LTSS*Maryland* Monthly Spotlight

April 23, 2022

Welcome to the latest newsletter! Your guide to new functionalities, upcoming upgrades, and bug fixes.

System-Wide Updates

Update LTSS*Maryland* cache settings
Programs: All Programs
After previous system maintenance periods, users were sometimes required to clear their browser cache. Backend changes were made to remove the need to clear browser cache.

Updates to LTSS*Maryland*

Performance Improvement for PCP and CCS Monitoring My Lists
Programs: Developmental Disabilities Administration (DDA)
MDH is improving the system performance for PCP and CCS Monitoring My Lists.

Other Updates

Select minor enhancements and bug fixes in LTSS*Maryland*

- Corrected an issue where the Local Health Department – Nurse Monitoring Assignment page was returning incorrect results for the 'Nurse Monitor:*' parameter selection.
- Corrected an issue causing an "Internal Server Error" message to appear when attempting to view BI Plans of service for 'Clients with Pending MHA Decision' on the POS My List.
- Corrected an issue causing MDH users to see the message "Error: Self Direction section has not been completed." when attempting to submit existing Plan of Service(s) in "Approved for Provisional" status.
- Corrected an issue where some users with SPA Supervisor roles couldn't see their client list under "All Requested Assessments and POC" dropdown in their My List.
- Corrected an issue where some users with SPA Intake User role could not access the My List section of LTSS.
- Corrected an issue causing DDA Unit Activities to be incorrectly held under the "provider not authorized for the service" and "site not authorized on the service plan" exceptions.
- Corrected an issue preventing users from submitting the CCS Monitoring and Follow up.
- Corrected an issue causing the DDA Authorized Services Report to display incorrect 'Authorized Units' in the report output.

Select minor enhancements and bug fixes *System Wide*

- Corrected an issue where some Client Identifiers were not functioning appropriately.

LTSS*Maryland*'s Mission

"To provide an online solution to coordinating Medicaid Home and Community-Based Services across programs."
