

## About the Event:

The MDPCP Program Management Office (PMO) in collaboration with Medicalincs LLC is pleased to bring you an in-person, FREE MDPCP Advanced Primary Care Staff Training. This comprehensive, hands-on, interactive, one-day training program is designed to enhance your practice staff's expertise with the functions of Advanced Primary Care. We will discuss:

- Key areas of care coordination & population health management.
- Walk through a practical workflow & patient journey
- Insights on applications & tools

## Questions?
