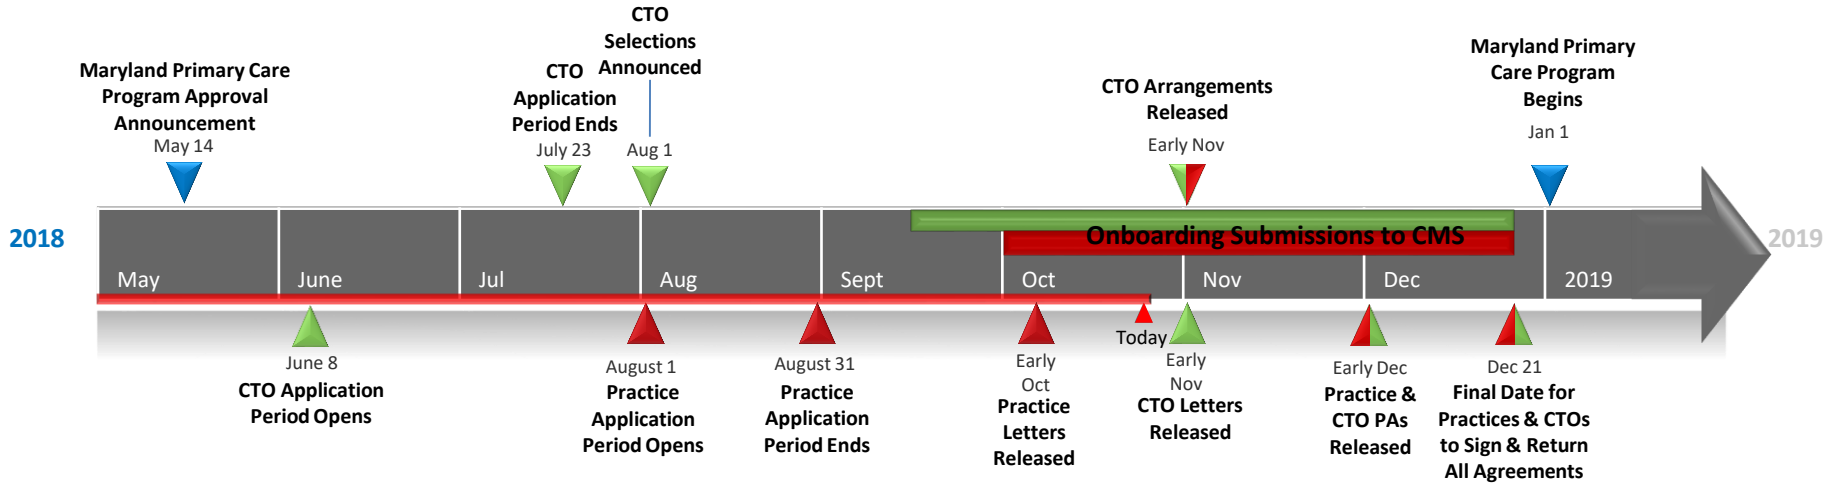

- Strengthen Primary Care in Maryland
- **Provide the best quality health for all Marylanders**
- **Shift from an ever increasing volume demand to rewards for value based care**
- **Avoid unnecessary emergency department and hospital visits**
- Show the nation that Maryland can be the leader in healthcare

“We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard, because that goal will serve to organize and measure the best of our energies and skills, because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win.”
