MARYLAND MEDICAL ASSISTANCE PROGRAM
General Provider Transmittal No. 128
September 16, 2026

TO: All Providers

FROM: Charles Crisp, Director 
Office of Medicaid Provider Services

RE: Final ePREP Access Deadline and MPRIME Launch Updates

NOTE: **Please ensure that appropriate staff members in your organization are informed of the contents of this transmittal.**

This transmittal updates providers of the final day to access information contained in the current provider enrollment system, ePREP, and communicates updates regarding the October 13, 2026, launch of MPRIME. Effective October 1, 2026, providers will be unable to access any documents contained in ePREP.

Last Day to Access ePREP

As part of the transition to MPRIME and the application holds, Maryland Medicaid changed all provider access in ePREP to read only. Providers can currently review their account information and download historical documents from ePREP. Effective October 1, 2026, all providers will lose access to ePREP. Providers who need any documentation from ePREP should download this information no later than 5pm on Wednesday, September 30, 2026. Any information not downloaded by this deadline will be lost. Maryland Medicaid will not retrieve any documentation for providers who fail to download it before the deadline.

MPRIME Launch

MPRIME is scheduled to launch Tuesday, October 13, 2026. Providers are not required to set up user accounts or associate their accounts on launch day and may access the system at any date on or after October 13. A provider transmittal with the MPRIME link will be sent to providers a week prior to the launch.

Providers who were unable to attend an MPRIME training, or need a refresher on the content covered, can access recorded training sessions, guidance documents, and the MPRIME FAQs on the [MPRIME Resource and Training Center](#) website.

For questions regarding this transmittal please contact mdh.mprimegolive@maryland.gov.
