Re: COVID-19 #7: Disposable Medical Supplies (DMS) and Durable Medical Equipment (DME)

Release Date: March 28, 2020

Effective Date: April 1, 2020

NOTE: Please ensure appropriate staff members in your organization are informed of the contents of this guidance memo

On March 5, 2020, Governor Larry Hogan proclaimed a state of emergency and catastrophic health emergency to control and prevent the spread of COVID-19.

During the state of emergency, the Maryland Department of Health (MDH) will temporarily waive certain requirements with respect to Disposable Medical Supplies (DMS) and Durable Medical Equipment (DME).

These temporary measures are efforts to mitigate the spread of COVID-19 by reducing the number of contacts between DMS/DME providers and Medicaid participants. These measures will take effect on April 1, 2020, and will end when the Governor's declaration of catastrophic health emergency ends.

Durable Medical Supplies (DMS)

Effective April 1, 2020, the Medicaid DME/DMS/Oxygen Approved List of Items will be updated to double the limits for DMS items to permit a 60-day supply to be delivered in a single claim. A copy of the updated Approved List is attached for reference.

Further, Maryland Medicaid will not enforce the requirement to obtain an updated physician order depending on the prescribed supplies used beginning April 1, 2020, through the end of the state of emergency. Due to the nature of certain medical conditions, the authorization of some supplies may require face-to-face interaction between the participant and their provider. (COMAR 10.09.12.04)

Durable Medical Equipment (DME)

Effective April 1, 2020, where DME is lost, destroyed, irreparably damaged, or otherwise rendered unusable, DME providers have the flexibility to waive replacement requirements such that the face-to-face requirement, a new physician's order, and new medical necessity documentation are not

required. DME that must be replaced for these reasons which costs \$1,000 or more will continue to be subject to prior authorization by Telligen.

DME providers should use the -RA modifier when submitting claims for replacement DME. DME providers must still include a narrative description on the claim explaining the reason why the equipment must be replaced and are reminded to maintain documentation indicating that the DME was lost, destroyed, irreparably damaged or otherwise rendered unusable or unavailable as a result of the emergency.

Signature Requirements

MDH will not enforce the requirement that the recipient or the recipient's representative sign the delivery ticket as required under COMAR 10.09.12.04(E)(1)(c). The provider must continue to confirm that the recipient or recipient's representative is on site at the time of delivery. A copy of the delivery ticket identifying the exact nature of the items should be left with the DME/DMS being delivered. Providers should confirm that the recipient or the recipient's representative was present at the time of delivery. In lieu of a signature on the delivery ticket, providers should enter "State of Emergency-COVID-19".
