RE: Claims Reconciliations due to Vital Statistics System Updates

NOTE: **Please ensure that appropriate staff members in your organization are informed of the contents of this transmittal.**

This transmittal informs providers of system updates regarding the processing of participant vital statistics data within the Medicaid Management Information System. Maryland Medicaid has identified instances in which the integration of participant date-of-death records resulted in unexpected claims denials. Efforts are currently underway to review and reprocess the affected claims.

Maryland Medicaid anticipates these updates will be reflected within the next few pay cycles. Additional guidance regarding reprocessing these claims is forthcoming.

Providers who were subject to this claims adjustment may file an appeal in accordance with COMAR 10.09.36.09.

Providers who believe they have been impacted by this claims adjustment may contact mdh.hcspecialproject@maryland.gov for further assistance.
