Updates to LTSSMaryland

MFP Transition and Flex Funds Expenditure Tracking – Progress Notes and Reports

Programs: OLTSS (Office of Long Term Services and Support)

MDH is adding a Progress Notes feature to the Money Follows the Person (MFP) Transition and Flex Funds module. For each individual expenditure that is added, users will now have the ability to log associated Progress Notes against the item. Also, a new canned report has been developed to pull information on submitted Transition Fund and MFP Flex Fund Expenditures.

Client Profile – Date of Death field updates and alerts

Programs: DDA (Developmental Disabilities Administration)

MDH is updating alerts to ensure that CCS and RO users are alerted when a date of death is entered or updated in an assigned participant's profile.

Remove Annual Budget Limit on PCPs for DDA Programs

Programs: DDA (Developmental Disabilities Administration)

MDH is updating Person Centered Plans (PCP) to remove the annual budget limit for Family Supports and Community Supports.

Other Updates

Select minor enhancements and bug fixes in LTSSMaryland

- Correcting an issue with the "SPA NM CCS – Activity Claims Report" not returning results.
- Correcting an issue preventing auto-generation of the CMA Monthly Checklist after submitting an "In Progress" form.
- Updating the Overall Decision form to allow participants to be concurrently enrolled with REM and other programs.

Select minor enhancements and bug fixes in Provider Portal

- Correcting an issue where non-EVV billing activities were stuck in a 'Recorded' status in error.
- Correcting an issue where 'Closed' activities were incorrectly showing as 'Ready' and/or 'Pending' in the Authorized Services Report.

LTSSMaryland's Mission

"To provide an online solution to coordinating Medicaid Home and Community-Based Services across programs."
