

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

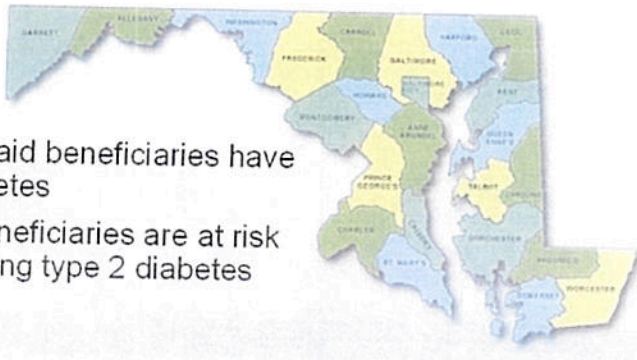

Medicaid and National Diabetes Prevention Program (DPP) Briefing

Maryland Medicaid Advisory Committee
February 27, 2017

Presented by:
Sandy Kick, Administrative Program Manager, Office of Planning

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Background

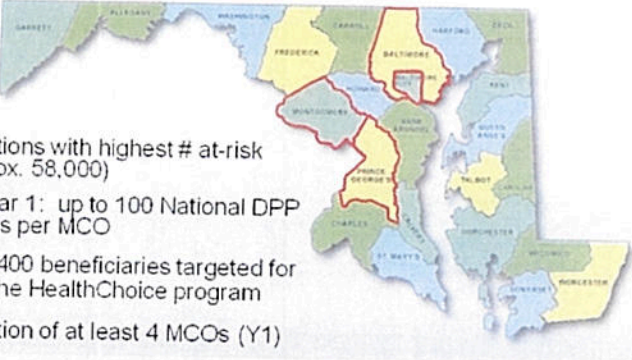

- 19% Medicaid beneficiaries have type 2 diabetes
- >90,500 beneficiaries are at risk for developing type 2 diabetes

2

MARYLAND DEPARTMENT OF HEALTH AND MENTAL HYGIENE

Background

Project Reach

- Target four jurisdictions with highest # at-risk beneficiaries (approx. 58,000)
- Expected reach Year 1: up to 100 National DPP eligible beneficiaries per MCO
 - Total reach of 400 beneficiaries targeted for enrollment across the HealthChoice program
 - Goal: participation of at least 4 MCOs (Y1)

3

MARYLAND DEPARTMENT OF HEALTH AND MENTAL HYGIENE

Overview of Maryland's Delivery Model

Medicaid and the Center partner in program oversight, leveraging our longstanding partnership to carry out the work:

- Medicaid acts as primary fiscal agent, establish and oversee grants; the Center will provide programmatic, and diabetes prevention support and expertise
 - Collaborates with 4 MCOs focused on hypertension and diabetes
 - Has a project coordinator through Memorandum of Understanding (MOU) with UMBC MIPAR
 - Issued a non-competitive grant to MCOs to develop a model for reimbursing DPPs
 - Participating MCOs are subcontracting with a National DPP provider in the 4 target jurisdictions
 - Developing and testing screening protocols, providing to MCOS to identify those meeting the eligibility criteria

4

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Delivery Network: Phased Approach

Year 1: MCOs partner with virtual and/or in-person National DPP provider:

- Build access to local National DPPs
- Assist MCOs in navigating National DPP relationships
- MCOs can become a CDC-recognized lifestyle change program; Center will provide guidance, training and TA

Year 2: MCOs continue to navigate relationships with both virtual and in-person programs

5

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

DPP Development with CCDPC

- Supports development of reimbursement models for DPP;
- Engages partners including employers, payers and Medicaid;
- Increases awareness of diabetes prevention;
- Facilitates bi-directional referral mechanisms;
- Supports 42 existing DPPs in Maryland;
- Provides technical assistance, tools and support to DPPs
 - BeHealthyMaryland.org; DPP data system; campaign ads

6

Maryland Demonstration Partners

Demonstration Implementation:

- Department of Health & Mental Hygiene
 - Maryland Medicaid
 - Center for Chronic Disease Prevention and Control
- Participating MCOs
 - Amerigroup
 - Jai Medical Systems
 - MedStar Family Choice
 - Priority Partners
- Virtual DPP Provider(s): Omada and Retrofit (in process)
- Maryland established Community-based DPP suppliers

7

Amerigroup Model

DPP Format:

- In-Person: St. Agnes Healthcare National DPP; Soul So Good – Dr. Diane Collins;
- Virtual: Omada; Retrofit (in development)

Region(s)

- Baltimore City
- Baltimore County
- Prince George's County
- Montgomery County (exploring options for National DPP)

Other Aspects

- Outreach campaign
- Designated Health Coach/Coordinator

8

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Jai Medical Systems Model

DPP Format:

- Virtual: Omada
- In-person: Exploring Community-based National DPP options

Region

- Baltimore City
- Baltimore County

Other Aspects

- Telephonic outreach and recruitment
- Outreach for non-compliance

9

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

MedStar Model

DPP Format:

- In-person: Y of Metropolitan Washington; YMCA of Central Maryland and MedStar National DPPs
- Virtual: Omada

Region

- Baltimore City
- Baltimore County
- Prince George's County
- Montgomery County

Other Aspects

- Outreach campaign
- Testing Incentives Models

10

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Priority Partners Model

DPP Format:

- In-person: JHU Brancati Center for Advancement of Community Care
- Virtual: (in development) JHU Diabetes Prevention Research Unit
- Virtual: Omada

Region

- Baltimore City
- Baltimore County
- Prince George's County
- Montgomery County

Other Aspects

- Partnered with Brancati Center & Diabetes Research Unit
- Development of virtual DPP
- Focused on women with history of gestational diabetes
- Additional in-person DPP locations (FQHCs)
- Case Management Support
- Enrollment & Retention Efforts & Support

11

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Accomplishments to Date: July 2016 – February 2017

July
↓
February

- ✓ Issued Grant Announcement to 8 MCOs
- ✓ Secured MCO Grant Agreements with 4 MCOs; press release
- ✓ Modified Budgets and Finalized Workplans
- ✓ Provided initial data set/contact information to MCOs
- ✓ Developed invoicing and fiscal processes
- ✓ Established project leadership
- ✓ Established billing framework w/CPT codes plus modifier & ICD-10
- ✓ DHMH IRB determination & implementation of Informed Consent
- ✓ MCOs executed/executing contracts with DPPs
- ✓ Held successful State Visit w/NACDD, CDC & Leavitt Partners
- ✓ Medicaid beneficiaries are enrolling in DPPs

12

 DEPARTMENT OF
HEALTH AND MENTAL HYGIENE

Challenges/Lessons Learned:

- Contracting with DPPs
 - Legal review
 - Final decisions on model were still in process
- IRB Review timeline delayed implementation
 - Incorporation of Informed Consent into process
 - Translating into Spanish
- Coding and Billing
 - Incorporating a Pay-for-Performance model
 - DPPs suppliers new to coding and billing
- Developing guidance around changes in eligibility/status
- Anticipate alignment w/pending Medicare rule
- Enrollment/Retention strategies

13

 DEPARTMENT OF
HEALTH AND MENTAL HYGIENE

Next Steps

- Engage existing National DPPs in Maryland to partner with MCOs;
- Finalize contracts with DPPs;
- Begin to test/identify recruitment and retention methods;
- Seek Spanish DPP supplier;
- Incentive survey to DPP suppliers;
- Continue to share in NACDD learning community;
- Leavitt Partners Toolkit – March 23, 2017;
- Monitor Medicare DPP rulemaking/implementation;
- Meet our deliverable of 100 enrollees/MCO by May 31st.

14

 DEPARTMENT OF HEALTH AND MENTAL HYGIENE 

Conclusion – Enrollment!

MCO	Enrollment Status as of 2/23/17
Amerigroup	25 members recruited to Soul So Good; sent data to Omada for outreach; finalizing contract with St. Agnes
Jai Medical Systems	15 members enrolled and started at Omada; 21 signed consent form to begin next class (36 total)
MedStar Family Choice	5 members enrolled Omada; 40 scheduled to start 26th (45 total next week)
Priority Partners	Omada contract expected to be signed 2/24; Four FQHCs on board; training occurring; staff ready and scheduling classes next week. Upcoming mailing to 1500 beneficiaries
