Selling tobacco to kids — it's not a minor thing!
On June 22, 2009, the President signed the Tobacco Control Act into law. The Tobacco Control Act grants FDA authority to regulate the manufacturing, marketing, and distribution of tobacco products to protect public health and to reduce tobacco use by minors. The FDA originally only regulated cigarettes, cigarette tobacco, roll-your-own tobacco, and smokeless tobacco products. However, effective Aug. 8, 2016, the FDA began regulating the following tobacco products: ESDs, all cigars (including premium), hookah (waterpipe tobacco), pipe tobacco, nicotine gels, and dissolvables.
