Pharmacy Provider Guidance on COVID-19 Additional Vaccine Dose

On August 12, 2021, the FDA authorized an additional COVID-19 vaccine dose for certain immunocompromised individuals. For Fee-for-Service (FFS) participants, the Office of Pharmacy Services will reimburse Pharmacy providers who administer the additional dose as approved by FDA, an incentive fee of $40. Payment for the ingredient cost will continue to be $0.01. Pharmacy providers shall utilize a Submission Clarification Code of 7 in field 420-DK to identify the additional dose.
