Subject: Hospice Payment Rates for Federal Fiscal Year 2023

Attached are the Maryland Medicaid Program's hospice payment rates for Federal Fiscal Year 2023 (October 1, 2022 – September 30, 2023). These rates are calculated based on the annual hospice rates established under Medicare. They are authorized by Section 1814(i)(1)(C)(ii) of the Social Security Act.

Section 3004 of the Affordable Care Act established a quality reporting program for hospices. Section 1814(i)(5)(A)(i) of the Social Security Act requires that the Secretary shall reduce the market basket update by two percentage points for any hospice provider that does not comply with the quality data submission requirements. We are pleased to report that all active hospice providers have complied with these requirements, therefore, no rate reductions were necessary.

The hospice cap runs from October 1st of each year ending September 30th of the following year. The latest hospice cap amount for the year ending September 30, 2023, is \$32,486.92. Information regarding the FFY 2023 hospice wage index and the cap amount may be found on the CMS website at <https://www.medicaid.gov/medicaid/benefits/hospice/payment/index.html>.
