

Table 1. Health Home Enrollment by Intervention Quarter

Quarter	Dates	Enrolled at Any Point in the Quarter
Quarter 1	10/1/13 – 12/31/13	2,156
Quarter 2	1/1/14 – 3/31/14	3,018
Quarter 3	4/1/14 – 6/30/14	3,598
Quarter 4	7/1/14 – 9/30/14	3,884
Quarter 5	10/1/14 – 12/31/14	4,035
Quarter 6	1/1/15- 3/31/15	4,209
Quarter 7	4/1/15 – 6/30/15	4,482
Quarter 8	7/1/15 – 9/30/15	4,749
Total Ever Enrolled		6,344

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Table 2. Health Home Enrollment by Intervention Quarter

Enrollment Length	Health Home Participants
At Least 3 Months	5,734
At Least 6 Months	5,139
At Least 9 Months	4,647
At Least 12 Months	4,241
At Least 15 Months	3,742
At least 18 Months	3,077
At Least 21 Months	2,169
At least 24 Months	125

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,

use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Table 6. Percentage of Health Home Participants with a Primary Care Physician, by Provider, and by Quarter

Measures are based on eMedicaid data collected by Health Home providers
 Data as of November 30, 2015
 Participants included in the denominator for each quarter were enrolled for at least one day during that quarter
 Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,
 use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers
 Data as of November 30, 2015
 Participants included in the denominator for each quarter were enrolled for at least one day during that quarter
 Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,
 use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,

use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

 Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,
 use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers
Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers
 Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter
 Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it,
 use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Table 15. Percentage of Health Home (HH) Participants Completing Services and Average Number of Services Received, by Provider and Quarter

Measures are based on eMedicaid data collected by Health Home providers

Data as of November 30, 2015

Participants included in the denominator for each quarter were enrolled for at least one day during that quarter

Since providers can enter new data into eMedicaid for any period of time as well as revise data for a limited time period after entering it, use of these updated datafiles may result in estimates for Quarter 1 through Quarter 6 that differ from prior reports.

Table 16. Percentage of Health Home Participants by the Number of Services Received, by Provider and Month

Measures are based on MMIS2 data

Data as of November 30, 2015

Please consider the utilization data as preliminary because there is insufficient run-out for claims/encounter submission.

MCO encounters require at least 6 months of run-out, and FFS claims require at least 12 months of run-out. These measures will be revised to include complete data in future reports.

Participants are only included in the denominator if the period of time that has passed since the participant's enrollment date is greater than or equal to the measurement quarter.

For example, participants included in the Quarter 3 table had at least 3 quarters pass since their enrollment date.

Measures are based on MMIS2 data

Data as of November 30, 2015

Please consider the utilization data as preliminary because there is insufficient run-out for claims/encounter submission.

MCO encounters require at least 6 months of run-out, and FFS claims require at least 12 months of run-out. These measures will be revised to include complete data in future reports.

Participants are only included in the denominator if the period of time that has passed since the participant's enrollment date is greater than or equal to the measurement quarter.

For example, participants included in the Quarter 3 table had at least 3 quarters pass since their enrollment date.

Measures are based on MMIS2 data

Data as of November 30, 2015

Please consider the utilization data as preliminary because there is insufficient run-out for claims/encounter submission.

MCO encounters require at least 6 months of run-out, and FFS claims require at least 12 months of run-out. These measures will be revised to include complete data in future reports.

Participants are only included in the denominator if the period of time that has passed since the participant's enrollment date is greater than or equal to the measurement quarter.

For example, participants included in the Quarter 3 table had at least 3 quarters pass since their enrollment date.
