Citation 3.1 Amount, Duration, and Scope of Services

42 CFR (a) Medicaid is provided in accordance with the requirements of 42 CFR Part 440, Subpart B and sections 1902(a), 1902(e), 1905(a), 1905(p), 1915, 1920, and 1925 of the Act.

1905(a)

1905(p)

1915, 1920, and 1925 of the Act

(1) Categorically needy.

Services for the categorically needy are described below and in ATTACHMENT 3.1-A. These services include:

1902(a)(10)(A) and 1905(a) of the Act

(1) Each item or service listed in section 1905(a)(1) through (5) and (21) of the Act, is provided as defined in 42 CFR Part 440, Subpart A, or, for EPSDT services, section 1905(r) and 42 CFR Part 441, Subpart B.

(11) Nurse-midwife services listed in section 1905(a)(17) of the Act, as defined in 42 CFR 440.165 are provided to the extent that nurse-midwives are authorized to practice under State law or regulation. Nurse-midwives are permitted to enter into independent provider agreements with the Medicaid agency without regard to whether the nurse-midwife is under the supervision of, or associated with, a physician or other health care provider.

Not applicable. Nurse-midwives are not authorized to practice in this State.
Citation 3.1(a)(1) Amount, Duration, and Scope of Services: Categorically Needy (Continued)

1902(e)(5) of the Act

(iii) Pregnancy-related, including family planning services, and postpartum services for a 60-day period (beginning on the day pregnancy ends) and any remaining days in the month in which the 60th day falls are provided to women who, while pregnant, were eligible for, applied for, and received medical assistance on the day the pregnancy ends.

(iv) Services for medical conditions that may complicate the pregnancy (other than pregnancy-related or postpartum services) are provided to pregnant women.

1902(a)(10), clause (VII) of the matter following (E) of the Act

(v) Services related to pregnancy (including prenatal, delivery, postpartum, and family planning services) and to other conditions that may complicate pregnancy are the same services provided to poverty level pregnant women eligible under the provision of sections 1902(a)(10)(A)(I)(IV) and 1902(a)(10)(A)(II)(IX) of the Act.
(vi) Home health services are provided to individuals entitled to nursing facility services as indicated in item 3.1(b) of this plan.

(vii) Inpatient services that are being furnished to infants and children described in section 1902(1)(1)(B) through (D), or section 1905(n)(2) of the Act on the date the infant or child attains the maximum age for coverage under the approved State plan will continue until the end of the stay for which the inpatient services are furnished.

(viii) Respiratory care services are provided to ventilator dependent individuals as indicated in item 3.1(h) of this plan.

(ix) Services are provided to families eligible under section 1925 of the Act as indicated in item 3.5 of this plan.

ATTACHMENT 3.1-A identifies the medical and remedial services provided to the categorically needy, specifies all limitations on the amount, duration and scope of those services, and lists the additional coverage (that is in excess of established service limits) for pregnancy-related services and services for conditions that may complicate the pregnancy.
Program of All-Inclusive Care for the Elderly (PACE) services, as described and limited in Supplement 3 to Attachment 3.1-A. The State will limit the PACE Program to one plan in Maryland.

ATTACHMENT 3.1-A identifies the medical and remedial services provided to the categorically needy. (Note: Other programs to be offered to Categorically Needy beneficiaries would specify all limitations on the amount, duration and scope of those services. As PACE provides services to the frail elderly population without such limitation, this is not applicable for this program. In addition, other programs to be offered to Categorically Needy beneficiaries would also list the additional coverage - that is in excess of established service limits - for pregnancy-related services for conditions that may complicate the pregnancy. As PACE is for the frail elderly population, this also is not applicable for this program.)
This State plan covers the medically needy. The services described below and in ATTACHMENT 3.1-B are provided.

Services for the medically needy include:

(i) If services in an institution for mental diseases (42 CFR Part 440, Subpart B) meet the definition of 'medically necesary' in 42 CFR 420.220, services for individuals with severe mental illness are provided to any medically needy group. The services provided to any medically needy group are as defined in sections 1902 through 1915 of the Act.

(ii) Prenatal care and delivery services for pregnant women.
Amount, Duration, and Scope of Services: Medically Needy (Continued)

(iii) Pregnancy-related, including family planning services, and postpartum services for a 60-day period (beginning on the day the pregnancy ends) and any remaining days in the month in which the 60th day falls are provided to women who, while pregnant, were eligible for, applied for, and received medical assistance on the day the pregnancy ends.

(iv) Services for any other medical condition that may complicate the pregnancy (other than pregnancy-related and postpartum services) are provided to pregnant women.

(v) Ambulatory services, as defined in ATTACHMENT 3.1-B, for recipients under age 18 and recipients entitled to institutional services.

Not applicable with respect to recipients entitled to institutional services; the plan does not cover those services for the medically needy.

(vi) Home health services to recipients entitled to nursing facility services as indicated in item 3.1(b) of this plan.

Services in an institution for mental diseases for individuals over age 65.

Services in an intermediate care facility for the mentally retarded.

(x) Inpatient psychiatric services for individuals under age 21.

(a) (3) Other Required Special Groups: Qualified Medicare Beneficiaries

1902 (a) (10) (E) (I) and clause (VIII) if the matter following (F), and 1905 (p) (3) of the Act

Medicare cost sharing for qualified Medicare beneficiaries described in section 1905 (p) of the act is provided only as indicated in item 3.2 of this plan.

(a) (4) (I) Other Required Special Groups: Qualified Disabled and Working Individuals

1902 (a) (10) (E) (ii) and 1905 (s) of the Act

Medicare Part A premiums for qualified disabled and working individuals described in section 1902 (a) (10) (E) (ii) of the Act are provided as indicated in item 3.2 of this plan.

(ii) Other Required Special Groups: Specified Low-Income Medicare Beneficiaries

1902 (a) (10) (E) (iii) and 1905 (p) (3) (A) (ii) of the Act

Medicare Part B premiums for specified low-income Medicare beneficiaries described in section 1902 (a) (10) (E) (iii) of the Act are provided as indicated in item 3.2 of this plan.

(iii) Other Required Special Groups: Qualifying Individuals

1902 (a) (10) (E) (iv) (I) and 1905 (p) (3) (A) (ii), and 1933 of the Act

Medicare Part B premiums for qualifying individuals described in 1902 (a) (10) (E) (iv) (I) and subject to 1933 of the Act are provided as indicated in item 3.2 of this plan.
Other Required Special Groups: Families Receiving Extended Medicaid Benefits

Extended Medicaid benefits for families described in section 1925 of the Act are provided as indicated in item 3.5 of this plan.
Aliens who are not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law who meet the eligibility conditions under this plan, except for the requirement for receipt of AFDC, SSI, or a State supplementary payment, are provided Medicaid only for care and services necessary for the treatment of an emergency medical condition (including emergency labor and delivery) as defined in section 1903(v)(3) of the Act.

Clinic services furnished to eligible individuals who do not reside in a permanent dwelling or do not have a fixed home or mailing address are provided without restrictions regarding the site at which the services are furnished.

Ambulatory prenatal care for pregnant women is provided during a presumptive eligibility period if the care is furnished by a provider that is eligible for payment under the State plan.

The Medicaid agency meets the requirements of sections 1902(a)(43), 1905(a)(4)(B), and 1905(x) of the Act with respect to early and periodic screening, diagnostic, and treatment (EPSDT) services.
The Medicaid agency has in effect agreements with continuing care providers. Described below are the methods employed to assure the providers’ compliance with their agreements.

Except for those items or services for which sections 1902(a), 1902(a)(10), 1903(v), 1915(g), and 1925(b)(4) of the Act, 42 CFR 440.250, and section 245A of the Immigration and Nationality Act, permit exceptions:

(i) Services made available to the categorically needy are equal in amount, duration, and scope for each categorically needy person.

(ii) The amount, duration, and scope of services made available to the categorically needy are equal to or greater than those made available to the medically needy.

(iii) Services made available to the medically needy are equal in amount, duration, and scope for each person in a medically needy coverage group.

(iv) Additional coverage for pregnancy-related services and services for conditions that may complicate the pregnancy are equal for categorically and medically needy.

Effective Date: NOV 01 1991
HCFA ID: 7982E
Home health services are provided in accordance with the requirements of 42 CFR 441.15.

(1) Home health services are provided to all categorically needy individuals 21 years of age or over.

(iii) Specified Low-Income Medicare Beneficiary (SLMB)

The Medicaid agency pays Medicare Part B premiums under the State buy-in process for individuals in the SLMB group defined in item A.27 of ATTACHMENT 2.2-A of this plan.

1902 (a)(10)(E)(iv)(l), 1905 (p)(3)(A)(ii), and 1933 of the Act

(iv) Qualifying Individual – 1 (QI-1)

The Medicaid agency pays Medicare Part B premiums under the State buy-in process for individuals described in 1902 (a)(10)(E)(iv)(l) and subject to 1933 of the Act.
(v) Other Medicaid Recipients

The Medicaid agency pays Medicare Part B premiums to make Medicare Part B coverage available to the following individuals:

All individuals who are: (a) receiving benefits under titles I, IV-A, X, XIV, or XVI (AABD or SSI); b) receiving State supplements under title XVI; or c) within a group listed at 42 CFR 431.625 (d)(2).

- Individuals receiving title II or Railroad Retirement benefits.
- Medically needy spend-down and medically needy non-QMB eligible individuals (FFP is not available for this group).

(2) Other Health Insurance

The Medicaid agency pays insurance premiums for medical or any other type of remedial care to maintain a third party resource for Medicaid covered services provided to eligible individuals (except individuals 65 years of age or older and disabled individuals, entitled to Medicare Part A but not enrolled in Medicare Part B).
Sections 1902 (a)(10), 1902(a)(30), and 1905(a) of the Act

1902(a)(10), 1902(a)(30), and 1905(a) of the Act

1902(a)(10), 1902(a)(30), 1905(a), and 1905(p) of the Act

(b) Deductibles/Coinsurance

(l) Medicare Part A and B

Supplement 1 to ATTACHMENT 4.19-B describes the methods and standards for establishing payment rates for services covered under Medicare, and/or the methodology for payment of Medicare deductible and coinsurance amounts, to the extent available for each of the following groups.

(i) Qualified Medicare Beneficiaries (QMBs)

The Medicaid agency pays Medicare Part A and Part B deductible and coinsurance amounts for QMBs (subject to any nominal Medicaid copayment) for all services available under Medicare.

(ii) Other Medicaid Recipients

The Medicaid agency pays for Medicaid services also covered under Medicare and furnished to recipients entitled to Medicare (subject to any nominal Medicaid copayment). For services furnished to individuals who are described in section 1902(a)(1)(iv), payment is made as follows:

- For the entire range of services available under Medicare Part B.
- Only for the amount, duration, and scope of services otherwise available under this plan.

(iii) Dual Eligible--QMB plus

The Medicaid agency pays Medicare Part A and Part B deductible and coinsurance amounts for all services available under Medicare and pays for all Medicaid services furnished to individuals eligible both as QMBs and categorically or medically needy (subject to any nominal Medicaid copayment).
The Medicaid agency pays all premiums, deductibles, coinsurance and other cost sharing obligations for items and services covered under the State plan (subject to any nominal Medicaid co-payment) for eligible individuals in employer-based cost-effective group health plans.

When coverage for eligible family members is not possible unless ineligible family members enroll, the Medicaid agency pays premiums for enrollment of other family members when cost-effective. In addition, the eligible individual is entitled to services covered by the State plan which are not included in the group health plan. Guidelines for determining cost effectiveness are described in section 4.22(h).

- Yes  X No

The Medicaid agency pays premiums for individuals described in item 19 of Attachment 2.2-A.

ENHANCED SERVICES FOR PREGNANT AND POSTPARTUM RECIPIENTS

Under the authority of section 1902(a) (10) (E), making available enriched services relating to pregnancy (including prenatal, pregnant and delivery, or postpartum services) or to any other condition which may complicate pregnancy. The services are available to a pregnant recipient or postpartum recipient who is certified for and is receiving Medical Assistance benefits, enters the Healthy Start Program during a medically verified pregnancy or up to 60 days after the delivery, may continue in the program receiving postpartum-family planning services up to 60 days after the delivery, and elects to receive Healthy Start services.
ENHANCED SERVICES FOR PREGNANT AND POSTPARTUM RECIPIENTS

Definition of Services:

Healthy Start Program means a program designed to identify and address medical, nutritional, and psychosocial predictors of poor birth outcomes and poor child health by providing enhanced prenatal and postpartum services for pregnant and postpartum female recipients and enhanced follow-up services to identify high-risk infant and child recipients.

1. Risk Assessment - Plan of Care means a package of services provided to a pregnant participant by or under the supervision of a physician or nurse-midwife in conjunction with the clinical services provided by the physician or nurse-midwife. One unit of service is to be reimbursed for each pregnancy. The services include:

   a. A Risk Assessment is a comprehensive appraisal of the participant's medical history and current health, nutritional, psychological, and social status, as specified in the Healthy Start Risk Assessment Instrument.

   b. A Plan of Care is a description of the services and resources required to meet the participant's needs identified through the risk assessment.

2. Enriched Maternity Service means direct counseling, educational, case coordination, and referral services provided to all pregnant or postpartum recipients by or under the supervision of a physician or certified nurse-midwife in conjunction with the clinical services provided by the physician or nurse-midwife during each prenatal or postpartum visit.

   The following components comprise Enriched Maternity Service:

   a. Prenatal and postpartum counseling and health education for all pregnant and postpartum participants.

   b. Nutrition education for all pregnant and postpartum participants including the benefits of the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

   c. Case coordination and referral for all pregnant participants.
Remote Patient Monitoring

The purpose of providing remote patient monitoring services is to assist in the effective monitoring and management of patients whose medical needs can be appropriately and cost-effectively met at home through the application of remote patient monitoring intervention.

Remote Patient monitoring services use a synchronous or asynchronous electronic information and communication technologies to collect personal health information and medical data from a patient in the home; this information is then transmitted to a provider for use in treatment and management of unstable/uncontrolled medical conditions that require frequent monitoring.

Eligible conditions are congestive heart failure, diabetes and chronic obstructive pulmonary disease. Remote patient monitoring services are based on medical necessity and should be discontinued when the patient’s condition is determined to be stable/controlled.

Eligible participants must have an eligible condition and one of the following qualifying medical events: (1) Two hospital admissions within the prior 12 months with the same qualifying medical condition as the primary diagnosis for both episodes; (2) Two emergency department visits within the prior 12 months with the same qualifying medical condition as the primary diagnosis for both episodes; or (3) one hospital admission and one separate emergency department visit within the prior 12 months with the same qualifying medical condition as the primary diagnosis for both episodes.

Remote patient monitoring services may be provided by a physician, nurse practitioner, physician assistant or a home health agency when prescribed by a physician who has examined the patient and with whom the patient has an established, ongoing relationship.

All remote patient monitoring services must be performed on a dedicated secure transmission linkages that meet the minimum federal and state requirements, including but not limited to 45 CFR, Parts 160 and 164 (HIPAA Security Rules). All existing confidentiality requirements that apply to written medical records will apply to services delivered by remote patient monitoring, including the actual transmission of health care data and any other electronic information/records.

Limitations

The Department will only cover:
1. Participants meeting the eligibility requirements stated above;
2. RPM services that receive prior-authorization from the Department;
3. Two months per episode of treatment; and
4. Two episodes per year per participant.

Home health agencies will only be reimbursed for remote patient monitoring when the service is ordered by a physician.

4a. Nursing facility services (other than in institutions for mental diseases)

- "Nursing facility services (other than in institutions for mental diseases)" means services provided to individuals for whom the Department or its designee has determined that (1) nursing care and related services, (2) rehabilitation services, or (3) on a regular basis, health-related services above the level of room and board.

- Services are provided in facilities that fully meet the requirements for a State license to provide nursing facility services.

- Limitations. The following are not covered:
  - Services for which payment is made directly to a provider other than the nursing facility.
  - Administrative days not approved by the Department or its designee.
  - Audiology services.
### PROGRAM

4.b. Early and periodic screening and diagnosis of individuals under 21 years of age, and treatment of conditions found.

### LIMITATIONS

1. **PURSUANT TO 42 CFR §441.50 et seq., as amended, any limits on services or treatments in other sections of the State Plan are not applicable for individuals under 21 years when it is shown that the treatment of services is medically necessary to correct or ameliorate defects and physical and mental illnesses.**

2. For all services included in this section of the State Plan, the following services are not covered:
   - Services not medically necessary; or
   - Investigational, experimental, or ineffective services, devices or both;

3. EPSDT screening and treatment providers shall meet all of the licensure and certification requirements specified in State and Federal regulations, statute, or policy for the service that the provider renders.

In order for the Program to consider a health care practitioner for certification by the Healthy Kids Program as an EPSDT screening provider, the practitioner shall have a demonstrated history of providing services to children younger than 21 years old and shall also:

- Be a doctor of medicine or doctor of osteopathy who is:
  - Licensed in good standing
  - Legally authorized to practice medicine and or surgery in the jurisdiction

a. Podiatrists’ Services

Covered Services
A. The Podiatrist Program covers medically necessary podiatric services when the services are provided by a licensed and legally authorized podiatrist in the state in which the service is provided.
B. Routine podiatric care, which refers to the cutting or removing of corns and calluses, and the trimming, cutting, clipping, or debriding of toenails, is limited to one visit every 60 days for participants who have diabetes or peripheral vascular diseases that affect the lower extremities. This limit may be exceeded based on medical necessity.

Limitations
Under the Podiatry Program, the following services are not covered:
   1. Physical therapy;
   2. Orthotics and inlays of any type, and related services;
   3. Disposable medical supplies;
   4. Administration of anesthesia as a separate charge;
   5. Drugs and supplies which are acquired by the podiatrist at no cost;
   6. Personal hygiene care;
   7. Routine care, except visits for participants who are diabetic or who have a vascular disease affecting the lower extremities;
   8. Non-surgical hospital visits;
   9. Laboratory or x-ray services not performed by the provider or under the direct supervision of the provider;
   10. Podiatric inpatient hospital services rendered during an admission denied by the utilization control agent or during a period that is in excess of the length of stay authorized by the utilization agent;
   11. More than one visit per day for the same service unless adequately documented in the patient's medical record as an emergency;
   12. Visits by or to the podiatrist solely for the purpose of the following:
      a. Prescription or drug pick-up;
      b. Collection of specimens for laboratory procedures, except by venipuncture, capillary or arterial puncture; and
      c. Interpretation of laboratory tests or panels;
   13. Services not identified by the Department as medically necessary or covered;
   14. Injections and visits solely for the administration of injections;
   15. Services rendered by mail, telephone, or otherwise not one-to-one, in person;
   16. Completion of forms or reports;
   17. Broken or missed appointments;
   18. Investigational or experimental drugs or procedures; and

7. Home Health Services - Medical Supplies and Equipment

Medical supplies are healthcare related items that are consumable or disposable, or cannot withstand repeated use by more than one participant, that are required to address a participant’s medical disability, illness or injury.

Equipment and appliances are items that are primarily and customarily used to serve a medical purpose, generally are not useful to a participant in the absence of a disability, illness, or injury, can withstand repeated use, and can be reusable or removable.

Medical supplies and equipment and appliances are covered when:
1. Ordered by a physician or a licensed practitioner of the healing arts acting within the scope of practice authorized under State law, as part of a written plan of care reviewed by the ordering practitioner annually.
2. Medically necessary; and
3. Furnished by enrolled Maryland Medicaid medical equipment and supply providers.

7. a. Home Health Services – Hearing Aids

The Home Health Services benefit covers medically necessary hearing aids when the services are provided by appropriately licensed providers as directed below.

A. Medically necessary hearing aids include:
   1) Unilateral or bilateral hearing aids that are:
      a. Not used or rebuilt;
      b. Meet the current standards set forth in 21 CFR §§801.420 and 801.421;
      c. Recommended and fitted by an audiologist when in conjunction with written medical
clearance from a physician who has performed a medical examination within six months;
      d. Sold on a 30-day trial basis; and
      e. Fully covered by a manufacturer’s warranty for a minimum of two years.
   2) Hearing aid accessories, as listed below:
      a. Ear molds
      b. Batteries; and
      c. Other hearing aids accessories as determined to be medically necessary.

B. Audiologists shall be licensed by the Maryland Board of Audiologists, Hearing Aid Dispensers, and
Speech-Language Pathologists to practice audiology, as defined in Health Occupations Article, Title 2,
Annotated Code of Maryland, or by the appropriate licensing body in the jurisdiction where the audiology
services are performed.

C. The Maryland Medicaid Home Health Services Benefit covers the following hearing aids limited to:
   1) The initial coverage of:
      a. Bilateral hearing aids for children younger than 21 years of age;
      b. Unilateral hearing aids for participants age 21 years old and older unless otherwise approved
         by the Department or its designee;
   2) Replacement of unilateral or bilateral hearing aids once every five years unless the Program approves
      more frequent replacement;
   3) Replacement of unilateral hearing aid once every five years for participants over 21 years of age
   4) A maximum of 76 disposable batteries per participant per 12-month period for a unilateral hearing aid
      or 152 batteries per participant per 12-month period for bilateral hearing aids purchased from the
      Department not more frequently than every six months, and in quantities of 38 or fewer for unilateral
      hearing aid, or 76 or fewer for a bilateral hearing aid;
   5) Charges for routine follow-ups and adjustments which occur more than 60 days after the dispensing of
      a new hearing aid;
   6) A maximum of two unilateral earmolds or four bilateral earmolds per 12- month period for participants
      under 21 years of age;
   7) A maximum of one unilateral earmold or two bilateral earmolds per 12- month period for participants
      over 21 years of age;
   8) Replacement of hearing aids and equipment, if the existing devices are functional, repairable, and
      appropriately correct or ameliorate the problem or condition;
   9) Spare or backup hearing aids;

10) Repairs to spare or backup hearing aids, equipment or supplies;
11) Investigational or experimental services or devices;
12) Replacement of improperly fitted earmold(s) unless the:
    a. Replacement service is administered by someone other than the original provider; and
    b. Replacement service has not been claimed before;
13) Additional professional fees and overhead charges for a new hearing aid when a dispensing fee claim
    has been made to the Program; and
14) Loaner hearing aids.

D. The following audiology services require preauthorization:
   1) All hearing aids;
   2) Certain hearing aid accessories;
   3) Repairs for hearing aids exceeding $500.

E. Preauthorization is valid:
   1) For services rendered or initiated six months from the date the preauthorization was issued; and
   2) If the patient is an eligible participant at the time the service is rendered.

PROGRAM
10. Dental Services

LIMITATIONS

(2) The services are provided by or under the supervision of a dentist or by or under the supervision of a certified EPSDT primary care provider for the purpose of applying fluoride varnish.

D. The Program limitations are included in Maryland Medicaid regulations: COMAR 10.09.05.05.

1. Reimbursement for a complete radiographic survey or full series of X-rays of the mouth may not be made more frequently than once every 3 years to the same provider, or in the case of a group practice, to any partner or associate of that practice, unless medically necessary or specifically required or requested by the Program.

2. For any traumatic injury case, a provider may be reimbursed for a maximum of four panoramic or other extra-oral radiographs. When services are rendered by members of a group practice or association, reimbursement to the group practice or association shall also be limited to a maximum of four panoramic or other extra-oral radiographs.

3. Endodontic therapies and pulpectomies may not be covered when:
   (a) Root resorption has started and exfoliation is imminent;
   (b) Gross periapical or periodontal pathosis is demonstrated on the radiograph; or
   (c) The general oral condition does not justify endodontic therapy.

4. Reimbursement for crowns will be limited to permanent resin fused to metal crowns, permanent porcelain fused to metal crowns, permanent nonprecious
metal (full cast), provisional resin crowns, and stainless steel crowns.

(5) Composite restorations will be covered for all teeth when necessary for the particular conditions of the patient.

(6) Replacement dentures for recipients who meet the requirements of Regulation .04A(3) of this chapter will be covered only when:

(a) Dentures have been lost, broken, or stolen after 1 year of placement; or
(b) Adjustment, repair, relining, or rebasing of the patient's present denture does not make it serviceable.

(7) Rebasing is included in the 6 months of aftercare following denture placement, and may not be provided more frequently than once every 2 years after that.

(8) Reimbursement for endodontic therapy includes all diagnostic tests, preoperative and postoperative radiographs, preoperative and postoperative treatments, pulpotomies and pulpectomies.

(9) Reimbursement for a sinus closure will only be made when this service is rendered as a separate procedure and not in conjunction with the removal of a tooth.

(10) Separate reimbursement will not be made for cavity liners and office visits, as these procedures are considered to be components of the necessary treatment. These services may not be billed to the recipient.

(11) The provider may bill for emergency treatment or for the actual dental procedure rendered during an emergency visit, but not for both.

(12) Gold restorations, gold crowns, and gold replacement appliances are not covered services.

(13) The Program's fee for a complete series of intra-oral radiographs including

B. Home Visiting Services

General Description:
Home visiting services will be used to provide support for pregnant individuals throughout the perinatal period, which may improve birth-related outcomes, as well as infant and child health outcomes. Pursuant to 42 C.F.R. Section 440.130(c), home visiting services are provided as preventive services and must be recommended by a physician or other licensed practitioner of the healing arts within his or her scope of practice under state law to prevent perinatal complications and/or promote the physical and mental health of the beneficiary.

Covered Services:

1. The covered service is a home visiting benefit for pregnant and parenting individuals by specially trained professionals to provide informational support and facilitate screening and care coordination needed to support healthy outcomes through pregnancy and beyond as determined by medical necessity.

2. Home visiting services will be covered when delivered in accordance with one of the State's approved evidence-based models.

3. Service components for the State’s approved evidence-based models can include:
   a. Prenatal home visits:
      i. Monitoring for high blood pressure or other complications of pregnancy;
      ii. Diet and nutritional education;
      iii. Stress management;
      iv. Sexually Transmitted Diseases (STD) prevention education;
      v. Tobacco use screening and cessation education;
      vi. Alcohol and other substance misuse screening and counseling;
      vii. Depression screening;
      viii. Domestic and intimate partner violence screening and education;
      ix. Pregnancy education; and
      x. Facilitation of access to community or other resources that can improve birth-related outcomes such as transportation; housing; alcohol, tobacco and drug cessation; WIC and SNAP, and intimate partner violence resources.
   b. Postpartum home visits:

d. Rehabilitative Services

V. Community-Based Substance Use Disorder Services

Community-based substance use disorder services are provided in non-hospital community-based settings. From October 1, 2020 through September 30, 2025, medication assisted treatment (MAT) to treat opioid use disorder (OUD) as defined at section 1905(ee)(1) of the Social Security Act is covered exclusively in Supplement to Attachment 3.1-A for 1905(a)(29).

Covered Services:

A. Comprehensive substance use disorder assessment:

(1) Definition of Service: A comprehensive substance use disorder assessment is a process of determining a participant’s current health status and relevant history in areas including substance use, mental health, social supports, and somatic health. Providers use a comprehensive assessment to establish the type and intensity of services participants will need to adequately address their substance use disorder.

(2) Service Requirements: Comprehensive substance use disorder assessment at a minimum shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law, and shall include an assessment of drug and alcohol use, as well as substance use disorder treatment history. It shall also include referrals for physical and mental health services; and a recommendation for the appropriate level of substance use disorder treatment.

B. Group and individual substance use disorder counseling services

(1) Definition of Service: Individual and group counseling sessions involve evidence-based psychotherapeutic interventions. Cognitive-behavioral, motivational, and insight-based techniques are used according to each participant’s needs. The therapeutic style is client-centered and flexible. Treatment usually involves a combination of individual and group counseling. The primary goals of treatment are to:
STATE PLAN FOR MEDICAL ASSISTANCE
UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE OF MARYLAND

- Develop skills to enable individuals to abstain from all non-prescribed psychoactive substances;
- Develop relapse prevention strategies through family and/or other support networks; and
- Engage participants in long-term recovery strategies.

(2) Service Requirements: Before providing services described in this section, the provider shall develop a written individualized treatment plan, in conjunction with the participant based on the comprehensive assessment. This plan which shall be updated as clinically appropriate, shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts within the scope of his or her practice under State law, and shall include:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals.

C. Intensive Outpatient Services

(1) Definition of Service: Intensive Outpatient service is a more intense form of treatment than group and individual counseling. This service is either a step-down treatment from more intensive, often inpatient-based care or a step-up when a participant is in need of more intensive services. While less intensive than inpatient care, it provides a substantial range of treatment intensity and bridges the gap between medically managed or medically monitored intensive inpatient treatment and traditional outpatient services of low intensity. Participants participate within an ambulatory therapeutic setting while residing in a separate location.

(2) Service Requirements: Before providing Intensive Outpatient Services as described in this section, the provider must develop a written individualized treatment plan, in conjunction with the participant based on the comprehensive assessment. This plan shall be updated as clinically appropriate, shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law. The individualized treatment plan shall include the following requirements:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals; and
- Specific interventions for meeting the treatment plan goals, which reflect the amounts frequencies and intensities appropriate to the objective of the treatment.
D. Partial Hospitalization

(1) Definition of Service: Partial Hospitalization treatment is a short-term, outpatient psychiatric treatment service that parallels the intensity of services provided in a hospital, including medical and nursing supervision and interventions. Partial Hospitalization is a more intense form of treatment than Intensive Outpatient Services and serves as an alternative to inpatient care when the participants can safely reside in the community.

Participants who require at least 20 hours of structured outpatient treatment per week, delivered in half or full day sessions, are eligible to receive Partial Hospitalization services.

(2) Service Requirements: Before providing Partial Hospitalization Services, the provider must develop a written individualized treatment plan, in conjunction with the participant based on the comprehensive assessment. This plan shall be updated as clinically appropriate, reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law, and shall include the following requirements:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals; and
- Specific interventions for meeting the treatment plan goals which reflect the amounts frequencies and intensities appropriate to the objective of the treatment.

E. Opioid Maintenance Therapy:

Service moved to 1905(a)(29) Medication Assisted Treatment Supplement to Attachment 3.1-A. Reserve for future use. From October 1, 2020 through September 30, 2025, medication assisted treatment (MAT) to treat opioid use disorder (OUD) as defined at section 1905(ee)(1) of the Social Security Act is covered exclusively in Supplement to Attachment 3.1-A for 1905(a)(29).
F. Medication assisted treatment services for participants with substance use disorders other than opioid use disorder:

From October 1, 2020 through September 30, 2025, medication assisted treatment (MAT) to treat opioid use disorder (OUD) as defined at section 1905(ee)(1) of the Social Security Act is covered exclusively in Supplement to Attachment 3.1-A for 1905(a)(29).

(1) Definition of Service: Medication assisted treatment uses pharmacological interventions as part of a treatment program for participants with substance use disorders other than opioid use disorder. Medication assisted treatment includes:

- Point of care toxicology
- Periodic medications
- Periodic medication management visits for substance use disorder symptom reduction or withdrawal management.

(2) Service Requirements: Before providing medication assisted treatment, the provider must develop a written individualized treatment plan, in conjunction with the participant based on the comprehensive assessment. This plan shall be updated as clinically appropriate, reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law, and shall include the following requirements:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals.

G. Ambulatory Withdrawal Management

(1) Definition of Service: Ambulatory Withdrawal Management is a service provided to acutely intoxicated participants to manage withdrawal syndromes. Ambulatory Withdrawal Management includes:

- Physical examinations.
- Initial and periodic comprehensive substance use disorder assessments including an assessment of drug and alcohol use, as well as substance use disorder treatment history. It shall also include referrals for physical and mental health services; and a recommendation for the appropriate level of substance

UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE OF MARYLAND

use disorder treatment.
- Managing withdrawal symptoms including administration and monitoring of medications.
- Monitoring of vital signs.
- Assisting in motivating the individual to participate in an appropriate treatment program for alcohol and other drug dependence.

(2) Service Requirements: Before providing Ambulatory Withdrawal Management services, the provider must develop a comprehensive assessment. This plan shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law, shall include all of the following requirements:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals.

From October 1, 2020, through September 30, 2025, the state assures that MAT to treat OUD as defined at section 1905(ee)(1) of the Social Security Act (the Act) is covered exclusively under section 1905(a)(29) of the Act.

i) Comprehensive assessment for participants with opioid use disorder:

(1) Definition of Service: A comprehensive assessment is a process of determining a participant’s current health status and relevant history in areas including opioid use, mental health, social supports, and somatic health. Providers use a comprehensive assessment to establish the type and intensity of services participants will need to adequately address their opioid use disorder.

(2) Service Requirements: Comprehensive assessment at a minimum shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts, within the scope of his or her practice under State law, and shall include an assessment of current opioid use and opioid use disorder treatment history. It shall also include referrals for physical and mental health services; and a recommendation for the appropriate service for opioid use disorder treatment.

ii) Group and individual opioid use disorder counseling services:

(1) Definition of Service: Individual and group counseling sessions involve evidence-based psychotherapeutic interventions. Cognitive-behavioral, motivational, and insight-based techniques are used according to each participant’s needs. The therapeutic style is client-centered and flexible. Treatment...

usually involves a combination of individual and group counseling. The primary goals of treatment are to:

- Develop skills to enable individuals to abstain from all opioids
- Develop relapse prevention strategies through family and/or other support networks; and
- Engage participants in long-term recovery strategies.

(2) Service Requirements: Before providing services described in this section, the provider shall develop a written individualized treatment plan, in conjunction with the participant based on the comprehensive assessment. This plan which shall be updated as clinically appropriate, shall be reviewed and approved by a licensed physician or licensed practitioner of the healing arts within the scope of his or her practice under State law, and shall include:

- An assessment of the participant’s individual needs; and
- The participant’s treatment plan goals.

b) Please include each practitioner and provider entity that furnishes each service and component service.

i) Comprehensive assessment for participants with an opioid use disorder:

(1) Opioid Treatment Programs (OTPs) provide comprehensive assessments utilizing appropriately licensed and certified alcohol and drug counselors.

(2) Community-based outpatient treatment service providers

14. Services for individuals age 65 or older in institutions for mental diseases

   a. Inpatient Hospital Services

   b. Nursing Facility Services

These services are covered under 4.a Nursing Facility services with the exception of the following Limitation:

The Department or its designee shall certify the recipient as requiring nursing facility services for individuals age 65 or older in institutions for mental diseases.
15. Intermediate Care Facilities Services for the intellectually disabled or persons with related conditions

The Department or its designee will certify the recipient as requiring intermediate care facility services for the intellectually disabled or persons with related conditions.
16. Inpatient Psychiatric Services for Individuals under Age 21 in Psychiatric Facilities

Billing time limitations apply as described in 4.19A
18. **Description of Services:** HOSPICE CARE SERVICES

Hospice care services are provided to recipients who are terminally ill and who voluntarily elect hospice care. Services include those that are reasonable and necessary for the palliation or management of the recipient's terminal illness and related conditions. Hospice services provided to recipients under 21 years of age must be made available without forgoing any other services to which the recipient is entitled under Medicaid for treatment of the terminal illness.

**Provider Types:**

Employees of the hospice who provide hospice care services must be licensed, certified, or registered in accordance with applicable federal, State, and local laws. Providers of hospice services must also be enrolled as a Medicare hospice provider.

**Limitations**

- Hospice care shall be available to an individual for an initial 90-day period, a subsequent 90-day period, and an unlimited number of subsequent 60-day periods, after the first 2 election periods are utilized.
- A written certification of terminal illness shall be obtained by the hospice for each election period, documenting the prognosis of a life expectancy of 6 months or less.
- A face-to-face encounter shall occur between the recipient and the certifying physician for certification of the terminal illness, no more than 30 days prior to the third election period and any subsequent election periods.
- Any election period shall be terminated before expiration when a participant dies, revokes hospice care, is no longer eligible for Medical Assistance, or is no longer certified as terminally ill.
- A participant may designate a new provider of hospice care no more than once during an election period.
- When a participant is enrolled in Medicare Part A, Program payment for hospice care shall be limited to payment of the Medicare hospice care coinsurance amounts for drugs and biologicals and for respite care and, where applicable, room and board for residents of a nursing facility.
### PROGRAM

20. a. Pregnancy-related and postpartum services for 60 days after pregnancy ends.

b. Services for any other medical conditions that may complicate pregnancy.

### LIMITATIONS

Any covered medicaid service that is required during the 60 days after pregnancy ends, that is pregnancy-related or postpartum-related, will be provided.

Any covered medicaid service that is required for medical conditions that may complicate pregnancy will be provided.
23. Any other medical care type of remedial care recognized by the Secretary

   A. Transportation

   See Attachment 3.1D for description of Non-Emergency Transportation Services and assurances.

   1. Emergency Service Transporters

      Services provided by an ambulance provider under the Medicaid program must be demonstrated to be medically necessary and are subject to limitations described herein. Medical necessity is indicated when the patient’s condition is such that any other means of transportation would endanger the patient’s health.

      Ambulance transportation is not considered medically necessary when any other means of transportation can be safely utilized.

      Emergency ambulance transportation may be used for the client to receive immediate and prompt medical services arising in an emergency situation. Emergency transportation to a physician’s office is covered only if all the following conditions are met:

         • The patient is en-route to a hospital.
         • There is medical need for a professional to stabilize the patient’s condition.
         • The ambulance continues the trip to the hospital immediately after stabilization.

      Under this chapter, the Program does not cover services:

      a. Unless in response to a “911” call;
      b. Performed by an emergency service transporter that is not enrolled with the Program;
      c. To anyone other than an eligible recipient; and
      d. For which proper documentation, including but not limited to run sheets, cannot be provided on request of the Department or its designee.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE OF MARYLAND

2. Transportation Services under the Individuals with Disabilities Education Act (IDEA)

   a. Only providers who are local education agencies, local lead agencies, state-operated education agencies, or state-supported education agencies may participate.

   b. Providers shall only bill the program for transportation service on dates when another Medicaid covered service(s) is provided and both the Medicaid covered service and Transportation service are documented. Both the Medicaid covered service and specialized Transportation must be identified on the IEP or IFSP.

   c. The transportation must be identified as “specialized” transportation. That means that the transportation is not the same as transportation for a child’s non-disabled peers. For example, a bus aide, specialized equipment or specialized training for the bus driver, a stop in front of the child’s house, change of route for child, or transportation to a school that is not the child’s local school, e.g. a nonpublic school or special school for children with disabilities, will be specialized transportation. The bus can be a regular school bus if it is specialized to meet the needs of the child.

   d. Transportation is provided to and from a school where a Medicaid-covered IDEA service is provided. Transportation to or from a site where a Medicaid Early Intervention service is provided; and between a school and a Medicaid covered service and home or return to the school.
SERVICES THAT REQUIRE PREAUTHORIZATION

23. f. Personal Assistance services in a participant's home or community

Personal Assistance services are covered when preauthorized in a plan of service on an assessment of need. Personal Assistance Services also include:

1) Supports planning and
2) Nurse monitoring.

To participate in the Program, the personal assistance provider shall:

1) Comply with applicable federal and State laws, regulations, transmittals, and guidelines; and
2) Record time in accordance with procedures outlined in the Department's policies and procedures.
3) Be licensed as a residential services agency.

Supports planning services coordinate services and develop the plan of service. To participate in the Program as a supports planning provider, a provider shall be:

1) Identified by the Department through a solicitation process and agree to be monitored by the Department; or
2) The area agency on aging.

Nurse monitoring services provided by a registered nurse who completes nursing assessments on participants and evaluates the delivery of personal assistance services. To participate in the program as a provider of nurse monitoring, a provider shall be enrolled with Community First Choice.

LIMITATIONS

The following services are not covered:

1) Skilled nursing;
2) Services primarily for the purpose of housekeeping;
3) Meals delivered to the home;
4) Expenses incurred by providers while escorting participants to obtain medical diagnosis or treatment; and
5) Travel time;
6) Nurse monitoring services in the absence of personal assistance service.

23.h. Nurse Practitioner Services

This section includes certified pediatric and certified family nurse practitioners. Both groups must meet requirements listed under 440.166 of the Code of Federal Regulations. See section 6e of this plan for limitations for other licensed nurse practitioners.

The Program reimburses pediatric and family nurse practitioners directly for medically necessary services rendered to recipients in accordance with the functions allowed under the Maryland Nurse Practice Act or COMAR 10.27.07 and the certified nurse practitioner's written agreement with a physician or, if out of state, those functions authorized in the state in which the services are provided. These services shall be clearly related to the recipient’s medical needs and described in the recipient’s medical record in sufficient detail to support the invoice submitted for those services. A certified pediatric or family nurse practitioner may practice in Maryland only in the area of specialization in which the nurse practitioner is certified by the Nursing Board; or, if out of state, only in the area of specialization allowed by the licensing authority in the state in which services are provided.

A. Services which are not covered are:

1. Services not encompassed by the certified nurse practitioner’s written agreement with the physician, if required by the state in which services are provided;

2. Services not medically necessary;

3. Services prohibited by the Maryland Nurse Practice Act or by COMAR 10.27.07;

4. Services prohibited in the state in which services are provided;

5. Nurse practitioner services included as part of the cost of an inpatient facility, hospital outpatient department, or freestanding clinic;

6. Visit solely to accomplish one or more of the following:
   a. Prescription, drug or food supplement pick-up, collection of specimens for laboratory procedures;
   b. Recording of an electrocardiogram;
   c. Ascertaining the patient’s weight;
   d. Interpretation of laboratory tests or panels which are considered to be part of the office visit and may not be billed separately;

CASE MANAGEMENT SERVICES

A. Target Group: Persons who are certified for and are receiving Medical Assistance benefits, who do not reside in long-term care institutions, for whom case management has been recommended in the plan of care developed as part of the STEPS multidisciplinary assessment as necessary to enable the individual to gain access to services, who choose to receive STEPS case management services, who are not receiving the same case management services under a Section 1915(b) or (c) waiver, and who are not hospital inpatients.

B. Areas of State in Which Services Will Be Provided:

☒ Entire State

☐ Only in the following geographic areas (authority of 1915(g)(1) of the Act is invoked to provide services less than statewide):

C. Comparability of Services:

☐ Services are provided in accordance with 1902(a)(10)(B) of the Act.

☒ Services are not comparable in amount, duration and scope. Authority of 1915(g)(1) of the Act is invoked to provide services without regard to the requirements of 1902(a)(10)(B).

D. Definition of Services:

(See attached pages 2 - 3).

E. Qualifications of Providers:

(See attached pages 3-4).

F. The State assures that the provision of case management services will not restrict an individual's free choice of providers in violation of 1902(a)(23) of the Act.

1. Eligible recipients will have free choice of the providers of case management services.

2. Eligible recipients will have free choice of the providers of other medical care under the plan.

G. Payment for case management services under the plan shall not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

 approve Date 7/24/88

Effective Date 7/24/87
D. Definition of Services:

1. Case Management means a service which will assist participants in gaining access to:
   a. The full range of Medical Assistance services for which the individual is qualified and
   b. Any other needed support services such as medical, social, housing, financial, adult day care, in-home aide, and counseling.

2. In the 60-day period immediately following the Statewide Evaluation and Planning Services (STEPS) multidisciplinary assessment, initial STEPS case management includes, as a unit of service, the initial encounter with the participant to establish a plan of care, as well as all other covered services necessary for implementation of the plan of care. After this initial 60-day period, ongoing case management activities include, as a unit of service, a monthly telephone contact with the participant and all other covered services necessary as part of the follow-up.

3. The Department reimburses for case management services which include:
   a. Discussing with the participant the recommended plan of care from the STEPS multidisciplinary assessment and informing the participant of the availability of the recommended services for which the participant is potentially eligible;
   b. Arranging for delivery of services by referring the participant to qualified providers and negotiating with and securing service providers selected by the participant;
   c. Following up promptly to ensure that all services are in place and that the quantity and quality are sufficient to meet the participant's needs;
   d. Monitoring the participant and the service provision on an ongoing basis. This activity includes regular telephone contact with the recipient, recipient's family or significant others, and service providers. The telephone contacts should occur as often as necessary, but at least monthly. It also includes regularly scheduled home or in-person visits, at least quarterly.
   e. Providing assistance to service providers. This activity includes providing patient-specific information to service providers, with the participant's written consent, in order to help them provide appropriate care.
f. Determining the participant's desire and continuing need for case management services, to enable the participant to remain in the community. This determination is made no later than 60 days after case management begins and at least every 6 months after the initial 60 days. As necessary, the plan of care is revised with the participant's input. If the participant's condition changes significantly, he/she is referred for a STEPS reassessment.

4. The following conditions must be met for services to be reimbursed:
   a. Case management was recommended in the STEPS plan of care as necessary to enable the individual to remain in the community, and the participant chooses to receive such services;
   b. The STEPS case management provider and case manager are available to provide case management services not more than 3 working days after the receipt of the STEPS multidisciplinary assessment's plan of care recommendations and selection by the participant as the provider and case manager;
   c. The services are rendered to qualified participants for STEPS case management;
   d. The STEPS case management services are adequately performed as reflected on the completed form specified by the Department and submitted to the Program as a condition for payment; and
   e. The services are rendered by a provider approved to perform STEPS case management.

E. Qualifications of Providers

1. A provider of STEPS case management services must be a health services agency:
   a. Providing STEPS case management through an appropriate agreement with the Department and identified as a Program provider by the issuance of an individual account number;
   b. Employing licensed registered nurses and licensed social workers as case managers. The licensed registered nurses must:
      (i) Have 2 years of community health nursing experience; or
      (ii) Be directly supervised by a licensed registered nurse with 2 years of community health nursing experience; and
c. Demonstrating experience in providing case management services and in implementing plans of care for aged and chronically ill clients.

2. In order to be reimbursed by the State, a provider of STEPS case management services must:
   a. Ensure that employees performing STEPS case management meet the licensure requirements for either a nurse or social worker pursuant to the relevant Health Occupations Article in the Annotated Code of Maryland;
   b. Apply for participation in the Program using the application form designated by the Department;
   c. Be approved for participation by the Department;
   d. Have a provider agreement in effect;
   e. Verify the licenses and credentials of all professionals who are employed by, or who contract with, the provider of services;
   f. Verify the eligibility of recipients, as part of the billing process;
   g. Accept payment by the program as payment in full for services rendered and make no additional charge to any person for STEPS case management;
   h. Provide services without discrimination on the basis of race, color, age, sex, national origin, marital status, physical or mental handicap;
   i. Place no restrictions on a recipient's right to select among available health care providers;
   j. Maintain adequate records for a minimum of 5 years, and make them available, upon request, to the Department or its designee;
   k. Not knowingly employ or contract with person, partnership, or corporation which has been disqualified from the Program to provide or supply service to Medical Assistance recipients, unless prior written approval has been received from the Department;
   l. Agree that claims rejected for payment due to late billing may not be billed to the participant;
   m. Have a written plan for the implementation of STEPS case management;
   n. Be available to participants at least 8 hours a day, 5 days a week, have established hours of daily operation, including after hours procedures for handling emergency cases.
   o. Have existing policies and procedures concerning the provision of STEPS case management services;
p. Develop, as appropriate, interagency, intra-agency, and other agreements in order to facilitate access to long-term care services and coordinate with local public agencies and other providers of long-term care; and

q. Provide case management services to STEPS participants.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: Maryland

A. Target Group:

A participant is eligible for HIV case management services if the participant is certified for and enrolled in the Maryland’s Medical Assistance Program, diagnosed as HIV-(human immunodeficiency virus) infected, or is a child less than 2 years old born to a woman diagnosed as HIV-infected. HIV infection would be determined by the enzyme-linked immunosorbent assay (ELISA) and confirmed by the Western Blot, or another generally accepted diagnostic testing algorithm for HIV infection. Participation is conditional on the recipient's election of HIV targeted case management and on comparable case management services not being reimbursed under another Program authority. The target group does not include any individual who is an inmate of a public institution or those recipients currently residing in, or transitioning from or to, an institution.

B. Areas of State in which Services will be provided (§ 1915(g)(1) of the Act):

- Entire State
- Only in the following geographic areas: [Specify areas:]

C. Comparability of Services (§ 1902(a)(10)(B) and § 1915(g)(1)):

- Services are provided in accordance with §1902(a)(10)(B) of the Act.
- Services are not comparable in amount, duration and scope (§1915(g)(1)).

D. Definition of Services:

1. Case management means services which will assist participants in gaining access to the full range of Medical Assistance services, as well as to any additional needed medical, social, housing, financial, counseling, and other support services.

2. The Maryland Medical Assistance Program covers the following HIV targeted case management services when they have been documented as appropriate and necessary:

   a) HIV diagnostic evaluation services (DES) which include, as a unit of service, performance of a bio-psychosocial assessment and the development or revision of an individualized plan of care; and
b) HIV ongoing case management services which include the activities involved in implementing and monitoring the plan of care, as performed by a nurse, social worker or physician.

3. Targeted Case Management is a continuum of services that ensures a rapport between the recipient and case manager and develops and implements a person-centered plan. Diagnostic evaluation services (DES) are completed to evaluate and set goals for each recipient and ongoing case management helps the recipient realize those goals.

DES includes the completion of a comprehensive bio-psychosocial assessment of a participant and the development or revision of a participant’s individualized plan of care on an initial and annual basis, unless an earlier assessment is recommended by the case manager or multidisciplinary team. A multidisciplinary team develops and completes the bio-psychosocial assessment and plan of care.

a) Bio-psychosocial assessment includes gathering information from various sources (e.g., family members, medical providers, etc.) and a face-to-face assessment of the participant, preferably at the participant’s residence, to determine

i) Medical/psychiatric/substance abuse history (including current medications);
ii) Nutritional status;
iii) Emotional/behavioral status;
iv) Health care coverage;
v) Living situation;
vi) Personal support systems;
vii) Employment/income status;
viii) Health education;
ix) Social support;
x) The participant’s level of need (the team is required to document the frequency of contact, with a minimum requirement of one face-to-face contact every six months); and
xi) Any additional service needs.

b) After the bio-psychosocial assessment is completed, an individualized plan of care is developed. The plan of care:

i) Is person-centered and includes specific, measurable, achievable, realistic and time-framed goals;
ii) Is developed and written in collaboration with the participant and other members of the multidisciplinary team; and
iii) Incorporates findings and recommendations from the multidisciplinary team.
Ongoing case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual's needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual's needs. Ongoing case management activities include implementing and monitoring the plan of care through an approved HIV ongoing case management provider agency.

a) Ongoing case management services are provided to participants based on the plan of care and shall include:
   i) Regular contact that occurs at intervals agreed upon in the plan of care by the participant and case manager;
   ii) Response to participant-initiated non-emergency contact within two working days;
   iii) Documentation of every direct and indirect contact, including assessing the progress of implementation of the plan of care in the participant's record.
   iv) Assistance to the participant with each action plan to reach the goals outlined in the plan of care;
   v) Follow up by the case manager with providers in which the recipient has been referred for services; and
   vi) Examination of the actual service delivery against the plan of care.

b) Ongoing case management includes monitoring and evaluating at least every six months, with input from any members of a multidisciplinary team who have been involved with the participant's plan of care:
   i) If activities outlined in the plan of care are both furnished and adequate; and
   ii) If the needs of the participant have changed. If applicable, ongoing case management may include making necessary adjustments to the care plan including referrals for services.

c) The case manager will document a participant's case closure including:
   i) Participant notification, including date of closure, reason and/or explanation of closure;
   ii) Participant's notification of right to re-enter services at a later time;
   iii) Documentation of coordination and referral to a new provider as desired by the participant; and
   iv) Documentation of a participant's non-response to case manager attempts to reach the participant over a six-month period of time with at least three attempts to contact the participant.
E. Qualifications of Providers:

1. General requirements for participation in the Program are that providers shall be enrolled as a Medicaid provider and maintain a record on each participant.

2. Specific requirements for participation as a DES provider include all of the following:
   
a) Be a physician or a health or social services entity which employs or has a written agreement with physicians, nurses or social workers, who are currently licensed in the State of Maryland, for provision of its diagnostic evaluation services who are experienced or trained in the provision of services to HIV-infected individuals.

   b) Have a written plan for the implementation of HIV diagnostic evaluation services.

   c) Be available to participants at least 8 hours a day, 5 days a week, except on State holidays.

   d) Have existing policies and procedures concerning the performance of HIV diagnostic evaluation services.

   e) Develop procedures to expedite bio-psychosocial assessments when necessary.

   f) Have access to specialty physicians experienced and trained in provision of services to HIV-infected individuals, for consultation as necessary concerning a participant’s medical assessment and the medical services recommended in the plan of care.

   g) Present a qualified recipient with the option of receiving HIV diagnostic evaluation services and HIV ongoing case management services. The participant shall select a qualified ongoing case management provider.

   h) Establish a written agreement with any entity approved as an HIV ongoing case management provider which a participant selects as his or her ongoing case manager and agrees to allow the case manager chosen by the participant to:
      
      i) Participate as a member of the multidisciplinary team;

      ii) Assist with performance of the bio-psychosocial assessment;

      iii) Assist with the development and revision of the plan of care; and

      iv) Monitor the participants need for a revised bio-psychosocial assessment.
i) Convene a multidisciplinary team for each participant to perform the bio-psychosocial assessment and develop or revise an individualized plan of care. The team shall be composed of:
   i) The participant (and the participant’s legally authorized representative if applicable);
   ii) Representative(s) chosen by the participant, if desired. A representative from the DES provider which may include any of the following as necessary and appropriate: the participant’s primary care physician, nurse, current service provider(s), specialty physician, or social worker; and
   iii) The participant’s ongoing case manager. If employed by the DES provider, the ongoing case manager may act as the representative from the DES provider.

j) Inform the participant and the participant’s legally authorized representative(s) of recommendations for the plan of care identified from the bio-psychosocial assessment and the availability of needed services.

k) Have the capacity to conduct, at minimum, an annual bio-psychosocial assessment of the participant, unless an earlier assessment is recommended by the case manager or multidisciplinary team.

3. Specific requirements for participation as an ongoing case management provider include all of the following:

a) Be a health or social services entity employing registered nurses, licensed social workers, or licensed physicians who are trained and have at least one year experience in the provision of services as a case manager. Experience may have been acquired as volunteer work or field placement.

b) Have a written agreement:
   i) With any entity approved as an HIV diagnostic evaluation services provider from whom the ongoing case management provider is accepting referrals; and
   ii) Which permits the case manager to participate as a member of the multidisciplinary team, to have access to the plan of care, to request status updates and reports from medical providers, and to request a bio-psychosocial assessment and plan of care revision as necessary.

c) Have a written plan for the implementation of HIV ongoing case management services.

d) Have existing policies and procedures concerning the performance of HIV ongoing case management.
e) Provide ongoing case management services to participants.

f) Be available to participants at least 8 hours a day, 5 days a week, except on State holidays.

g) Have established alternatives for managing participants’ medical and social crises during off-hours that will be specified in participants’ individualized plans of care.

h) Have the capacity to meet with the participant face-to-face.

i) Be knowledgeable of the eligibility requirements and application procedures of applicable federal, State, and local government assistance programs.

j) Maintain a current listing of medical, social, housing assistance, mental health, financial assistance, counseling, and other support services available to HIV-infected individuals.

4. The specific requirement for participation in the Program as a provider of services covered under this chapter is that all providers must maintain a record on each participant which meets the Program’s requirements and which includes:

a) Verification of the participant’s HIV-infected status.

b) Verification of the participant’s eligibility for services.

c) A signed consent form by the participant to participate in ongoing case management.

d) The completed bio-psychosocial assessment.

e) The completed plan of care signed by all members of the multidisciplinary team.

f) Documentation for each contact made by the case manager including:
   i) Date and subject of contact;
   ii) Person contacted;
   iii) Person making the contact;
   iv) Nature, extent, and unit or units of service provided; and
   v) Place of service.

g) A signed case closure form when ongoing case management services are ended.
F. Freedom of Choice:

The State assures that the provisions of case management services will not restrict an individual’s free choice of providers in violation of §1902(a)(23) of the Act.

1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.

2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

G. Access to Services:

The state assures the following:

1. Case management (including targeted case management) services will not be used to restrict an individual’s access to other services under the plan.

2. Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and

3. Providers of case management services do not exercise the agency’s authority to authorize or deny the provision of other services under the plan.

4. The State assures that the amount, duration, and scope of the case management activities would be documented in a participant’s plan of care.

H. Payment

Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.
I. Case Records:

Providers maintain medical records that document the following for all participants receiving case management:

1. The name and Medicaid identification number of the participant.
2. Dates of the case management services.
3. The name of the provider agency (if relevant) and the person providing the case management service.
4. The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved.
5. Whether the participant has declined services in the care plan.
6. The need for, and occurrences of, coordination with other case managers.
7. The timeline for obtaining needed services.
8. A timeline for reevaluation of the plan.

J. Limitations:

1. Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §441.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

2. Case Management does not include, and FFP is not available in expenditures for, services defined in §441.169 when the case management activities constitute the direct delivery of underlying medical, educational, social or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements, recruiting or interviewing potential foster care parents; serving legal papers, home investigation, providing transportation; administering foster care subsidies; making placement arrangements.

3. FFP only is available for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program except for case management that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. (§§1902(a)(25) and 1905(c)).

TARGETED CASE MANAGEMENT SERVICES:
Individuals with Serious Mental Health Disorders

A. Target Group (42 Code of Federal Regulations 441.18(a)(8)(i) and 441.18(a)(9)):

A beneficiary is eligible for mental health case management services if the beneficiary:

1) Adults, age 18 and over, who have a serious mental health disorder, diagnosed,
   according to a current diagnostic and statistical manual of the American Psychiatric
   Association that is recognized by the Department, and who:
   a) Are at risk of or need continued community treatment, to prevent inpatient
      psychiatric treatment;
   b) Are elderly individuals, or young adults ages 18 through 21 who have been
      discharged from inpatient treatment in an Institution for Mental Disease;
   c) Are at risk of, or need continued community treatment to prevent being
      homeless; or
   d) Are at risk of incarceration or recently released from a detention center or
      prison.

2) All participants must meet at least one of the following conditions:
   a) The participant is not linked to mental health and medical services;
   b) The participant lacks basic supports for shelter, food, and income;
   c) The participant is transitioning from on level of care to another level of care;
      or
   d) The participant needs case management services to maintain community-
      based treatment and services.

3) The Department or its designee will authorize service delivery level based on the
   participants' needs.

X Target group includes individuals transitioning to a community setting. Case-
management services will be made available for up to 30 consecutive days of a covered
stay in a medical institution. The target group does not include individuals between ages
22 and 64 who are served in Institutions for Mental Disease or individuals who are
inmates of public institutions). (State Medicaid Directors Letter (SMDL), July 25, 2000)

State/Territory: Maryland

TARGETED CASE MANAGEMENT SERVICES:
Individuals with Serious Mental Health Disorders

Only in the following geographic areas:

C. Comparability of services (§§1902(a)(10)(B) and 1915(g)(1))
   Services are provided in accordance with §1902(a)(10)(B) of the Act.
   Services are not comparable in amount duration and scope (§1915(g)(1)).

D. Definition of Services (42 CFR 440.169):
   Targeted case management services are defined as services furnished to assist
   individuals, eligible under the State Plan, in gaining access to needed medical, social,
   educational and other services. The unit of service is one day, with a minimum of 1 hour
   per day of contact, which may include face-to-face contacts with a participant, and non-
   face-to-face contacts on behalf of the participant with nonparticipants, that are directly
   related to identifying the needs and supports for helping the individual to access
   services. The maximum service limit is 5 units per month, which may be exceeded
   based on clinical review by the Department or its designee. This includes all TCM
   activities, with the exception of the assessment, which uses a unit of service of one
   assessment and is billed separately.

Targeted Case Management includes the following assistance:

1) Comprehensive Assessment and Periodic Reassessment
   A community support specialist conducts a comprehensive assessment and
   periodic reassessment of individual needs to determine the need for any medical,
   educational, social or other services. These assessment activities include:

   a) Taking client history;
   b) Identification of the participant's stated needs and review of information
      concerning a participant's mental health, social, familial, cultural, medical,
      developmental, legal, vocational, and economic status to assist in the
      formulation of a care plan;
   c) Input from the participant, family members, and friends of the participant, as
      appropriate, and community service providers such as mental health
      providers, medical providers, social workers, and educators (if necessary) to
      form an assessment of the service needs of the participant;
   d) A required home visit by the community support specialist or community
      support specialist associate; and
   e) Reassessment to occur at least every six months.

2) Development (and Periodic Revision) of a Specific Care Plan
   a) Case management providers shall develop and periodically revise plans of
      care for each participant, based on the information collected through the
      assessment, that:
TARGETED CASE MANAGEMENT SERVICES:
Individuals with Serious Mental Health Disorders

i. Specifies the goals and actions to address the medical, mental health, social, educational, and other services needed by the individual;

ii. Includes activities such as ensuring the active participation and agreement of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and

iii. Identifies a course of action to respond to the assessed goals and needs of the eligible individual.

b) The care plan shall be updated in conjunction with the participant's schedule for reassessments, to ensure that all services being provided remain sufficient. The participant, the participant's family, and any other significant others, with the participant's consent, shall participate with the community support specialist, to the extent practicable, in the development and regular updating of the participant's care plan.

c) The care planning process promotes consistent, coordinated, and timely service provision.

d) Care planning may include, as necessary and appropriate:

i. The care planning meeting, which includes the participant and with the participant's consent, providers, family members, other interested persons, as appropriate, for the purpose of establishing, coordinating, revising, and reviewing the care plan;

ii. The development and periodic updating of the written individualized care plan based on the participant's needs, progress, and stated goals; and

iii. Transitional care planning that involves contact with the participant or the staff of a referring agency or a service provider who is responsible to plan for continuity of care from inpatient level of care or an out of home placement to another type of community service.

3) Referral and Related Activities.

a) Community support specialist associates, under the direction of community support specialists, shall assure that the participant has applied for, has access to, and is receiving the necessary services. These services will be those that contribute to meeting the participant's needs and achieving goals as specified in the care plan, such as mental health, medical, social, or educational providers, resource procurement, transportation, or crisis intervention. This may include:

i. Scheduling appointments for the participant to help the eligible individual obtain needed services;

ii. Community support development by contacting, with the participant's consent, members of the participant's support network,
TARGETED CASE MANAGEMENT SERVICES:
Individuals with Serious Mental Health Disorders

including, family friends, and neighbors, as appropriate, to mobilize assistance for the participant;

iii. Crisis intervention by referral on an emergency basis when immediate intervention is necessary;

iv. Linking the participant to transportation to and from services;

v. Outreach in an attempt to locate service providers which can meet the participant’s needs; and

vi. Reviewing the care plan with the participant and with the participant’s consent, the participant’s family and friends, as appropriate, in order to facilitate their participation in the care plan’s implementation

4) Monitoring and Follow-up Activities:

a) Monitoring and follow-up activities and contacts necessary to ensure the care plan is implemented and adequately addresses the eligible individual’s needs. These activities may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one assessment every six months to determine whether the following conditions are met:

   i. Services are being furnished in accordance with the individual’s care plan;

   ii. Services in the care plan are adequate; and

   iii. Changes in the needs or status of the individual are reflected in the care plan. Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.

b) Engage in ongoing interaction with the participant, and, with the participant’s consent, the participant’s family and friends as appropriate and service providers.

c) Follow up after service referral and monitor service provision on an ongoing basis, to ensure that the agreed-upon services are provided, are adequate in quantity and quality, and meet the participant’s needs and stated goals; and

d) Advocacy including:

   i. Empower the participant to secure needed services

   ii. Take any necessary actions to secure services on the participant’s behalf; and

   iii. Encourage and facilitate the participant’s informed decision making and choices leading to accomplishment of the participant’s goals.

e) The care plan may be revised to reflect changing needs identified from the service monitoring.

Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual’s needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the
eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual’s needs. (42 CFR 440.169(e))

E. Qualifications of providers (42 CFR 441.18(a)(8)(v) and 42 CFR 441.18(b)):
The local mental health authority, called core service agencies (CSA), are agents of the county government who are responsible for planning and coordinating mental health services at the local level. Case management providers currently under contract with a CSA shall be approved to provide case management services until the end of their existing contract. Thereafter, at least once every five years, CSAs shall develop request for proposals (RFP) for mental health case management programs with experience serving individuals with serious mental illness or emotional disorders through the public mental health system. Case Management services may be provided by local health departments unless the Director of the MHA and the county health officer determine that the provision of case management services would be preferable to be delivered by a private vendor.

Qualified provider agencies of case management shall be: 1) approved or licensed in Maryland as a community mental health program under Mental Hygiene Administration’s community mental health regulations or have three years experience providing mental health case management services, and 2) have at least 3 years experience providing services to individuals with serious mental illness A case management provider agency willing to furnish case management services to the target population submits an application to the Department in order to demonstrate compliance with case management regulations, including provider qualifications. The Department reviews the application, and, if warranted, approves the provider agency as a mental health case management program.

Before a participant receives case management services, the Department’s Mental Hygiene Administration’s (MHA) Administrative Services Organization (ASO) reviews the authorization request, determines if the participant is meets medical necessity criteria, and if the participant meets the criteria, the participant is authorized for case management services. The participant has the option to choose from a variety of case managers hired by the case management program.

1) General requirements for the participation in the Program are that a case management program shall be enrolled as a Medicaid provider and meet all the conditions for participation as set forth in the Code of Maryland Regulations (COMAR) regarding conditions for provider participation in the Maryland Medical Assistance Program.. These regulations describe the condition to participate in the Program, and that the provider shall comply and ensure compliance with all the Medical Assistance provisions listed in COMAR designated for their provider type.
TARGETED CASE MANAGEMENT SERVICES:
Individuals with Serious Mental Health Disorders

2) Specific requirements for participation in the Program as a mental health case management program include all of the following:

a) Place no restriction on the qualified participant’s right to elect to or decline to:
   i. Receive mental health case management services as authorized by the Department or the Department’s designee; or
   ii. Choose a community support specialist or associate as approved by the Department or the Department’s designee.

b) Employ appropriately qualified individuals as community support specialists and community support specialist associates with relevant work experience, including experience with the population served by the program, including but not limited to Adults with serious and persistent mental disorders.

c) Assure that a participant’s initial assessment shall be completed within 20 days after the participant has been authorized by the ASO and determined eligible for, and has elected to receive, mental health case management services. An initial care plan shall be completed within 10 days after completion of the initial assessment.

d) Maintain a file for each participant which includes all of the following:
   i. An initial referral and intake form with identifying information;
   ii. A written agreement for services signed by the participant or the participant’s legally authorized representative and by the participant’s community support specialist;
   iii. An assessment, documented according to the Administration’s requirements;
   iv. A care plan, updated, at a minimum of every six months, which contains at a minimum:
      (1) A description of the participant’s strengths and needs;
      (2) The diagnosis established as evidence of the participant’s eligibility for services under this chapter;
      (3) The goals of the community support services, with expected target dates;
      (4) The proposed intervention;
      (5) Designation of the community support specialist with primary responsibility for implementation of the care plan; and
      (6) Signatures of the community support specialist, participant or the participant’s legally authorized representative, and significant others if appropriate.

v. An ongoing record of contacts made in the participant’s behalf, which includes all of the following:
   (1) Date and subject of contact;
   (2) Individual contacted;
   (3) Signature of community support specialist or community support specialist associate making the contact;
   (4) Nature, content, and unit or units of service provided;
   (5) Place of service;

(6) Whether goals specified in the care plan have been achieved;  
and  
(7) The timeline for obtaining needed services.

vi. Monthly summary notes, which reflect progress made towards the  
participant’s stated goals.

e) Have formal written policies and procedures, approved by the Department,  
which specifically address the provision of mental health case management  
services to participants in accordance with these requirements;

f) Be available to participants and, as appropriate, the participant’s families for  
24 hours a day, 7 days a week in order to refer participants to needed  
services and supports and in a psychiatric emergency, to refer to mental  
health treatment and evaluation services in order to prevent the participant  
from accessing a higher level of care;

g) Participants may decline case management services. This will be  
documented in the participant’s case management record;

h) Designate specific qualified staff to provide mental health case management  
services that shall include at least one community support specialist per  
agency and also may include a community support specialist associate;

i. Community support specialist means an individual who is employed  
by the case management program to provide case management  
services to participants, is chosen as the case manager by the  
participant or the participant’s legally authorized representative, and  
has at least a:

(1) Bachelor’s degree in a mental health field and 1 year of mental  
health experience including mental health peer support, or  
(2) Bachelor’s degree in a field other than mental health and 2 years  
of mental health experience including a mental health peer  
support.

ii. Community support specialist associate means an individual who is  
employed by the case management program to assist community  
support specialists in the provision of mental health case  
management services to participants, work under the supervision of  
a community support specialist who delegates specific tasks to the  
associate, and has at least a high school degree or the equivalent,  
and 2 years of experience with individuals with mental illness  
including mental health peer support.

iii. Community support specialist supervisor means an individual who is

a ratio of one supervisor for every eight community support specialists or associates; who provides clinical oversight of assessments and case management services rendered, and consultation and training to community support specialists and community support specialist associates regarding mental illness; who provides some direct case management services; and who is a mental health professional who is authorized and licensed under Maryland Practice Boards in the profession of Social Work, Professional Counseling, Psychology, Nursing, Occupational Therapy, or Medicine; and has one year experience in mental health working as a supervisor.

i) Refrain from providing other services to participants which would be viewed by the Department as a conflict of interest;

j) Be knowledgeable of the eligibility requirements and application procedures of federal, State, and local government assistance programs which are applicable to participants;

k) Maintain information on current resources for mental health, medical, social, financial assistance, vocational, educational, housing, and other support services;

l) Safeguard the confidentiality of the participant’s records in accordance with State and federal laws and regulations governing confidentiality;

m) Comply with the requirements for the delivery of mental health services outlined by the department.

Freedom of choice (42 CFR 441.18(a)(1)):
The State assures that the provision of case management services will not restrict an individual’s free choice of providers in violation of section 1902(a)(23) of the Act.

1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.

2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b)):
Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services: Providers must be selected through a competitive procurement process by the local Core Service Agency, in accordance with the 1915(b)(4) waiver. in the State is adequately prepared to offer high-quality, comprehensive case management services to eligible individuals.

Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6)): The State assures the following:

• Case management (including targeted case management) services will not be used to restrict an individual's access to other services under the plan.
• Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and
• Providers of case management services do not exercise the agency's authority to authorize or deny the provision of other services under the plan.

Payment (42 CFR 441.18(a)(4)):
Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

Case Records (42 CFR 441.18(a)(7)):
Providers maintain case records that document for all individuals receiving case management as follows: (i) The name of the individual; (ii) The dates of the case management services; (iii) The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The need for, and occurrences of, coordination with other case managers; (vii) A timeline for obtaining needed services; (viii) A timeline for reevaluation of the plan.

Limitations:
Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs. This includes services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents.

B. Definition of services (42 CFR 440.169):
Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Units of service are 15 minutes of contact, which may include face-to-face and non-face-to-face contacts with the participant or, if the participant is a minor, with the minor's parent or guardian; and indirect collateral contacts on behalf of the participant with other community providers. The maximum service limit is 60 units per month, which may be exceeded based on clinical review by the Department or its designee.

Targeted Case Management includes the following assistance:

(1) Comprehensive participant assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services, using the child and youth assessment tools designated by the Department.

(a) Initial assessment or reassessment involves the taking the client history, identifying the individual’s needs, and reviewing information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual. This information may relate to the participant's mental health, social, familial, educational, cultural, medical, developmental, legal, vocational, and economic status to assist in the formulation of a Plan of Care (POC).

(b) The initial assessment or reassessment of the participant's needs and progress is facilitated by the care coordinator in partnership with a team, which includes the participant, family members, and friends of the participant, as appropriate, or, if the participant is a minor, the minor's parent or guardian, and community service providers, such as mental health providers, medical providers, social workers, and educators, as appropriate.

(c) Coordination and facilitation of the team:
   (i) Identification of a location for the meeting that is suitable to the participant's needs;
   (ii) Convened at least every six months, or more frequently, as clinically necessary or indicated by the plan of care;

(d) After an initial assessment, each participant shall be reassessed at a minimum of every six months.

(2) Development (and Periodic Revision) of a Specified Plan of Care

TARGETED CASE MANAGEMENT SERVICES: Care Coordination for Children and Youth

(a) After the initial assessment is completed, a POC shall be developed based on the information obtained through the comprehensive screening and assessment tools approved by the Department.

(b) The Care Coordination Organization shall finalize the POC within 30 calendar days of notification of enrollment and submit it to the Department or its designee.

(c) Development of and updates to the POC will be youth and family-directed and managed through team meetings.

(d) The POC development process includes:
   (i) The team meeting, which includes the participant, and if the participant is a minor, the minor’s parent or guardian, providers, family members, other interested persons, as appropriate, for the purpose of establishing, revising, and reviewing the POC;
   (ii) The development of the written, individualized POC based on the participant's strengths, needs, and progress toward outcome measures;
   (iii) Transitional care planning that involves contact with the participant or, if the participant is a minor, the minor’s parent or guardian, or the staff of a referring agency, or a service provider who is responsible to plan for continuity of care from inpatient level of care or an out-of-home placement to another type of community service; and
   (iv) Discharge planning from care coordination, when appropriate and when the family is closer to their identified vision, needs have been met, and outcome measures achieved for care coordination have been achieved.

(e) After the POC is developed, it shall be updated as often as clinically indicated based on the strengths and needs of the participant but in no instance less than every six months, and within seven days following a crisis event.

(f) Requirements of the POC. The POC shall contain, at minimum:
   (i) A description of the participant's strengths and needs;
   (ii) The diagnosis(es) established as evidence of the participant's eligibility for services under this chapter;
   (iii) The goals of care coordination services to address the behavioral health, medical, social, educational, and other services needed by the participant, with expected target completion dates and proposed course of action;
TARGETED CASE MANAGEMENT SERVICES:

(iv) A crisis plan including the proposed strategies and interventions for preventing and responding to crises and the youth and family’s definitions of what constitutes a crisis;

(v) Designation of the care coordinator with primary responsibility for implementation of the POC;

(vi) Signatures of the care coordinator and other team members, if appropriate;

(vii) Signatures of the participant and family indicating that the participant and family has actively participated in the development of the POC, had choice in the selection of services, providers, and interventions, when possible;

(viii) An ongoing record of contacts made on the participant's behalf; and

(ix) The following details for each recommended service the following information, as appropriate:
   a. Description of the service;
   b. Service start date;
   c. Estimated duration;
   d. Frequency and units of service to be delivered;
   e. The specific need or goal that the service is related to; and,
   f. The provider name and contact information.

(g) The CCO shall facilitate team meetings to review and update the POC, which includes the following duties:

(i) Coordinate and facilitate the team, with team meetings convened at least every 45 days or more frequently as clinically indicated;

(ii) Record and keep notes at every team meeting that include the team members who were present, a summary of the discussion, any changes to the POC, and action items for follow up, and share them with the team members, including those who were not in attendance;

(iii) Update the POC to include change in progress, services, or other areas within five days of the team meeting;

(iv) Ensure that the care coordinator facilitates team meetings, access to the services and supports in the POC, administers the appropriate assessments, and works with the participant and family to develop an

initial crisis plan that includes response to immediate service needs; and  

(v) Provide an overview of the wraparound process for those enrolled in a wraparound model of services.  

(3) Referral and Related Activities.  
The care coordinator shall assure that the participant, or, if the participant is a minor, the minor's parent or guardian, has applied for, has access to, and is receiving the necessary services available to meet the participant's needs as specified in the POC, such as mental health services, resource procurement, transportation, or crisis intervention. The care coordinator shall take the necessary action when this has not occurred. The linkage process shall include:  

(a) Community and natural support development by contacting, with the participant's consent, members of the participant's support network, including team members, for example, family, friends, and neighbors, as appropriate, or, if the participant is a minor, the minor's parent or guardian, to mobilize assistance for the participant;  

(b) Crisis intervention by referral of the participant or, if the participant is a minor, the minor's parent or guardian, to services on an emergency basis when immediate intervention is necessary;  

(c) Linking the participant to transportation to and from services;  

(d) Outreach in an attempt to locate service providers which can meet the participant's needs, or, if the participant is a minor, the minor's parent or guardian's needs for the child or adolescent;  

(e) Reviewing the POC with the participant and the participant's team, as appropriate, or, if the participant is a minor, with the minor's parent or guardian, so as to enable and facilitate their participation in the plan's implementation; and  

(f) Providing linkages to health and wellness education, information, high-quality health care services, preventive and health promotion resources, and chronic disease management services with an emphasis on resources available in the family's community and peer group; and,  

(4) Monitoring and Follow-up Activities  

(a) A CCO shall monitor the activities and contacts that are considered necessary to ensure the POC is implemented and adequately addresses the participant's needs, and include:

(iv) Other service providers, if any.

(b) The CCO shall:
(i) Follow up any service referral within seven days to determine whether the participant, or if the participant is a minor, the minor's parent or guardian made contact with the service provider that the participant was referred to; and
(ii) Monitor service provision on an ongoing basis, and including at least one annual monitoring, to ensure that the agreed-upon services are provided, are adequate in quantity and quality, and meet the participant's needs and stated goals, or, if the participant is a minor, the parent's or guardian's stated needs and goals for the participant.
(iii) Revise the POC to reflect the participant's changing needs.
(iv) Engage in participant advocacy, including:
   i. Empowering the participant and, if the participant is a minor, the minor's parent or guardian, to secure needed services;
   ii. Taking any necessary actions to secure services on the participant's behalf; and
   iii. Encouraging and facilitating the participant's decision-making and choices leading to accomplishment of the participant's goals or, if the participant is a minor, encourage the parent or guardian to carry out these decisions.

   d. Is employed by the CCO to provide care coordination services to participants; and
   e. Provides management of the POC and facilitation of the CFT meetings.

(3) Required criminal background checks. The provider shall, at the provider's own expense and for all staff, volunteers, students, and any individual providing Care Coordination services to participants and their families:
   (a) Before employment, submit an application for a child care criminal history record check to the Criminal Justice Information System Central Repository, Department of Public Safety and Correctional Services (DPSCS); and
   (b) Request that DPSCS send the report to:
      (i) The director of the agency if the request is from a provider agency concerning staff, volunteers, students, or interns who will work with the participant or family; or
      (ii) To the Department's designee, if the provider is a self-employed, independent practitioner, or the director of the agency;
(iii) Review the results of the background checks; and
(iv) Store background checks in a secure manner consistent with State and federal law; and
(v) Maintain written documentation in the individual's personnel file that the director and all direct service provider staff including, but not limited to, volunteers, interns, and students, meet all requirements.

(4) Prohibitions against utilization of staff. The provider shall:

(a) Unless waived by the Department, prohibit from working with the participant or the participant's family any staff, volunteers, students, or any individual who is:
   (i) Convicted of, received probation before judgment, or entered a plea of \textit{nolo contendere} to a felony or a crime of moral turpitude or theft or have any other criminal history that indicates behavior which is potentially harmful to participant; or
   (ii) Be cited on any professional licensing or certification boards or any other registries with a determination of abuse, misappropriation of property, financial exploitation, or neglect.
   (iii) Has an indicated finding of child abuse or neglect.

(5) Waiver of Employment Prohibitions. The Department may waive the prohibition against working with the participant or the participant's family if the provider submits a request to the Department together with the following documentation that:

(a) For criminal background checks:
   (i) The conviction, the probation before judgment, or plea of \textit{nolo contendere} to a felony or crime involving moral turpitude or theft was entered more than 10 years before the date of the employment application;
   (ii) The criminal history does not indicate behavior that is potentially harmful to participants; and
   (iii) Includes a statement from the individual as to the reasons the prohibition should be waived; and

(b) For abuse and neglect findings:
   (i) The indicated finding occurred more than seven years before the date of the clearance request;

Freedom of choice (42 CFR 441.18(a)(1)):
The State assures that the provision of case management services will not restrict an individual's free choice of providers in violation of section 1902(a)(23) of the Act.

1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.
2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b)):
Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services. Providers must be selected through a competitive procurement process by the local Core Service Agency, in accordance with the State’s 1915(b)(4) waiver. This process will ensure that every jurisdiction in the State is adequately prepared to offer high-quality, comprehensive case management services to eligible individuals.

Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6)):
The State assures the following:
• Case management (including targeted case management) services will be provided in a manner consistent with the best interest of recipients and will not be used to restrict an individual’s access to other services under the plan.
• Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and
• Providers of case management services do not exercise the agency’s authority to authorize or deny the provision of other services under the plan.

Payment (42 CFR 441.18(a)(4)):
Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

Case Records (42 CFR 441.18(a)(7)):
Providers maintain case records that document for all individuals receiving case management as follows: (i) The name of the individual; (ii) The dates of the case
TARGETED CASE MANAGEMENT SERVICES:
Care Coordination for Children and Youth

management services; (iii) The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The need for, and occurrences of, coordination with other case managers; (vii) A timeline for obtaining needed services; (viii) A timeline for reevaluation of the plan.

Limitations:
Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; making placement arrangements. (42 CFR 441.18(c))

FFP only is available for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program except for case management that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. I. Eligibility

The State determines eligibility for PACE enrollees under rules applying to community groups.

A. X The State determines eligibility for PACE enrollees under rules applying to institutional groups as provided for in section 1902(a)(10)(A)(ii)(VI) of the Act (42 CFR 435.217 in regulations). The State has elected to cover under its State plan the eligibility groups specified under these provisions in the statute and regulations. The applicable groups are: A Special Income level equal to 300% of the SSI Federal Benefit (FBR) (42 CFR 435.217)

(If this option is selected, please identify, by statutory and/or regulatory reference, the institutional eligibility group or groups under which the State determines eligibility for PACE enrollees. Please note that these groups must be covered under the State’s Medicaid plan.)

B. ___ The State determines eligibility for PACE enrollees under rules applying to institutional groups, but chooses not to apply post-eligibility treatment of income rules to those individuals. (If this option is selected, skip to II - Compliance and State Monitoring of the PACE Program.

C. X The State determines eligibility for PACE enrollees under rules applying to institutional groups, and applies post-eligibility treatment of income rules to those individuals as specified below. Note that the post-eligibility treatment of income rules specified below are the same as those that apply to the State’s approved HCBS waiver(s).

Regular Post Eligibility

1. ___ SSI State. The State is using the post-eligibility rules at 42 CFR 435.726. Payment for PACE services is reduced by the amount remaining after deducting the following amounts from the PACE enrollee’s income.

(a). Sec. 435.726--States which do not use more restrictive eligibility requirements than SSI.
1. Allowances for the needs of the:
   (A.) Individual (check one)
   1. The following standard included under the State plan
      (check one):
      (a) ____ SSI
      (b) ____ Medically Needy
      (c) ____ The special income level for the institutionalized
      (d) ____ Percent of the Federal Poverty Level: ____%
      (e) ____ Other (specify): ________
   2. ____ The following dollar amount: $________
      Note: If this amount changes, this item will be revised.
   3. ____ The following formula is used to determine the needs
      allowance:

      Note: If the amount protected for PACE enrollees in item 1 is equal to, or greater than the
      maximum amount of income a PACE enrollee may have and be eligible under PACE, enter N/A
      in items 2 and 3.

   (B.) Spouse only (check one):
   1. ____ SSI Standard
   2. ____ Optional State Supplement Standard
   3. ____ Medically Needy Income Standard
   4. ____ The following dollar amount: $________
      Note: If this amount changes, this item will be revised.
   5. ____ The following percentage of the following standard
      that is not greater than the standards above: ____% of
      standard.
   6. ____ The amount is determined using the following formula:

   7. ____ Not applicable (N/A)

   (C.) Family (check one):
   1. ____ AFDC need standard
   2. ____ Medically needy income standard

   The amount specified below cannot exceed the higher of the need standard for a family of
   the same size used to determine eligibility under the State's approved AFDC plan or the
   medically needy income standard established under 435.811 for a family of the same size.

4. The following percentage of the following standard that is not greater than the standards above: _____% of _____ standard.

5. The amount is determined using the following formula:

6. Other

7. Not applicable (N/A)

(2). Medical and remedial care expenses in 42 CFR 435.726.

Regular Post Eligibility

2. 209(b) State, a State that is using more restrictive eligibility requirements than SSI. The State is using the post-eligibility rules at 42 CFR 435.735. Payment for PACE services is reduced by the amount remaining after deducting the following amounts from the PACE enrollee’s income.

(a) 42 CFR 435.735—States using more restrictive requirements than SSI.

1. Allowances for the needs of the:
   (A.) Individual (check one)
   1. The following standard included under the State plan (check one):
      (a) SSI
      (b) Medically Needy
      (c) The special income level for the institutionalized
      (d) Percent of the Federal Poverty Level: _____%
      (e) Other (specify): ______________________

2. The following dollar amount: $ __

   Note: If this amount changes, this item will be revised.

3. The following formula is used to determine the needs allowance:

Note: If the amount protected for PACE enrollees in item 1 is equal to, or greater than the maximum amount of income a PACE enrollee may have and be eligible under PACE, enter N/A in items 2 and 3.

(B.) Spouse only (check one):
1. The following standard under 42 CFR 435.121:

2. The Medically needy income standard

3. The following dollar amount: $ __________
   Note: If this amount changes, this item will be revised.
4. The following percentage of the following standard that is not greater than the standards above: _____% of _____ standard.
5. The amount is determined using the following formula:

6. Not applicable (N/A)

(C.) Family (check one):
1. AFDC need standard
2. Medically needy income standard

The amount specified below cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the State's approved AFDC plan or the medically needy income standard established under 435.811 for a family of the same size.

3. The following dollar amount: $ __________
   Note: If this amount changes, this item will be revised.
4. The following percentage of the following standard that is not greater than the standards above: _____% of _____ standard.
5. The amount is determined using the following formula:

6. Other
7. Not applicable (N/A)

(b) Medical and remedial care expenses specified in 42 CFR 435.735.

Spousal Post Eligibility

3. X State uses the post-eligibility rules of Section 1924 of the Act (spousal impoverishment protection) to determine the individual’s contribution toward
the cost of PACE services if it determines the individual’s eligibility under section 1924 of the Act. There shall be deducted from the individual’s monthly income a personal needs allowance (as specified below), and a community spouse’s allowance, a family allowance, and an amount for incurred expenses for medical or remedial care, as specified in the State Medicaid plan.

(a.) Allowances for the needs of the:
   1. Individual (check one)
      
      A). The following standard included under the State plan (check one):
         1. SSI
         2. Medically Needy
         3. The special income level for the institutionalized
         4. Percent of the Federal Poverty Level: %
         5. Other (specify): _________ 

      B). The following dollar amount: $ ______
         Note: If this amount changes, this item will be revised.

      C). The following formula is used to determine the needs allowance:
         300% of SSI for PACE enrollees living at home. For PACE enrollees living in assisted living, $60 for personal needs and $420 to pay the facility for room and board

      If this amount is different than the amount used for the individual’s maintenance allowance under 42 CFR 435.726 or 42 CFR 435.735, explain why you believe that this amount is reasonable to meet the individual’s maintenance needs in the community:
      We believe that individuals who are maintaining a community residence on an income at or below 300% of SSI require all of their income to meet routine household and personal expenses. For PACE enrollees living in assisted living, the same post-eligibility rules are used as for the Older Adults Waiver, with the enrollee expected to pay for room and board and towards the cost of care while retaining $ 60 for personal needs.

II. Rates and Payments
   
   A. The State assures HCFA that the capitated rates will be equal to or less than the cost to the agency of providing those same fee-for-service State plan approved services on a fee-for-service basis, to an equivalent non-enrolled population group based upon the following methodology. Please attach a description of the negotiated rate setting.
methodology and how the State will ensure that rates are less than the cost in fee-for-service.

1. X Rates are set at a percent of fee-for-service costs
2. ___ Experience-based (contractors/State’s cost experience or encounter date)(please describe)
3. ___ Adjusted Community Rate (please describe)
4. ___ Other (please describe)

B. The State Medicaid Agency assures that the rates were set in a reasonable and predictable manner. Please list the name, organizational affiliation of any actuary used, and attestation/description for the initial capitation rates.

C. The State will submit all capitated rates to the HCFA Regional Office for prior approval.

III. Enrollment and Disenrollment

The State assures that there is a process in place to provide for dissemination of enrollment and disenrollment data between the State and the State Administering Agency. The State assures that it has developed and will implement procedures for the enrollment and disenrollment of participants in the State’s management information system, including procedures for any adjustment to account for the difference between the estimated number of participants on which the prospective monthly payment was based and the actual number of participants in that month.
State of Maryland
PACE STATE PLAN
Rate-setting Methodology

The Department calculates the capitation rates for the PACE program using a UPL analysis, applying service-category specific cost trends to derive a per-member per-month amount for defined coverage groups reflecting age, gender, and region of the eligible population.

The methodology establishes a base period of two consecutive fiscal years' worth of data that reflect the trended Medicaid fee for service (FFS) costs of a population eligible for the PACE program, i.e., persons aged 55 and older, certified medically eligible for nursing facility level of care, and living in Baltimore City and contiguous zip codes, so that the costs used to develop PACE rates reflect those of its regional service area.

Recipients already enrolled in Medicaid managed care programs (including PACE) are excluded from the comparison base. No adjustments for administrative costs associated with PACE are included, and certain categories of costs not associated with a PACE-eligible, nursing facility-certified population are excluded from the claims data.

To develop annual PACE rates for CY 2009 and beyond, the Department will re-base the claims period by moving it forward one year, such that one year of the current two-year base period will have been included in the previous year's base. Each of the two base years' data is trended forward by category of service (i.e., acute care based upon the latest trend information for Medicaid costs, nursing facility costs based on the latest changes in nursing home rates, and home health and special service costs based on the latest available Medicaid FFS experience for the PACE-eligible recipients.)

Calculation of Capitation Rates

The two years of trended data are combined to calculate costs on a per-member per-month basis, subtotaled by age (under- or over-65), by eligibility group, and weighted by the expected mix of program participants receiving long term care services in institutional compared to community-based settings. The rates are then reduced by an assumption of 2% savings attributed to managed care, and blended rates determined, according to the following categories:

1) Ages 55-64, Medicaid-only
2) Ages 65 and over, Medicaid-only
3) Ages 55-64, Dual eligibility
4) Ages 65 and over, Dual eligibility
5) Ages 55-64, QMB
6) Ages 65 and over, QMB

H. Reimbursement Methodology:

See Attachment 4.19 A & B, Page 50
A. Target Group: Children between the ages of birth and up to age three years who are federally eligible Medical Assistance recipients and:

1. Are experiencing developmental delays as measured and verified by diagnostic instruments and procedures approved by the Maryland Infants and Toddlers Program, which indicate that the child is functioning at least 25 percent below chronological age in at least one of the five developmental areas of cognitive development, physical development (including fine and gross motor and sensory development), speech and language development, psychological development, and self-help skills;

2. Have a diagnosed physical or mental condition that has a high probability of resulting in developmental delay, as described in (1) above; or

3. Demonstrate atypical development or behavior, which is demonstrated by abnormal quality of performance and function in at least one of the five developmental areas, interferes with current development, and is likely to result in future developmental delay, as described in (1) above.

Participation is conditional upon an election statement signed by the parent and filed with the chosen early intervention services (EIS) case management (CM) provider, which admits the child to early intervention services case management. Also, the child may not be receiving the same case management services under another Program authority and must be determined by a multidisciplinary team to be eligible for early intervention services.

D. Definition of Services:

1. Case management means services which will assist participants in gaining access to the full range of Medical Assistance services, as well as to any additional needed medical, social, mental health, financial assistance, counseling, educational, and other support services.

   The Maryland Medical Assistance Program reimburses for the following services under early intervention services case management, when they have been documented as necessary and appropriate.

2. Initial case management services. A unit of service is defined as a completed initial Individualized Family Service Plan (IFSP) and at least one contact with the participant or the participant's family, in the participant's behalf.

   The covered services shall include convening and conducting a multidisciplinary team to perform a multidisciplinary assessment and to develop an initial IFSP for the participant that will identify the:
(a) Participant's needs for early intervention, medical, mental health, social, educational, financial assistance, counseling, and other support services.
(b) Responsibilities and rights of the participant and the family.
(c) EIS CM provider's responsibilities, and
(d) Resources available to provide the needed services.

3. Ongoing Case Management Services.

(a) Ongoing case management service is provided subsequent to initial case management services.

(b) A unit of service includes a monthly telephone call to or visit with the participant's family, in the participant's behalf, and all other necessary covered services.

(c) These services shall include:

(i) Maintaining contact with the participant and the family through home visits, office visits, telephone calls, and follow-up services as necessary;
(ii) Referring the participant to direct service providers; assisting the participant in gaining access to services specified in the IFSP; and providing linkage to agreed-upon direct service providers of early intervention services;
(iii) Discussing with direct service providers of early intervention services the services needed and available for the participant, determining the quality and quantity of service being provided, following up to identify any obstacles to the participant's utilization of services, coordinating the service delivery, and performing ongoing monitoring to determine whether the recommended services are being delivered and meet the participant's current needs;
(iv) Providing the participant's family with information and direction that will assist the participant in successfully accessing and utilizing the services recommended in the IFSP;
(v) Informing the participant's family of the participant's and their rights and responsibilities in regard to specific programs and resources;
(vi) Conducting, with the participant's family, a periodic review of the participant's IFSP every 6 months, or more frequently if conditions warrant or the family requests such a review;
(vii) A periodic review accomplished at a meeting or by other means acceptable to the family and others involved in the review process, and which shall determine the following:
(aa) The degree of the participant's progress toward achieving the goals established in the IFSP, and
(bb) Whether the goals or recommended services need to be revised; and
(viii) Being available to the participant and the family on a nonscheduled basis as necessary for problem resolution and crisis management related to the participant's needs.
4. Annual IFSP Review.

(a) A unit of service is defined as a completed annual IFSP review and at least one contact with the participant or the participant's family, in the participant's behalf.

(b) The covered services include convening and conducting a multidisciplinary team to perform a multidisciplinary reassessment and to review, and revise as necessary, the participant's IFSP.

E. Qualifications of Early Intervention Services Case Management Providers

1. Professionals participating as EIS case managers employed by an EIS CM provider (e.g. social workers, registered nurses, audiologists, nutritionists, occupational therapists, physical therapists, clinical psychologists, school psychologists, special educators, speech language pathologists, physicians, and professional counselors) must be licensed or certified according to the respective authoizing regulations for the state in which the services are rendered.

2. General requirements for participation in the Maryland Medical Assistance Program are that providers shall:

(a) Verify the licenses and credentials of all individuals employed by the provider for performing the covered services;
(b) Apply for participation as a Program provider, using an application form designated by the Department;
(c) Have a signed provider agreement in effect with the Department;
(d) Be approved for participation by the Department;
(e) Be identified as a Program provider by issuance of a provider account number;
(f) Agree to verify a participant's eligibility for Medical Assistance each time service is provided;
(g) Accept payment by the Program as payment in full for services rendered to eligible participants and make no additional charge to a person for the specified covered services;
(h) Provide services without regard to race, color, sex, national origin, marital status, or physical or mental handicap;
(i) Maintain adequate records concerning service provision for a minimum of 6 years and make them available upon request to the Department or its designee;
(j) Agree to refrain from knowingly employing, contracting with, or having a written agreement with a person, partnership, or corporation which the Program has disqualified from providing or supplying services to recipients;
(k) Agree that, if the Program denies payment or requests repayment due to the provider's violation of program requirements, the provider may not seek payment from the participant or the participant's parent or family;
(l) Place no restrictions on the right of the participant's parent or family to choose a provider in the participant's behalf;

MAY 15, 1991
NOV 19, 1990
(m) Maintain a file on each participant which meets the Program's requirements and which includes for each contact made by the EIS case manager:

(i) Date and subject of contact.
(ii) Person contacted.
(iii) Person making the contact.
(iv) Nature, content, and unit or units of service provided, and
(v) Place of service; and

(n) Agree that if the Program denies payment or requests repayment on the basis that an otherwise covered service was not medically necessary, the provider may not seek payment for that service from the participant or the participant's parent or family.

3. Specific requirements for participation in the Program as an early intervention services case management provider are that the provider shall:

(a) Be the State agency (i.e. Children's Medical Services) administering a program of services for children with special health care needs, authorized under Title V of the Social Security Act, in conjunction with its local health department designees;
(b) Employ appropriately qualified individuals as EIS case managers;
(c) Have demonstrated expertise in providing family-centered, community-based, coordinated care to children with developmental delays, with an emphasis on early intervention services;
(d) Be selected by the participant's parent from among EIS CM designees;

TARGETED CASE MANAGEMENT SERVICES FOR  
People with intellectual and developmental disabilities On DDA Waiting List

A. Target Group (42 Code of Federal Regulations 441.18(a)(8)(i) and 441.18(a)(9)):

Services shall be provided to Medicaid participants who:

1) Have applied for services from the Developmental Disabilities Administration (DDA); and

2) Have been determined to have a developmental disability from the DDA on the DDA Waiting List.

X Case-management services will be made available for up to 180 consecutive days of a covered stay in a medical institution. The target group does not include individuals between ages 22 and 64 who are served in Institutions for Mental Disease or individuals who are inmates of public institutions. (State Medicaid Directors Letter (SMDL, July 25, 2000)).

B. Areas of State in which Services Will Be Provided (§1915(g)(1) of the Act):

X Entire State

__ Only in the following geographic areas: [Specify areas:]

C. Comparability of Services (§§1902(a)(10)(B) and 1915(g)(1))

__ Services are provided in accordance with §1902(a)(10)(B) of the Act.

X Services are not comparable in amount, duration and scope (§1915(g)(1)).

D. Definition of Services (42 CFR 440.169)

Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Targeted Case Management includes the following assistance:

X Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include:

  o Taking client history; and
  o Identifying the individual’s needs and completing related documentation; and
  o Gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

TN# 20-0011  Approval Date: 03/10/2021  Effective Date October 1, 2020
Supercedes TN# 15-0019
The initial comprehensive assessment will be completed when the individual initially seeks services. Periodic reassessment of the individual’s needs are conducted minimally annually during the annual Individual Plan meeting or more frequently based on the needs of the person;

- Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that
  - Specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
  - Includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual’s authorized health care decision maker) and others to develop those goals; and
  - Identifies a course of action to respond to the assessed needs of eligible individuals;

- Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including
  - Activities that help link the individual with medical, social, educational providers, or other programs and services that are capable or providing needed services to address identified needs and achieve goals specified in the care plan; and

Monitoring and follow-up activities:
- Activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual’s needs, and which may be with the individual, family member, service providers, or other entities or individuals and conducted as frequently as necessary, and including monitoring, to determine whether the following conditions are met:
  - Services are being furnished in accordance with the individual’s care plan;
  - Services in the care plan are adequate; and
  - Changes in the needs or status of the individual are reflected in the service plan. Monitoring and follow up activities include making necessary adjustments in the care plan and services arrangement with providers.

Monitoring activities shall occur on the following minimum frequency based on DDA priority categories:
- Crisis Resolution – minimum monthly contacts for first ninety (90) days and then quarterly until priority category changes, unless additional contacts otherwise authorized by DDA; or services offered; or
- Crisis Prevention – minimum quarterly contacts until priority category changes, unless additional contacts otherwise authorized by the DDA, or services offered; or
- Current Request – minimum annual contact until priority contact changes, unless additional contacts otherwise authorized by DDA, or services authorized.
Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual’s needs and care, for the purposes of helping the individual access services, identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual’s needs. (42 CRF 440.169(e)).

E. Qualifications for Providers (42 CFR 441.18(a)(8)(V) and 42 CFR 441.18(b))
Provider agencies are certified for providing targeted case management known as Coordination of Community Services to people eligible for funding from the Developmental Disabilities Administration (DDA).

C. Comparability of Services (§§1902(a)(10)(B) and 1915(g)(1))

___ Services are provided in accordance with §1902(a)(10)(B) of the Act.
_X_ Services are not comparable in amount, duration and scope (§1915(g)(1)).

D. Definition of Services (42 CFR 440.169)

Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Targeted Case Management includes the following assistance:

x Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include:
   o Taking client history;
   o Identifying the individual’s needs and completed related documentation; and
Gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

The initial comprehensive assessment will be completed when the individual initially seeks services. Periodic reassessment of the individual’s needs are conducted minimally annually during the annual Individual Plan meeting or more frequently based on the needs of the person;

Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that

- Specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
- Includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual’s authorized health care decision maker) and others to develop those goals; and
- Identifies a course of action to respond to the assessed needs of eligible individuals;

Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including

- Activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and

Monitoring and follow-up activities:

- Activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual’s needs, and which may be with the individual, family member, service providers, or other entities or individuals and conducted as frequently as necessary, and including quarterly monitoring, to determine whether the following conditions are met:
  - Services are being furnished in accordance with the individual’s care plan;
  - Services in the care plan are adequate; and
  - Changes in the needs or status of the individual are reflected in the care plan. Monitoring and follow up activities include making necessary adjustment in the care plan and services arrangement with providers.

Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual’s needs and care, for the purposes of helping the individual access services, identifying needs and supports to assist the eligible individual in obtaining

Has been found guilty or been given Probation Before Judgment for a crime which would indicate behavior potentially harmful to individuals receiving services, as documented either through a criminal history records check or a criminal background check, pursuant to Health-General Article, §19-1902, et seq., Annotated Code of Maryland.

Private DDA-certified Coordination of Community Services providers must:
1. Refrain from providing direct services to people receiving funding within the DDA service delivery system for Meaningful Day, Support, and Residential Services;
2. Refrain from providing case management services to any persons receiving direct services from a parent company, subsidiary, or otherwise affiliated company; and
3. Provide services in all areas of their authorized jurisdiction.

All DDA-certified providers (including local health departments) must:
1. Use the Maryland Long Term Services and Supports (LTSSMaryland) electronic information system to document service activities, complete required forms, and submit billing claims; and
2. Maintain a standard 8-hour operational day Monday through Friday and have flexible staffing hours that include nights and weekends to accommodate the needs of individuals receiving services; and
3. Have a means for individuals, their families, community providers, and DDA staff to contact the case management designated staff directly in the event of an emergency and at times other than at standard operating hours; and
4. Maintain a toll free number, unless otherwise authorized by DDA, and communication system accessible for everyone receiving case management services; and
5. Be knowledgeable of the eligibility requirements, application procedures, and scope of services of federal, State, and local government assistance programs which are applicable to participants; and
6. Have a management team with at least three (3) years experience each providing case management services or management experience in human services; and
7. Have no legal sanctions or judgments within the past ten (10) years.

   appropriate documentation that Coordinators of Community Services, Coordination of
Community Services Supervisors, and Quality Assurance staff receives training as required by DDA.

2. All staff shall receive re-training as required by the DDA.

H. Freedom of Choice (42 CFR 441.18(a)(1)):
The State assures that the provision of case management services will not restrict an individual’s free choice of providers in violation of section 1902(a)(23) of the Act.

1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.
2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b))

__ Target group consists of eligible participants with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services.

I. Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3) and 42 CFR 441.18(a)(6))
The State assures the following:

$x$ Case management (including targeted case management) services will not be used to restrict a person’s access to other services under the plan.

$x$ Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and

$x$ Providers of case management services do not exercise the agency’s authority to authorize or deny the provision of other services under the plan.

J. Payment (42 CFR 441.18(a)(4))
Payment for DDA Coordination of Community Services (or targeted case management) services under the plan does not duplicate payments made to public agencies or private entities under other program authorizes for this same purpose.

K. Case Records (42 CFR 442.18(a)(7))
Providers maintain case records that document for all individuals receiving case management services as follows: (i) the name of the individual; (ii) the dates of the Case Management services; (iii) the name of the provider agency (if relevant) and the person providing the case management service; (iv) the nature,
content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) whether the individual has declined services in the care plan; (vi) the need for, and occurrences of, coordination with other case managers; (vii) a timeline for obtaining needed services; (viii) a timeline for reevaluation of the plan.

L. Limitations
Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; making placement arrangements. (42 CFR 441.18(c)).

FFP only is available for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program except for case management that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. (§§1902(a)(25) and 1905(c)).

G. Payment for case management services under the plan shall not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.
A. Target Group

Children 2 through 20 years old who are federally eligible Medical Assistance recipients and for whom free and appropriate education is provided under the Individuals with Disabilities Education Act of the Rehabilitation Act of 1973.

Individuals enrolled as waiver participants in accordance with the requirements of the Home and Community-Based Services Waiver for Children with Autism Spectrum Disorder (COMAR 10.09.56) and Service Coordination for Children with Disabilities under Maryland's Medical Assistance Program regulations (COMAR 10.09.52.02), who are age 1 through 21 years old, may receive specialized service coordination of their waiver services, in addition to regular service coordination.

A recipient is eligible to receive the case management services, called Service Coordination for Children with Disabilities under Maryland's Medical Assistance Program regulations (COMAR 10.09.52), when the following requirements are met:

1. It is determined through an assessment, in accordance with Maryland law and regulations for assuring a free, appropriate education for all students with disabilities, that:
   a. The recipient has temporary or long-term special education needs arising from cognitive, emotional, or physical factors, or any combination of these, and
   b. The recipient's ability to meet general education objectives is impaired to a degree whereby the services available in the general education program are inadequate in preparing the child to achieve his or her education potential;

2. A multidisciplinary team, called an Individualized Education Program (IEP) team in the Maryland State Department of Education regulations for Programs for Students with Disabilities (COMAR 13A.05.01), determines that the recipient is a child with disabilities who:
   a. Is eligible for Special Education ARD-related services, and

3. The recipient elects, or the recipient's parent or other responsible individual elects, on the recipient's behalf, to receive Service Coordination for Children with Disabilities; and

4. The recipient is not receiving similar case management services under another Medical Assistance Program authority.
D. Definition of Services:

Service Coordination for Children with Disabilities means those case management services which will assist participants in gaining access to the services recommended in a participant's IEP.

A "unit of service" is defined as a completed initial waiver plan of care, approved by the Maryland State Department of Education (MSDE) and signed by the service coordinator, the waiver participant or the parent or parents of a minor child, and all other members of the waiver multidisciplinary team and the provision of all other services specified in COMAR 10.09.52.

The Maryland Medical Assistance Program reimburses for the following services under Service Coordination for Children with Disabilities, when the services have been documented as necessary and appropriate:

1. Initial IEP

   a. A unit of service for the initial IEP is defined as:

      (1) A completed initial Individualized Education Program (IEP) signed by all members of the IEP team, (i.e., the multidisciplinary team) and

      (2) At least one contact by the participant's service coordinator (i.e., case manager) or IEP team in person or by telephone with the participant or the participant's parent or other responsible individual, on the participant's behalf, relating to development of the initial IEP.

   b. The covered services include convening and conducting, the IEP team to perform a multidisciplinary assessment and develop an initial IEP that includes:

      (1) A statement of the participant's special education needs and related service needs, including the need for medical, mental health, social, financial assistance, counseling, and other support services;

      (2) A statement of measurable annual goals and measurable short-term objectives for the participant;

      (3) A statement of the specific special education and related services to be provided to the participant;
(4) The projected dates for initiation of services and the anticipated duration of
service; and

(5) Appropriate objective criteria and evaluation procedures for determining, on at
least an annual basis, whether the objectives in the IEP are being achieved.

2. Ongoing Service Coordination

a. Ongoing Service Coordination (i.e., case management) is rendered subsequent
to an initial IEP.

b. A unit of service for Ongoing Service Coordination includes:

(1) At least one contact by the Service Coordinator in person, by telephone,
or through written notes with the participant or the participant's parent or
other responsible individual, on the participant's behalf, relating to the
child's Ongoing Service Coordination, and

(2) The provision of any other necessary covered services under Ongoing
Service Coordination.

c. These services shall include any of the following services, as appropriate:

(1) Acting as a central point of contact relating to IEP services for a
participant;

(2) Maintaining contact with direct service providers and with a participant and
the participant's parent or other responsible individual through home
visits, office visits, school visits, telephone calls, written progress notes
and follow-up services as necessary;

(3) Implementing the IEP by referring the participant to direct service
providers, assisting the participant in gaining access to services specified
in the IEP, and providing linkage to agreed-upon direct service providers;

(4) Discussing with direct service providers the services needed and available
for the participant, assessing the quality and quantity of services being
provided, following up to identify any obstacles to a participant's
utilization of services, coordinating the service delivery, and performing
ongoing monitoring to determine whether the services are being delivered
in an integrated fashion as recommended in the IEP and meet the
participant's current needs;

(5) Providing a participant and a participant's parent or other responsible
individual with information and direction that will assist them in
successfully accessing and using the services recommended in the IEP;
(6) Informing a participant's parent or other responsible individual of the participant's and the family's rights and responsibilities in regard to specific programs and resources recommended in the IEP;

(7) Conducting, with a participant's parent or other responsible individual at a meeting or by other means acceptable to the parent and the service coordinator, a review of the participant's IEP every 6 months, or more frequently if warranted or the parent or other responsible individual requests a review; and

(8) Reviewing, at least annually at a meeting or by other means acceptable to the participant's parent and others involved in the review process:

(a) The degree of a participant's progress toward achieving the goals established in the IEP, and

(b) Whether the goals or recommended services need to be revised.

d. Administrative, supervisory, and monitoring services associated with the Ongoing Service Coordination, are included as part of the service.

3. IEP Review

a. Regulations of the Maryland State Department of Education require that a participant's IEP be reviewed and, if appropriate, revised:

(1) Within 60 school days after the participant's initial placement in Special Education;
(2) On an interim basis upon the request of the professionals on the IEP team or the request of the participant's parent(s) or other responsible individual; and
(3) At least annually.

b. A unit of service for IEP review is defined as:

(1) A completed 60-day, interim, or annual IEP review; and
(2) At least one contact by the service coordinator or IEP team in person or by telephone with the participant or the participant's parent or other responsible individual, on the participant's behalf, relating to review of the IEP.

c. The covered services include convening and conducting an IEP team to perform a multidisciplinary reassessment of the participant's status and to review and revise, as necessary, the participant's IEP.

4. Waiver Initial Assessment
(a) The covered service includes convening, coordinating, and participating on the waiver multidisciplinary team to perform the initial assessment and develop the waiver participant's initial waiver plan of care;

(b) Assisting the waiver participant or the parent or parents of a minor child with scheduling and attending the appointments required for the waiver initial assessment;

(c) On behalf of the waiver multidisciplinary team, providing written notification to the waiver participant or the parent or parents of a minor child of the MSDE approval of the waiver participant's waiver enrollment and the effective date of enrollment;

(d) Assuring that the waiver participant or the parent or parents of a minor child are informed and understand their rights and responsibilities related to the Autism Waiver and Medicaid;

(e) Assisting waiver participants with the waiver enrollment process specified in COMAR 10.09.56; and

(f) Assisting with completion of forms and coordinating with the Department for determination of the waiver participant's Medicaid financial and technical eligibility in a timely fashion.

5. Waiver Ongoing Service Coordination

A monthly unit of service is defined for waiver ongoing service coordination as:

(a) At least one documented monthly contact by the waiver participant's service coordinator in person, by telephone, or through written progress notes with the waiver participant or parent;

(b) A quarterly visit to the waiver participant's residence, residential program, or day program, including at least one visit to the waiver participant's residence every 12 months; and

(c) The provision of all other necessary services specified under COMAR 10.09.52.

The covered services shall include, as necessary:

(a) Acting as a central point of contact relating to a waiver participant;

(b) Coordinating Autism Waiver Service Coordination with the Department and MSDE;
(c) Referring the waiver participant to the Autism Waiver providers specified in the waiver plan of care;

(d) Assisting the waiver participant with gaining access to the Autism Waiver services preauthorized in the waiver plan of care according to the type, level, amount, frequency, duration, and cost specified;

(e) Assisting with coordination of the Autism Waiver service delivery;

(f) Providing the waiver participant and the parent or parents with information and direction to assist them with accessing and using successfully the Autism Waiver services preauthorized in the waiver plan of care;

(g) Maintaining contact with the waiver participant's waiver and other service providers and with the waiver participant or parent through documented home visits, office visits, school visits, telephone calls, mailings, and follow-up services as necessary;

(h) Following up to identify any problems or obstacles to the waiver participant's appropriate receipt of the Autism Waiver services specified in the waiver plan of care;

(i) Assisting to resolve any conflicts or crises in delivery of the waiver participant's Autism Waiver services which jeopardize the waiver participant's community placement or the health and safety of the waiver participant or another individual;

(j) Making minor changes to the waiver participant's waiver plan of care as necessary, without reconvening the waiver multidisciplinary team, if the change is approved by MSDE and the waiver participant's parent or parents;

(k) Assuring that the necessary documentation is maintained in the waiver participant's case file, as specified in COMAR 10.09.52;

(l) Providing MSDE with required information in the established time frame on waiver participants enrolled in or being terminated from the Autism Waiver; and

(m) Monitoring on an ongoing basis is defined as:

   (i) The appropriateness of the type, level, amount, frequency, duration, and quality of the Autism Waiver services received by a waiver participant;

   (ii) Whether a waiver participant's Autism Waiver services are delivered in an integrated and coordinated fashion and adequately meet the waiver participant's current needs; and
(iii) The impact of the Autism Waiver services on the waiver participant's health, safety, development, relationships with family members and other persons, home environment, educational program, quality of life, and life satisfaction.

6. Waiver Reassessment

A "unit of service" is defined as:

(a) A completed waiver plan of care review, with revisions as necessary, which is approved by MSDE and signed by the service coordinator, the waiver participant or the parent or parents of a minor child, and all other members of the waiver multidisciplinary team; and

(b) The provision of all other services specified under 10.09.52.

The covered services shall include:

(a) Convening, coordinating, and participating on the waiver multidisciplinary team at least every 12 months to review, and revise as necessary, the waiver participant's waiver plan of care;

(b) Assisting waiver participants with the waiver's eligibility redetermination process, as specified in COMAR 10.09.56;

(c) Coordinating with the Department for redetermination of the waiver participant's Medicaid financial and technical eligibility in a timely fashion;

(d) Assisting the waiver participant or the parent or parents of a minor child with completion and submission of the application forms and accompanying documentation for the Medicaid financial and technical eligibility redetermination, before the deadline established by the Department;

(e) On behalf of the waiver multidisciplinary team, providing written notification to the waiver participant or the parent or parents of a minor child of DHMH's approval or denial of the waiver participant's continued waiver enrollment; and

(f) If continued enrollment is denied by DHMH providing written notification to the waiver participant or the parent or parents of a minor child of the effective date for the waiver participant's termination from the waiver, the reason or reasons for ineligibility, and the right to appeal and request a fair hearing under COMAR 10.01.04 and 42 CFR Part 431, Subpart E.
E. Qualifications of Providers

1. A provider of Service Coordination for Children with Disabilities shall be an agency within the State that:

   a. Operates programs with special education and related services for children with disabilities, in accordance with Maryland State Department of Education regulations for Programs for Students with Disabilities (COMAR 13A.05.01); and
   b. Is eligible to receive, through the Maryland State Department of Education, funding from Assistance to States for the Education of Children with Disabilities under Part B of the Individuals with Disabilities Education Act.

2. The provider shall convene an IEP team or teams which include:

   a. A chairperson designated by the local superintendent of schools or other appropriate official of the agency that operates education programs for students with disabilities;
   b. Individuals who are familiar with the participant's current level of functioning;
   c. A special educator and interdisciplinary personnel from the agency which operates education programs for students with disabilities, the local health department, and other public agencies, as appropriate;
   d. Other individuals considered appropriate, such as individuals expected to provide direct services to the participant; and
   e. If the participant is suspected of having a specific learning disability, at least one person qualified to conduct individualized diagnostic examinations, such as a school psychologist or speech language pathologist, and
      (1) The participant's regular teacher;
      (2) If the participant does not have a regular teacher, a regular classroom teacher qualified to teach a student of that age; or
      (3) An individual certified to teach a child of that age, if the child is less than school age.

3. The IEP team shall:

   a. Provide the opportunity for participation in an IEP team meeting to the participant's parent(s) or other responsible individual, and the participant, if appropriate;
   b. Receive referrals of recipients who are 2 through 20 years old and are identified as potentially eligible for Service Coordination for Children with Disabilities;
   c. Arrange for an appropriate assessment of a recipient referred to the IEP team to determine whether the recipient has temporary or long-term special
education and related service needs arising from cognitive, emotional, or physical factors, or any combination of these;

d. Complete the assessment within 45 calendar days of the recipient’s referral to the IEP team;

e. Review the results of the assessment and determine the recipient’s eligibility for Service Coordination for Children with Disabilities services within 30 calendar days of assessment’s completion;

f. Develop an Individualized Education Program (IEP) within 30 calendar days of the determination of the participant’s eligibility for Service Coordination for Children with Disabilities;

g. Review the IEP and progress of each participant who is receiving the special education and related services recommended in the IEP, within 60 school days after the participant’s initial placement in special education;

h. Meet and conduct an annual review of each participant’s IEP and, if appropriate, revise the IEP’s provisions; and

i. Reconcile the IEP team to conduct an interim IEP review or to modify the existing IEP at any time upon request of the professionals included on the IEP team or the participant’s parent(s) or other responsible individual, as deemed necessary pursuant to the participant’s progress.

4. The provider shall employ specific, qualified individuals as service coordinators (i.e., case managers) for participants and verify their credentials for providing the covered services.

5. The provider shall be knowledgeable of the eligibility requirements and application procedures of federal, State, and local government assistance programs which are applicable to participants.

6. The provider shall employ qualified individuals needed to staff IEP teams, develop participants’ IEPs or perform as service coordinators for participants.

7. The provider shall obtain the participant’s parent’s or other responsible individual’s approval of the participant’s service coordinator and the participant’s IEP prior to implementation.

8. The provider shall maintain a file on each participant which meets the Medical Assistance Program’s requirements and which includes:
   a. Copies of the participant’s IEP with any revisions;
   b. Written parental consent for the provision of Service Coordination for Children with Disabilities to the participant;
   c. A record of service coordination encounters concerning the participant;

9. Service Coordinator Requirements
a. An individual chosen as a participant’s service coordinator (i.e., case manager) shall be:

(1) Employed by a provider of Service Coordination for Children with Disabilities; and
