

Rare and Expensive Case Management (REM) Program

The REM program provides medical case management and other services for eligible individuals with specific medical conditions. This is a voluntary program.

Your services must be medically necessary, ordered by your health care provider, and may require preauthorization. You will have an REM case manager who will help you make a plan of care and to find the services you need.

Eligibility

To be eligible for the REM Program, you must:

- Be eligible for the HealthChoice managed care program.
- Have at least one rare and expensive condition for your age group.
- Choose to be in the REM program.

Benefits

You get all Medicaid covered services and benefits. You also may get REM services that include:

Case Management Services

- Conduct a needs assessment.
- Develop a care plan with you and those involved with your care.
- Help you apply for services.
- Keep an eye on your services and make changes to your care plan as needed.
- Provide education and information.

Other Services

- Certified Nursing Assistant (CNA) and CNA Certified Medication Technician (CMT) services
- Chiropractic services
- Home Health Aide (HHA) and HHA Certified Medication Technician (CMT) services
- Nutrition counseling and supplements
- Occupational therapy
- Speech-language pathology
- Private duty nursing, shift nursing services benefit.

Apply

Anyone can refer you to the program. A licensed health care provider must fill out part of the Intake form and sign and date it.

You or your provider can fax or email the completed form:

- Fax at 410-333-5426
- Email at mdh.remreferralfax@maryland.gov

For more information, visit our website.

Contact

For questions about the program, talk to your REM case manager or call **1-800-565-8190**.
