

IFB Template Version 1.0 Dated July 19, 2019

Dear IFB Procurement Officers,

This document contains an IFB template to aid in producing a complete solicitation. In producing a solicitation, all contributors should note following information:

1. Download the most recent template version on the State website before starting any new IFB draft: (<http://procurement.maryland.gov/procurement-staff/>).
2. Format is important. Auto-numbering and other formatting in the document is achieved through use of Word “Styles.” **Please do not manually number any requirements.** See more styles-related instructions on page 1 (or perform a find for Word Styles instructions). Note that ALL requirements are to be numbered (no “simple bullets” or plain paragraphs).
3. Data entry and tailoring instructions are flagged throughout the document using guillemets (<< and >>). Where the text between the guillemets is one word such as <<solicitationName>>, perform a Word find and replace so that every instance is replaced throughout the document. See the *Basic IFB Tailoring* table below for more guidance. Tip: Perform a find on guillemets to find any remaining tailoring not yet completed. A find on double brackets “[[“ and “]]” will locate all template instructions, which will help in ensuring all instructions have been addressed and deleted before publication.
4. What’s in this version of the IFB?
 - a. Updated language for security, SOC 2 Type 2, invoicing requirements among others;
 - b. Updated tailoring instructions throughout the document;
 - c. Changes in response to COMAR updates;
 - d. Streamlined the contract (Attachment M) by moving most IT-specific content into the IFB. (Important: Do not drop the new Attachment M into an IFB using a prior IFB template.)
 - e. Updated language in Attachment M for contingent fee prohibition and “Financial Proposal” definition among others;
 - f. New Section 4.13.3 to cancel a IFB for interagency agreements with institutions of higher education.
 - g. New Section 4.39 for the Maryland Healthy Working Families Act.
 - h. Corrected references to RFP language “reasonably susceptible of being selected for award” replaced with “responsive”.
 - i. All references to eMM and “buyspeed” have been changed to eMMA!

Basic IFB Tailoring

Perform a find and replace on the following text to begin customizing this IFB. Be sure to select “Match Case” in the Word Find/Replace dialog box (Home tab, select Replace button, click More, check Match Case). Remove this *Basic IFB Tailoring* table prior to release.

Note: Don’t change the default fields for any information you do not yet know (Keep the appropriate line from this table until the substitution is made.).

Tip: Delete an instruction (found in red text) once you've performed the action or associated tailoring. The remaining instructions will act as a reminder to complete the task.

To insert the correct value of:	Find Text Type exactly as typed below in the find/replace dialog, including brackets << >> where indicated, with "Match Case" selected.	Replace with Text Do NOT include brackets in the "Replace with:" field.

[[Contact your oversight analyst for language if there is the potential for FUTURE Sensitive Data handling. If a Contractor SOC 2 Type 2 Report is **not** required for this Contract, enter only the following sentence for this section and delete the rest.]]

A SOC 2 Type 2 Report is not a Contractor requirement for this Contract.

[[Include the following SOC 2 Type 2 Report clause when the Contractor will collect, process, transmit, store, organize, maintain, or dispose of critical or sensitive information on behalf of the <<typeofAgency>> as part of its Contract responsibilities.]]

- 3.9.1 A SOC 2 Type 2 Audit applies to the Contract. The applicable trust principles are: << Security, Availability, Processing Integrity, Confidentiality, or Privacy – The <<typeofAgency>> to choose which of the five trust principles apply>>as defined in the aforementioned Guidance.

[[Consult with your AAG, Chief Information Officer, or a director of internal audits to determine which trust principles are applicable for your Contract.]]

- 3.9.2 In the event the Contractor provides services for identified critical functions, handles Sensitive Data, or hosts any related implemented system for the State under the Contract, the Contractor shall have an annual audit performed by an independent audit firm of the Contractor's handling of Sensitive Data or the <<typeofAgency>>'s critical functions. Critical functions are identified as all aspects and functionality of the solution including any add-on modules and shall address all areas relating to Information Technology security and operational processes. These services provided by the Contractor that shall be covered by the audit will collectively be referred to as the "Information Functions and Processes." Such audits shall be performed in accordance with audit guidance: Reporting on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by the <<typeofAgency>>, to assess the security of outsourced client functions or data (collectively, the "Guidance") as follows:
- a) The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the "SOC 2 Audit" or "SOC 2 Report"). All SOC2 Audit Reports shall be submitted to the Contract Monitor as specified in Section 3.9.2 (f) below. The initial SOC 2 Audit shall be completed within a timeframe to be specified by the State. The audit period covered by the initial SOC 2 Audit shall start with the Contract Effective Date unless otherwise agreed to in writing by the Contract Monitor. All subsequent SOC 2 Audits after this initial audit shall be performed at a minimum on an annual basis throughout the Term of the Contract, and shall cover a 12-month audit period or such portion of the year that the Contractor furnished services.
 - b) The SOC 2 Audit shall report on the suitability of the design and operating effectiveness of controls over the Information Functions and Processes to meet the requirements of the Contract, including the Security Requirements identified in **Section 3.7**, relevant to the trust principles identified in 3.9.1: as defined in the aforementioned Guidance.
 - c) The audit scope of each year's SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services principles of Security, Availability, Processing Integrity, Confidentiality, and Privacy) to accommodate any changes to the environment since the last SOC 2 Report. Such changes may include but are not limited to the addition of Information Functions and Processes through modifications to the Contract or due to changes in Information Technology or the operational infrastructure. The Contractor shall ensure that the audit scope of each year's SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
 - d) The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the TO Contractor or essential support to the Information Functions and Processes provided to the <<typeofAgency>> under the Contract. The Contractor shall ensure the audit includes all such subcontractors operating in performance of the Contract.
 - e) All SOC 2 Audits, including those of the Contractor, shall be performed at no additional expense to the <<typeofAgency>>.

- f) The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a complete copy of the final SOC 2 Report(s) and a documented corrective action plan addressing each audit finding or exception contained in the SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor along with the date(s) when each remedial action is to be implemented.
- g) If the Contractor currently has an annual, independent information security assessment performed that includes the operations, systems, and repositories of the Information Functions and Processes being provided to the <<typeofAgency>> under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, the <<typeofAgency>> will determine in consultation with appropriate State government technology and audit authorities whether the Contractor's current information security assessments are acceptable in lieu of the SOC 2 Report(s).
- h) If the Contractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in **Section 3.9.2.A**, the <<typeofAgency>> shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the Contractor and under the Contract. The Contractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. The <<typeofAgency>> will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.
- i) Provisions in **Section 3.9.1-2** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of **Section 3.9.1-2** (or the substance thereof) in all subcontracts.

4.13 Cancellations

- 4.13.1 The State reserves the right to cancel this IFB, accept or reject any and all Bids, in whole or in part, received in response to this IFB and to waive or permit the cure of minor irregularities.

If applicable, the Bidder’s Bid shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.
- 4.16.4 A parental guarantee of the performance of the Bidder under this Section will not automatically result in crediting the Bidder with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Bidder’s experience and qualifications. Instead, the Bidder’s responsibility will be assessed to the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Bidder, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent’s participation as determined by the State.

It is strongly recommended that any potential Bidder complete registration prior to the Bid due date and time. The Bidder’s failure to complete registration with SDAT may disqualify an otherwise successful Bidder from final consideration and recommendation for Contract award.

4.26 MBE Participation Goal

[[If there is no MBE goal for this solicitation, enter only the following sentence for this section and delete the remainder of this section.]]

There is no MBE subcontractor participation goal for this procurement.

[[If there is a MBE goal for this solicitation, enter and complete the following language for this section.]]

4.26.1 Establishment of Goal and Subgoals

An overall MBE subcontractor participation goal as identified in the Key Information Summary Sheet has been established for this procurement, representing a percentage of the total Contract dollar value, including all renewal option terms, if any, has been established for this procurement.

Notwithstanding any subgoals established for this IFB, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

By submitting a response to this solicitation, the Bidder acknowledges the overall MBE subcontractor participation goal and subgoals, and commits to achieving the overall goal and subgoals by utilizing certified minority business enterprises, or requests a full or partial waiver of the overall goal and subgoals.

A Bidder that does not commit to meeting the entire MBE participation goal outlined in this Section 4.26 must submit a request for waiver with its bid submission that is supported by good faith efforts documentation to meet the MBE goal made prior to submission of its Bid as outlined in Attachment D-1B, Waiver Guidance. Failure of a Bidder to properly complete, sign, and submit Attachment D-1A at the time it submits its Bid(s) to the IFB will result in the State's rejection of the Bidder's Bid for the applicable Service Category. This failure is not curable.

4.26.2 Attachments.

- a) D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Bidders:
 1. Attachment D-1A MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Bid)
 2. Attachment D-1B Waiver Guidance
 3. Attachment D-1C Good Faith Efforts Documentation to Support Waiver Request
 4. Attachment D-2 Outreach Efforts Compliance Statement
 5. Attachment D-3A MBE Subcontractor Project Participation Certification
 6. Attachment D-3B MBE Prime Project Participation Certification
 7. Attachment D-4A Prime Contractor Paid/Unpaid MBE Invoice Report
 8. Attachment D-4B MBE Prime Contractor Report
 9. Attachment D-5 Subcontractor Paid/Unpaid MBE Invoice Report

The Bidder shall include with its Bid a completed MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) whereby:

1. The Bidder acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and
2. The Bidder responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Bid submission. The Bidder shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE prime (including a prime participating as a joint venture) to be counted towards meeting the MBE participation goals.

3. The Bidder requesting a waiver should review **Attachment D-1B** (Waiver Guidance) and **D-1C** (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

[[If there is more than one Functional Area or Service Category within the IFB, include the following language. Edit the highlighted language to be specific to the number and type of Functional Areas or Service Categories in the IFB.]]

An Bidder must properly complete and submit a separate Attachment D-1A, MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule, for EACH Service Category (I and II) for which it is submitting a Bid. If an Bidder is submitting a Bid for each of Service Categories I and II, the Bidder must submit two separate Attachment D-1As, one for each of the two Service Categories.

If the Bidder fails to submit a completed Attachment D-1A with the Bid as required, the Procurement Officer shall determine that the Bid is not responsive.

- 4.26.3 Bidders are responsible for verifying that each MBE (including any MBE prime and MBE prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in **Attachment D-1A** is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.
- 4.26.4 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Bidder must provide the following documentation to the Procurement Officer.
 - a) Outreach Efforts Compliance Statement (**Attachment D-2**);

MBE Subcontractor/Prime Project Participation Certification (**Attachment D-3A/3B**); and

Any other documentation required by the Procurement Officer to ascertain Bidder responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.

Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

- 4.26.5 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at <http://mbe.mdot.maryland.gov/directory/>. The most current and up-to-date information on MBEs is available via this website. **Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.**
- 4.26.6 The Bidder that requested a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

- 4.26.7 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Bidder in connection with its certified MBE participation commitment shall be considered a part of the Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Bid for order of precedence purposes (see Contract – **Attachment M, Section 2.1**).
- 4.26.8 The Bidder is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M, Liquidated Damages for MBE, section 39**[[Verify this contract clause number, as it may vary based on other clauses in the contract]]).
- 4.26.9 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a contract as a prime contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the contract.

In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE prime must also identify other certified MBE subcontractors [see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)] used to meet those goals. If dually-certified, the MBE prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Refer to MBE forms (**Attachment D**) for additional information.

VSBE performance must be in accordance with this section and **Attachment E**, as authorized by COMAR 21.11.13. The Contractor agrees to exercise all good faith efforts to carry out the requirements set forth in this section and **Attachment E**.
- b) Veteran-Owned Small Business Enterprises must be verified by the Office of Small and Disadvantaged Business Utilization (OSDBU) of the United States Department of Veterans Affairs. The listing of verified VSBEs may be found at <http://www.va.gov/osdbu>.

4.27.2 VSBE Goal

- b) By submitting a response to this solicitation, the Bidder agrees that this percentage of the total dollar amount of the Contract will be performed by verified veteran-owned small business enterprises.

4.27.3 Solicitation and Contract Formation

- a) In accordance with COMAR 21.11.13.05 C (1), this solicitation requires Bidders to:
 - 1) Identify specific work categories within the scope of the procurement appropriate for subcontracting;
 - 2) Solicit VSBES before Bids are due, describing the identified work categories and providing instructions on how to bid on the subcontracts;
 - 3) Attempt to make personal contact with the VSBES solicited and to document these attempts;
 - 4) Assist VSBES to fulfill, or to seek waiver of, bonding requirements; and
 - 5) Attempt to attend pre-Bid or other meetings the procurement agency schedules to publicize contracting opportunities to VSBES.

The Bidder must include with its Bid a completed VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule (**Attachment E-1**) whereby the Bidder:

- 6) Acknowledges it: a) intends to meet the VSBE participation goal; or b) requests a full or partial waiver of the VSBE participation goal. If the Bidder commits to the full VSBE goal or requests a partial waiver, it shall commit to making a good faith effort to achieve the stated goal; and
- 7) Responds to the expected degree of VSBE participation as stated in the solicitation, by identifying the specific commitment of VSBES at the time of Bid submission. The Bidder shall specify the percentage of contract value associated with each VSBE prime/subcontractor identified on the VSBE Participation Schedule.

[[If there is more than one Functional Area or Service Category within the IFB, include the following language. Edit the highlighted language to be specific to the number and type of Functional Areas or Service Categories in the IFB.]]

A Bidder must properly complete and submit a separate Attachment E-1, VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule, for EACH Service Category (I and II) for which it is submitting a Bid. If a Bidder is submitting a Bid for each of Service Categories I and II, the Bidder must submit two separate Attachment E-1s, one for each of the two Service Categories.

As set forth in COMAR 21.11.13.05.B(2), when a verified VSBE firm participates on a Contract as a Prime Contractor, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the VSBE Prime Contractor performs with its own work force towards meeting up to one hundred percent (100%) of the VSBE goal.

In order to receive credit for self-performance, a VSBE Prime must list its firm in the VSBE Prime/Subcontractor Participation Schedule (**Attachment E-1**) and include information regarding the work it will self-perform. For any remaining portion of the VSBE goal that is not to be performed by the VSBE Prime, the VSBE Prime must also identify verified VSBE subcontractors used to meet the remainder of the goal.

Within 10 Business Days from notification that it is the apparent awardee, the awardee must provide the following documentation to the Procurement Officer:

- 10) Any other documentation required by the Procurement Officer to ascertain Bidder responsibility in connection with the VSBE participation goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible.

4.28 Living Wage Requirements

[[This section does not apply for product purchases or service contracts under \$100,000. If the solicitation is for product purchases only, include the sentence below and delete the sub-paragraphs following.]]

There is no Living Wage requirement for this procurement.

[[If the value of services is expected to be close to or more than \$100,000, delete the above sentence and instructions and include the subparagraphs below.]]

- a) Maryland law requires that contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.

If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.

Additional information regarding the State's living wage requirement is contained in **Attachment F**. Bidders must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Bids. If the Bidder fails to complete and submit the required documentation, the State may determine the Bidder to not be responsible under State law.

Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.

- 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-

State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier (enter “1” or “2,” depending on where the majority of the service recipients are located) Contract.

- 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Bidder must identify in its Bid the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
- 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
- 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.

If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.

The Bidder shall identify in the Bid the location from which services will be provided.

NOTE: Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change. The Contractor shall be responsible for any wage/rate increase during the term of the Contract and such increase may not be passed on to the State.

The Bidder may request a release of the bond after the date of the award in return for a release signed by the Contractor and accepted by the <<typeofAgency>>.

The cost of this bond, or other suitable security, is to be included in the total prices proposed and is not to be proposed and will not be recoverable as a separate cost item.

[[The bid bond format in Attachment __ is the preferred form specified in COMAR 21.06.07.09(D). DO NOT UTILIZE A BOND FORM OTHER THAN THE ONE IN THIS IFB unless you have obtained prior written authorization from the control agency and your legal counsel.]]

The Performance Bond may be renewable annually. The Contractor shall provide to the State, 30 days before the annual expiration of the bond, confirmation from the surety that the bond will be renewed for the following year. The cost of this bond, or other suitable security, is to be included in the total prices proposed and is not to be proposed and will not be recoverable as a separate cost item.

After the first year of the Contract, the Contractor may request a reduction in the amount of the Performance Bond. The amount and the duration of the reduction, if any, will be at the <<typeofAgency>>'s sole discretion. If any reduction is granted, the <<typeofAgency>>'s shall have the right to increase the amount of the Performance Bond to any amount, up to the original amount, at any time and at the <<typeofAgency>>'s sole discretion.

4.38.5 Surety Bond Assistance Program

Assistance in obtaining bid, performance and payment bonds may be available to qualifying small businesses through the Maryland Small Business Development Financing Authority (MSBDFA). MSBDFA can directly issue bid, performance or payment bonds up to \$750,000. MSBDFA may also guarantee up to 90% of a surety's losses as a result of a Contractor's breach of Contract; MSBDFA exposure on any bond guaranteed may not, however, exceed \$900,000. Bonds issued directly by the program will remain in effect for the duration of the Contract, and those surety bonds that are guaranteed by the program will remain in effect for the duration of the surety's exposure under the Contract. To be eligible for bonding assistance, a business must first be denied bonding by at least one surety on both the standard and specialty markets within 90 days of submitting a bonding application to MSBDFA. The applicant must employ fewer than 500 full-time employees or have gross sales of less than \$50 million annually, have its principal place of business in Maryland or be a Maryland resident, must not subcontract more than 75 percent of the work, and the business or its principals must have a reputation of good moral character and financial responsibility. Finally, it must be demonstrated that the bonding or guarantee will have a measurable economic impact, through job creation and expansion of the state's tax base. Applicants are required to work through their respective bonding agents in applying for assistance under the program. Questions regarding the bonding assistance program should be referred to:

6 Bid Evaluation and Award

6.1 Bid Evaluation Criteria

The Bids will be evaluated based on the Total Bid Price, as per COMAR 21.02.13. All responsible Bidders will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Bid Price as submitted on the **Attachment B - Bid Form**.

6.2 Reciprocal Preference

6.2.1 Although Maryland law does not authorize procuring agencies to favor resident Bidders in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- a) The Maryland resident business is a responsible Bidder;
- b) The lowest responsive Bid is from a responsible Bidder whose principal office, or principal base of operations is in another state;
- c) The other state gives a preference to its resident businesses through law, policy, or practice; and
- d) The preference does not conflict with a federal law or grant affecting the procurement Contract.

6.2.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.3 Award Determination

Award will be made to the responsible Bidder who submits to the State the responsive Bid that has the lowest Total Bid Price.

[[Optional language: The State reserves the right to make the award by item, or groups of items, or Total Bid Price if it is in the best interest of the State to do so unless the Bidder specifies in its bid that a partial or progressive award is not acceptable.]]

6.4 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – IFB Attachments and Appendices**.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

Attachment B. Bid Instructions & Form**B-1 Bid Instructions**

In order to assist each Bidder in the preparation of its Bid and to comply with the requirements of this solicitation, Bid Instructions and a Bid Form have been prepared. Each Bidder shall submit its Bid on the Bid Form in accordance with the instructions on the Bid Form and as specified herein. Do not alter the Bid Form or the Bid may be determined to be not responsive. The Bid Form is to be signed and dated, where requested, by an individual who is authorized to bind the Bidder to the prices entered on the Bid Form.

The Bid Form is used to calculate the Bidder's TOTAL BID PRICE. Follow these instructions carefully when completing your Bid Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this IFB and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this IFB and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Bid Form shall be filled in. Any changes or corrections made to the Bid Form by the Bidder prior to submission shall be initialed and dated.
- F) Except as instructed on the Bid Form, nothing shall be entered on or attached to the Bid Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Bid not responsive.
- G) It is imperative that the prices included on the Bid Form have been entered correctly and calculated accurately by the Bidder and that the respective total prices agree with the entries on the Bid Form. Any incorrect entries or inaccurate calculations by the Bidder will be treated as provided in COMAR 21.05.03.03.F, and may cause the Bid to be rejected.
- H) If option years are included, Bidders must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the IFB at the prices entered in the Bid Form.
- I) All Bid prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the IFB. The Bid price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the IFB, sample amounts used for calculations on the Bid Form are typically estimates for evaluation purposes only. Unless stated otherwise in the IFB, the <<typeofAgency>> does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Bid being determined not responsive.

[[Add additional instructions as needed to assist Bidders in the completion of the Bid Form. Also, verify the instructions above are appropriate for the type of prices being solicited. If inappropriate, delete any conflicting instructions.]]

B-1 Bid Form

The Bid Form shall contain all price information in the format specified on these pages. Complete the Bid Form only as provided in the Bid Instructions. Do not amend, alter or leave blank any items on the Bid Form. If option years are included, Bidders must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Bid being determined not responsive.

[[The Bid Form should be included as a separate Excel document and should contain formulas that automatically calculate the Bidder's Total Bid Price. All cells except those in which the Bidder enters its line item prices and its signatory information must be locked. A generic sample is provided below. Add the template below on the Excel document for signatures. Reference the Bid Form document here.]]

- 4.4 Payment of an invoice by the <<typeofAgency>> is not evidence that services were rendered as required under this Contract.

5. Rights to Records

- 5.1 The Contractor agrees that all documents and materials including, but not limited to, software, reports, drawings, studies, specifications, estimates, tests, maps, photographs, designs, graphics, mechanical, artwork, computations, and data prepared by the Contractor for purposes of this Contract shall be the sole property of the State and shall be available to the State at any time. - 6.2 Except as may otherwise be set forth in this Contract, Contractor shall not use, sell, sub-lease, assign, give, or otherwise transfer to any third party any other information or material provided to Contractor by the <<typeofAgency>> or developed by Contractor relating to the Contract, except as provided for in **Section 8. Confidential or Proprietary Information and Documentation**.

7. Patents, Copyrights, and Intellectual Property

- 7.1. All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date (“Pre-Existing Intellectual Property”). Any SaaS Software developed by Contractor during the performance of the Contract will belong solely and exclusively to Contractor and its licensors. For all Software provided by the Contractor under the Contract, Contractor hereby grants to the State a nonexclusive, irrevocable, unlimited, perpetual, non-cancelable, and non-terminable right to use and make copies of the Software and any modifications to the Software. For all Contractor Pre-Existing Intellectual Property embedded in any Deliverables, Contractor grants to the State a license to use such Contractor Pre-Existing Intellectual Property in connection with its permitted use of such Deliverable. During the period between delivery of a Deliverable by Contractor and the date of payment therefor by the State in accordance with this Contract (including throughout the duration of any payment dispute discussions), subject to the terms and conditions contained herein, Contractor grants the State a royalty-free, non-exclusive, limited license to use such Deliverable and to use any Contractor Materials contained therein in accordance with this Contract.

- 7.3. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State’s rights or interests, without the State’s prior written consent.
- 7.4. Without limiting Contractor’s obligations under Section 5.3, if an infringement claim occurs, or if the State or the Contractor believes such a claim is likely to occur, Contractor (after consultation with the State and at no cost to the State): (a) shall procure for the State the right to continue using the allegedly infringing component or service in accordance with its rights under this Contract; or (b) replace or modify the allegedly infringing component or service so that it becomes non-infringing and remains compliant with all applicable specifications.
- 7.5. Except as otherwise provided herein, Contractor shall not acquire any right, title or interest (including any intellectual property rights subsisting therein) in or to any goods, Software, technical information, specifications, drawings, records, documentation, data or any other materials (including any derivative works thereof) provided by the State to the Contractor. Notwithstanding anything to the contrary herein, the State may, in its sole and absolute discretion, grant the Contractor a license to such materials, subject to the terms of a separate writing executed by the Contractor and an authorized representative of the State as well as all required State approvals.
- 7.6. Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall use any Software or technology in a manner that will cause any patents, copyrights or other intellectual property which are owned or controlled by the State or any of its affiliates (or for which the State or any of its subcontractors has received license rights) to become subject to any encumbrance or terms and conditions of any third party or open source license (including, without limitation, any open source license listed on <http://www.opensource.org/licenses/alphabetical>) (each an “Open Source License”). These restrictions, limitations, exclusions and conditions shall apply even if the State or any of its subcontractors becomes aware of or fails to act in a manner to address any violation or failure to comply therewith. No act by the State or any of its subcontractors that is undertaken under this Contract as to any Software or technology shall be construed as

intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any open source license.

- 7.7 The Contractor shall report to the <<typeofAgency>>, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Deliverables delivered under this Contract.
- 7.8 The Contractor shall not affix (or permit any third party to affix), without the <<typeofAgency>>'s consent, any restrictive markings upon any Deliverables that are owned by the State, and if such markings are affixed, the <<typeofAgency>> shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

8. Confidential or Proprietary Information and Documentation

- 8.1 Subject to the Maryland Public Information Act and any other applicable laws including, without limitation, HIPAA, the HI-TECH Act, and the Maryland Medical Records Act and regulations promulgated pursuant thereto, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems or cloud infrastructure, if applicable) shall be held in confidence by the other party. Each party shall, however, be permitted to disclose, as provided by and consistent with applicable law, relevant confidential information to its officers, agents, and Contractor Personnel to the extent that such disclosure is necessary for the performance of their duties under this Contract.
