ADVISORY

*In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Department of Health and Mental Hygiene's (DHMH) **Maryland Pharmacy Program (MPP)** has developed the **Maryland Pharmacy Program Advisory**. To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations. It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via DHMH, please contact the MPP representative at 410-767-1455.*

Automatic Correction of Underpayments

On Friday September 19, ACS, The Maryland Medicaid Pharmacy Program claims processor, will adjust the pricing of all incorrectly priced point-of-service claims that were submitted for the following drugs during the corresponding dates of services. The errors in pricing on the original claims were due to the incorrect pricing information that was transmitted to First DataBank by the manufacturers. If your pharmacy submitted any claims for these drugs during these periods, and the claim was priced incorrectly, you will see these adjustments on the remittance advice you will receive on September 27.
