SECTION 3 – SCOPE OF WORK

3.1 Background and Purpose

The Maryland Primary Care Program (MDPCP) seeks to provide technical assistance for practices to implement social needs screenings for all patients and collect sufficient self-reported patient demographic data. This is in an effort to better understand the social needs faced by all Marylanders and close the gap between social needs and associated resources.

The primary goal of this project is to assist practices with the implementation of social needs screenings. This will allow primary care practices to be well-equipped to provide adequate screenings for all patients and follow up with a referral to address any unmet needs.

The secondary goal of this project is to determine best practices for gathering self-reported patient demographic information (i.e. race, ethnicity, language, gender identity, sexual orientation, etc.) and how to best assist practices with implementing these practices. This will allow primary care practices to gather adequate and accurate information on patient demographics for reporting purposes, data collection, and will lead to increasing the quality of care for patients.

MDPCP is a statewide advanced primary care program aiming to improve health outcomes and reduce costs through an enhanced primary care model. Over 500 primary care practices throughout Maryland participate in the MDPCP and the following Scope of Work will focus on technical assistance to primary care practices within the MDPCP network. 2. Any expenditure of Grant funds that is not consistent with purposes stated in paragraph 1 may, at the sole discretion of the Department, be disallowed. Should any expenditure be disallowed or should the Grantee violate any of the terms of this Agreement, the State may require repayment to the State Treasury, an offset from any State Grant to the Grantee in the current or succeeding fiscal year, or other appropriate action. The Grantee shall repay to the State any part of the Grant that is not used for the purposes stated in paragraph 1 within 3 months after the date of this Agreement.

3. The Grantee may not sell, lease, exchange, give away, or otherwise transfer or dispose of real or personal property, or any part of or interest in real or personal property, acquired with Grant funds without the prior written consent of the Department. This includes transfer or disposition to a successor on the merger, dissolution, or other termination of the existence of the Grantee. The Grantee shall give the Department written notice at least 30 calendar days before any proposed transfer or disposition. Any proceeds from a permitted transfer or disposition shall be applied to repay to the State a percentage of that portion of the Grant allocable to the particular real or personal property transferred or disposed of, unless the Department and the Grantee agree to other terms and conditions. The percentage shall be equal to the percentage of the unadjusted basis of the property that would remain if the property had been recovery property placed in service after December 31, 1980 and if all allowable deductions had been taken up to the time of disposition under the Accelerated Cost Recovery System (ACRS) specified in the United States Internal Revenue Code, Section 168(b)(1).

4. The insurance shall provide full protection for the Grantee and the State against loss, damage, or destruction of or to the real or personal property. The Grantee shall, on request, provide the Department with satisfactory evidence of its compliance with this requirement. Proceeds of insurance required by this paragraph shall be applied toward replacement of the real or personal property or toward the partial or total repayment of the State of the Grant, in the sole discretion of the Department.

5. The Grantee may not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, or any other characteristic forbidden as a basis for discrimination by applicable laws, and certifies that its Constitution or by-laws contains a non-discrimination clause consistent with the Governor’s Code of Fair practices.

6. The person executing this Agreement on behalf of the Grantee certifies, to the best of that person’s knowledge and belief, that:

A.) Neither the Grantee, nor any of its officers or directors, nor any employee of the Grantee involved in obtaining contracts with or grants from the State or any subdivision of the State, has engaged in collusion with respect to the Grantee’s application for the Grant or this Agreement or has been convicted of bribery, attempted bribery, or conspiracy to bribe under the laws of any state or of the United States;

B.) The Grantee has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Grantee, to solicit or secure the Grant or this Agreement, and the Grantee has not paid or agreed to pay any such entity any fee or other consideration contingent on the making of the Grant or this Agreement; the grantees understands and complies with the Conflicts of Interest provision of the Public Ethics Law, Maryland Code Annotated, General Provisions, Title 5, Subtitle 5.

D.) No money has been paid to or promised to be paid to any legislative agent, attorney, or lobbyist for any services rendered in securing the passage of legislation establishing or appropriating funds for the Grant.

7. Within 60 calendar days after the close of any grant period in which the Grantee receives funds under this Agreement, the Grantee shall provide to the Department an itemized statement of expenditures, showing how the funds were expended for that grant period. FEDERAL FUNDS

A Summary of Certain Federal Fund Requirements and Restrictions
[Details of particular laws, which may levy a penalty for noncompliance, are available from the Maryland Department of Health.]

1. Form and rule enclosed: 18 U.S.C. 1913 and section 1352 of P.L. 101-121 require that all prospective and present subgrantees (this includes all levels of funding) who receive more than $100,000 in federal funds must submit the form “Certification Against Lobbying”. It assures, generally, that recipients will not lobby federal entities with federal funds, and that, as is required, they will disclose other lobbying on form SF-LLL.

2. Form and instructions enclosed: “Form LLL, Disclosure of Lobbying Activities” must be submitted by those receiving more than $100,000 in federal funds, to disclose any lobbying of federal entities (a) with profits from federal contracts or (b) funded with nonfederal funds.

3. Form and summary of Act enclosed: Sub-recipients of federal funds on any level must complete a “Certification Regarding Environmental Tobacco Smoke,” required by Public Law 103-227, the Pro-Children Act of 1994. Such law prohibits smoking in any portion of any indoor facility owned or leased or contracted for regular provision of health, day care, early childhood development, and education or library services for children under the age of 18. Such language must be included in the conditions of award (they are included in the certification, which may be part of such conditions.) This does not apply to those solely receiving Medicaid or Medicare, or facilities where WIC coupons are redeemed.

4. In addition, federal law requires that:

a) OMB 2 CFR 200, Subpart F, Audit Requirements requires that grantees (both recipients and sub-recipients) which expend a total of $750,000 or more in federal assistance shall have a single or program-specific audit conducted for that year in accordance with the provisions of the Single Audit Act of 1984, P.L. 98-502, and the Single Audit Act Amendments of 1996, P.L. 104-156. and the Office of Management and Budget (OBM) 2 CFR 200, Subpart F.

b) All sub-recipients of federal funds comply with Sections 503 and 504 of the Rehabilitation Act of 1973, the conditions of which are summarized in item (C).

c) Recipients of $10,000 or more (on any level) must include in their contract language the requirements of Sections 503 (language specified) and 504 referenced in item (B).

Section 503 of the Rehabilitation Act of 1973, as amended, requires recipients to take affirmative action to employ and advance in employment qualified disabled people. An affirmative action program must be prepared and maintained by all contractors with 50 or more employees and one or more federal contracts of $50,000 or more.

This clause must appear in subcontracts of $10,000 or more:
i. The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

ii. The contractor agrees to comply with the rules, regulations, and relevant orders of the secretary of labor issued pursuant to the act.

iii. In the event of the contractor’s non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations and relevant orders of the secretary of labor issued pursuant to the act.

iv. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the director, provided by or through the contracting office. Such notices shall state the contractor’s obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.

v. The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.

vi. The contractor will include the provisions of this clause in every subcontract or purchase order of $10,000 or more unless exempted by rules, regulations, or orders of the [federal] secretary issued pursuant to section 503 of the Act, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 791 et seq.) prohibits discrimination on the basis of handicap in all federally assisted programs and activities. It requires the analysis and making of any changes needed in three general areas of operation—programs, activities, and facilities and employment. It states, among other things, that:

Grantees that provide health...services should undertake tasks such as ensuring emergency treatment for the hearing impaired and making certain that persons with impaired sensory or speaking skills are not denied effective notice with regard to benefits, services, and waivers of rights or consents to treatments.

D) All sub-recipients comply with Title VI of the Civil Rights Act of 1964 that they must not discriminate in participation by race, color, or national origin.

E) All sub-recipients of federal funds from SAMHSA (Substance Abuse and Mental Health Services Administration), NIH (National Institute of Health), CDC (Center for Disease Control and Prevention), and HHS (Health and Human Services) are prohibited from paying any direct salary at a rate of Executive Level
II or more than $189,600 per year. (This includes, but is not limited to, sub-recipients of the Substance Abuse Prevention and Treatment and the Community Mental Health Block Grants and NIH research grants, Public Health and Emergency Preparedness and Hospital Preparedness Program Cooperative Agreements.)

F) There may be no discrimination on the basis of age, according to the requirements of the Age Discrimination Act of 1975.

G) For any education program, as required by Title IX of the Education Amendments of 1972, there may be no discrimination on the basis of sex.

H) For research projects, a form for Protection of Human Subjects (Assurance/Certification/Declaration) should be completed by each level funded, assuring that either: (1) there are no human subjects involved, or that (2) an Institutional Review Board (IRB) has given its formal approval before human subjects are involved in research. [This is normally done during the application process rather than after the award is made, as with other assurances and certifications.]

I) In addition, there are conditions, requirements, and restrictions which apply only to specific sources of federal funding. These should be included in your grant/contract documents when applicable.
