UNENROLLED PRESCRIBERS

The list below identifies the name and National Provider Identifier (NPI) of prescribing practitioners who are not currently enrolled with Maryland Medicaid but recently prescribed medications to Maryland Medicaid recipients. It is crucial that any provider on this list enrolls as soon as possible to ensure patients can receive their Medicaid-covered medications. Failure to enroll in Maryland Medicaid while providing care to Medicaid participants may compromise patient safety or require patients to seek care from a different practitioner.

If you are an unenrolled prescribing practitioner, please enroll now at <https://eprep.health.maryland.gov> to enable Medicaid to cover your prescriptions. For more information about Ordering, Referring and Prescribing provider enrollment, please visit <https://bit.ly/3TKORP>.

The following unenrolled practitioners prescribed to at least one Maryland Medicaid participant who attempted to access a Medicaid-covered prescription within the previous month.
