

electronic Provider Revalidation and Enrollment Portal (ePREP) **Technical Requirements**

Overview

This Webinar will cover the following:

- ePREP Supported Web Browsers
- Google Chrome
- Setting your browser to allow-Pop Ups
- ePREP Supported Document Types
- Unsupported Characters in File Names

Welcome to ePREP!

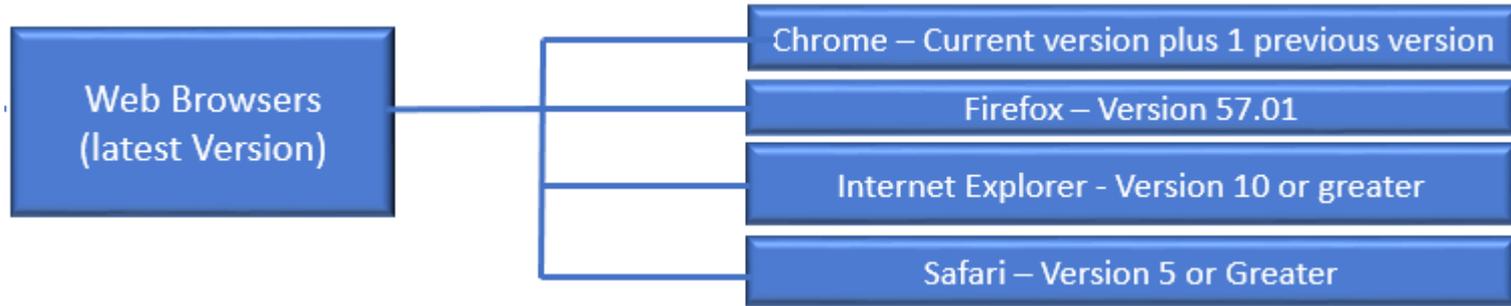

ePREP stands for **e**lectronic **P**rovider **R**evalidation and **E**nrollment **P**ortal.

Maryland Medicaid providers must use ePREP to enroll, revalidate, and make changes to their provider accounts.

Here are some of the Benefits of using ePREP:

- Applications can be filled out electronically instead of by paper
 - Easier/Quicker to fill out
 - Only the necessary fields for the type of application are generated
 - Shorter processing times
- Access to your Maryland Medicaid information (now called an Account in ePREP)
 - You can see the status of your account (Active, Suspended or Inactive)
 - You can see your affiliations
 - You can see all of your demographic information

Supported Browsers

ePREP is a Web based application.

Above are the commonly supported browsers.

If you have an older browser version you may need to update your browser software.

Google Chrome

- While ePREP supports using other browsers, our experience shows it works best in Google Chrome.
- You can download the latest version for your computer at the following website:
- <https://www.google.com/chrome/browser/>

Google Chrome

Google

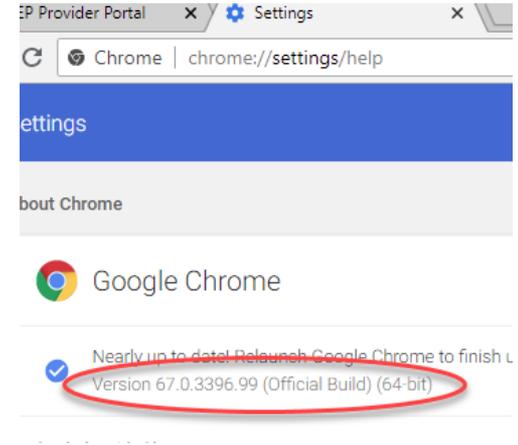

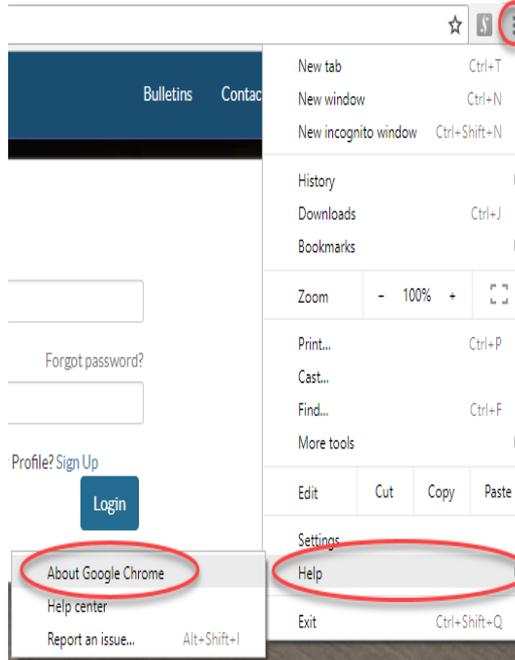

<https://www.google.com/chrome/browser/>

Verifying Browser Version - Chrome

To view the version of Google Chrome:

1. Open the Google Chrome browser.
2. Click on the Icon at the top, right side of the browser that looks like three dots.
3. Click on the Help Option.
4. Click on “About Google Chrome”.
5. This will open a window showing which version of Chrome you have.

Browser Pop-Ups

Whatever browser you decide to use, you will need to allow Pop-Ups to work in it.

Pop-Ups are additional browser windows that can pop up onto your screen when triggered by the page currently open in your browser.

ePREP uses them for a variety of things like:

- Lucy Hover Text to assist you in filling out fields on an application
- In Context Tutorials – so you can watch a brief video with instruction
- Different sections of an application that may need to be filled out
- Uploading documents to your application
- Viewing detailed Account information
- Viewing Affiliation information

Most Browsers default to blocking Pop-Ups. You will need to make sure that Pop-Up blockers are turned off for best results when using ePREP.

Turning Pop-Up Blockers Off

Click on the Browser you are using to find out how to turn off Pop Up Blockers:

- [Google Chrome](#)

- [Microsoft Internet Edge](#)

- [Microsoft Internet Explorer](#)

- [Mozilla Firefox](#)

- [Opera](#)

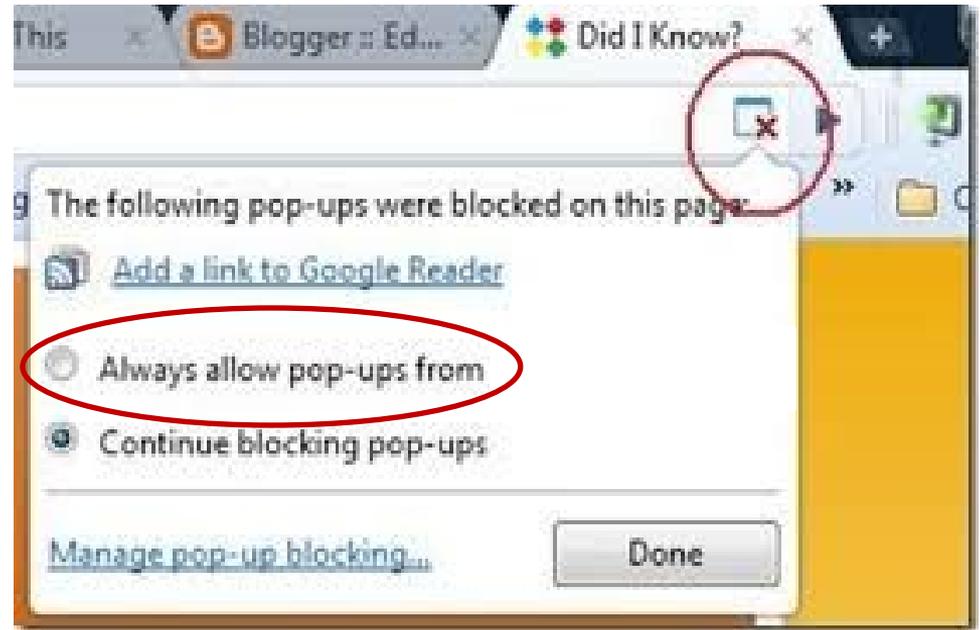

- [Safari](#)

Turning Pop-Up Blockers Off - Chrome

To disable pop-up blocker in Google Chrome:

1. Open the Google Chrome browser.
2. Open ePREP.
3. In the address bar, click Pop-up blocked.
4. Click the link for the Pop-Up you want to see.
5. To always see Pop-Ups for ePREP, select “Always allow pop-ups from [site].”
6. Click the “Done” button.

Turning Pop-Up Blockers Off - Firefox

To disable pop-up blocker in Mozilla Firefox:

1. Open the Firefox browser.
2. Click either the “Tools” option from the Menu Bar or the “Open Menu” button at the top, right of the browser window.
3. Select Options.
4. Click the “Privacy & Security” section.
5. Clear the check mark next to “Block pop-up windows” so that it is deselected.

The screenshot shows the Firefox browser interface. The menu bar at the top includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The 'Tools' menu item is circled in red. The address bar shows the URL 'https://eprep.health.maryland.gov/sso/login.do?'. The page title is 'ePREP Provider Portal'. The browser's main content area displays the 'ePREP PORTAL' header with navigation links for 'Bulletins', 'Contact Us', 'Sign Up', and 'Login'. Below the header, the 'Options' menu is open, showing a list of settings categories: 'General', 'Home', 'Search', 'Privacy & Security' (circled in red), and 'Firefox Account'. To the right, the 'Permissions' section is visible, listing 'Location', 'Camera', 'Microphone', and 'Notifications'. The 'Block pop-up windows' checkbox is checked and circled in red.

EMF – Enhanced Metafile

Uploaded file will show a number next to the paper clip

Thanks for that. Just double check that everything's correct before moving on.

Indicates 1 file as been attached.

 Summary: Addendum

Addendum

 Edit

| Addendum/Supporting Document Name | Documents | Actions |
|-----------------------------------|--|---------|
| Addendum |  <i>Attached: Addendum</i> | |

ePREP Supported Document Types

ePREP Supports a wide variety of document types.

You can upload as many documents as you want as long as each document is 50 MB or smaller in size.

Unsupported Characters in File Names

When uploading any documents or files, please make sure none of the following characters are in the file name:

Plus symbol “+”

At symbol “@”

Percentage symbol “%”

Hash or Pound symbol “#”

Caret symbol “^”

Ampersand symbol “&”

Dollar Sign symbol “\$”

If they are, please rename the file without the above characters before uploading it to ePREP.
