

ADVISORY

No. 275

June 17, 2025

Maryland Medicaid's Preferred Drug List (PDL) – July 1, 2025

The Office of Pharmacy Services (OPS) wants to alert you to updates to the Maryland Medicaid's Preferred Drug List (PDL) and Brand Preferred over Generic Program, effective July 1, 2025.

Please refer to our website for the complete PDL and Brand Preferred over Generic List:

<https://health.maryland.gov/mmcp/pap/pages/Preferred-Drug-List.aspx>

Generic vs. Brand Status on Maryland Medicaid's PDL: The PDL encompassing over 1800 drugs, covers most generic formulations of preferred multisource brand drugs without a prior authorization. If the prescription for a brand name drug is to be dispensed as written (DAW6), the prescriber must complete and submit a Medwatch form. <https://health.maryland.gov/mmcp/pap/docs/PA%20Forms/Maryland%20Medwatch%20Form.pdf>. The OPS clinical pharmacy team will review the Medwatch form and notify the prescriber whether the request for the brand name drug is approved or denied. The State will forward the Medwatch form to the FDA when appropriate.

In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Maryland Department of Health **Maryland Office of Pharmacy Services** has developed the **Maryland Medicaid Pharmacy Program Advisory**.

To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations.

It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via MDH, please contact the MMPP representative at 410-767-1455

Office of Pharmacy Services Medicaid Pharmacy Program Preferred Drug List: Generic vs. Brand Status

Not all Generics are Preferred. In some instances, the State prefers the multisource brand name drug over its generic equivalent because the branded drug is more cost effective than its generic counterpart.

- When the brand name drug is preferred, no Medwatch is needed ^{1,2}
- Pharmacy providers must enter a **DAW code of 6** on the claim to have it correctly priced.
- If any problems are encountered during the on-line claim adjudication of Preferred Brands, contact Conduent's 24-hour Help Desk at 800-932-3918 for additional system overrides related to the use of the correct DAW code (For example, when there is other insurance)

Therapeutic Class	Preferred BRAND	Non-Preferred GENERIC
Antibiotics, Inhaled	Bethkis	tobramycin solution
Anticonvulsants	Sabril tablet, Powder Packet ²	vigabatrin tablet, powder packet ²
Anticonvulsants	Trileptal suspension (oral)	oxcarbazepine suspension (oral)
Antipsychotics	Risperdal Consta	risperidone ER injection
COPD Agents	Spiriva Handihaler	tiotropium bromide capsule
Cytokine and CAM Antagonists	Cyltezo ³	adalimumab-ADB ³
Glucocorticoids, Inhaled	Flovent HFA ³	fluticasone propionate ³
Glucocorticoids, Inhaled	Symbicort (inhalation)	budesonide/formoterol (inhalation)
Hypoglycemics, Insulins	Lantus Solostar ³	insulin glargine Solostar ³
Hypoglycemics, Insulins	Lantus vial ³	insulin glargine vial ³
Hypoglycemic, SGLT2 Inhibitors	Farxiga	dapagliflozin tablet
Opioid Use Disorder Treatments	Narcan Nasal Spray ³	naloxone nasal spray ³
Opioid Use Disorder Treatments	Suboxone Film	buprenorphine/naloxone film
Stimulants and Related Agents	Adderall XR capsule ³	amphetamine salt combo ER capsule ³
Stimulants and Related Agents	Concerta tablet	methylphenidate ER tablet
Stimulants and Related Agents	Daytrana	methylphenidate transdermal
Stimulants and Related Agents	Focalin XR ³	dexmethylphenidate XR capsule ³
Stimulants and Related Agents	Ritalin LA ³	methylphenidate ER capsule ³
Stimulants and Related Agents	Vyvanse	lisdexamfetamine capsule
Ulcerative Colitis Agents	Pentasa ³	mesalamine ER capsule ³

¹ Unless the Program has established clinical criteria for the drug. Clinical criteria can be found [here](#).

² Is a non-preferred drug on the PDL and will require a prior authorization by the prescriber

³ Both brand and generic preferred

**Office of Pharmacy Services
Medicaid Pharmacy Program
Preferred Drug List**

Effective Date: 07/01/2025

Only drugs that are part of the listed therapeutic categories are affected by the Medicaid Preferred Drug List (PDL). Therapeutic categories not listed here are not part of the PDL and will continue to be covered as they always have for Maryland Medicaid participants.

Note: Brand names listed in parentheses are only listed as a reference. For most multi-source products, the generic products are usually preferred and the branded innovator product is non-preferred. If a generic product is non-preferred, the corresponding brand product is also non-preferred except where specifically noted as “**(generic only)**”. PDL products that are new to market require prior authorization until they are reviewed.
