

Summary of Redetermination Data for August 2023

- Total participants up for renewal with a August 31 coverage end date¹: **116,438**
- Total participants auto-renewed in Maryland Health Connection: **68,419 (62.4%)**
- Individuals who no longer qualify for Medicaid through Maryland Health Connection may qualify for coverage through a qualified health plan or Medicare.
- Please note that Maryland has prioritized those most likely to be ineligible for renewal in the first six months of unwinding. This includes people who have income overscale, people who have other coverage such as Medicare, or have aged out of their coverage group.

	MAGI (Qualify for services on the basis of modified adjusted gross income through Maryland Health Connection)	Non-MAGI (Aged, blind, or disabled, or enrolled in a Home and Community-Based Services program). ²	Total (MAGI + non-MAGI)

Participants disenrolled due to failure to submit application timely or renewal was incomplete ⁴	-	-	-
TOTAL DISENROLLMENTS	11,891	1,818*	13,709*
PENDING REVIEW⁵	7,278	2,046	9,324
GRAND TOTAL (COVERAGE EXTENSIONS + PENDING APPLICATIONS + DISENROLLMENTS)	109,473	6,965*	116,438*

¹ Participants may report changes to the system, e.g., birth of a child, increases in income due to a new job, at any time during the year. This figure reflects the total number of participants who needed to renew their coverage by the end of the month. Additional participants may have had their coverage extended due to reporting of a change. Disenrollment rates also reflect participants appropriately disenrolled from coverage due to reporting a change because they are no longer eligible for Medicaid coverage.

² Non-MAGI data for participants disenrolled, applications pending review, and the grand total are now at the individual level and no longer at the household level beginning with the August 2023 data. All affected measures are marked with an asterisk (*).

³ Maryland received special authority from the Centers for Medicare and Medicaid Services (CMS) to allow automatic renewal of coverage for Medicaid participants who are eligible for Supplemental Nutrition Assistance Program Maryland (SNAP), when their gross income as determined by SNAP is under the applicable MAGI-based income standard.

⁴ Maryland has paused procedural terminations of Medicaid participants for the month of August in accordance with recently released [CMS guidance](#). Approximately 16,016 procedural terminations would have closed for MAGI, and 3,922 procedural terminations for non-MAGI; these cases were assigned a new renewal date of 11/30/23.

⁵ Pending review cases may differ here than in other publicly released data sets due to differences in measure specifications from CMS and timing of data generation.
