Note: **Please ensure the appropriate staff members in your organization are informed of the contents of this transmittal**

Targeted Case Management (TCM) services provided for certain Medicaid Programs operated by the Developmental Disabilities Administration (DDA) will receive a 3 percent rate increase effective July 1, 2024, based on FY 2025 budget allocations. TCM services include Community Coordination for individuals on the waitlist, Waiting List Coordination for individuals on the waitlist but not on the Waiver, and Transition Coordination for individuals in an institution up to 6 months prior to transition.

Effective July 1, 2024, the rate for TCM Community Coordination, Waiting List Coordination, and Transition Coordination is \$28.3300 per 15-minute unit to reflect this rate increase. Additionally, effective July 1, 2024, a geographical differential rate for TCM Community Coordination, Waiting List Coordination, and Transition Coordination of \$29.8300 per 15-minute unit was applied to services rendered to participants who live in specific Maryland counties. The geographic differential rate is applied to areas in Maryland where the cost of living is higher. Those counties include:

- Calvert County;
- Charles County;
- Frederick County;
- Montgomery County; and
- Prince George's County.
