Re: Closing Out Old Transmittals

As of April 28, 2025, COMAR 10.07.14 new regulations for assisted living programs have been in effect. This enactment required the Office of Health Care Quality (OHCQ) to review all previous transmittals issued during the old regulations to be reviewed. The below transmittals issued by OHCQ previously will no longer be in effect starting July 20, 2025. Some of the older transmittals are being revised and will be posted under the transmittals section of the OHCQ assisted living dashboard on OHCQ web page: <https://app.smartsheet.com/b/publish?EQBCT=0f042f7b64cb494dab5f756b23516880>

Thank you for your patience during this time of transition.
