RE: Fiscal Year 2024 Long-Acting Reversible Contraception Rate Increases

NOTE: Please ensure that appropriate staff members in your organization are informed of the contents of this transmittal.

Effective February 15, 2024, the Maryland Medical Assistance Program will increase reimbursement to providers for long-acting reversible contraception (LARCs). The rate increase applies to both device and procedure payment rates for LARCs provided through the medical benefit for Maryland Medicaid participants under Code of Maryland Regulations (COMAR) 10.09.58.05 and 10.67.06.19. This rate increase is inclusive of the statutory rate increase for fiscal year (FY) 2024 based on the FY 2024 budget.

The tables below outline a list of revised rates for FY 2024. Providers may bill the new rates for the purchase of LARCs to be provided to Medicaid participants on or after February 15, 2024.

LARC Code Rates

Device Payment Rates Effective February 15, 2024

Description	J Code	New Reimbursement Rate
