How Are Timekeeping Processes Changing for DHMH?

What is changing?

The State of Maryland will now use Workday to process (enter, manage, and approve) time and leave.

What’s staying the same?

The State’s rules, regulations and policies have NOT changed. The processing of timekeeping, leave usage and pay calculation is standardized in the Workday system.

Leave earning and usage rules remain the same as stated in COMAR in the State Personnel and Pensions Article.
Timekeeping Process Overview

1. Time Entry & Time Off Request In WD
   - Employee, Timekeeper, or Manager / Supervisor
   - Manual time collection and approval outside of Workday*

2. Verify and Approve / Deny
   - Manager / Supervisor, Timekeeper Approver, or Timekeeper

3. Verify Time Submission & Adjusts Time
   - Agency Timekeeper

Timekeeping Tasks – Employee

Key Tasks:

• Report and view their time
• Request, view their time off and time off balances
• Correct their time and time off for current and previous pay period
• View their Leave of Absence requests such as FMLA, Military leave
• View their bonus and onetime payment history
• View their Gross Pay amount with calculations

Employees will enter their own time and time off in Workday, UNLESS they have been assigned a timekeeper in a 24/7 Facility.
Who Enters and Submits Timesheets/Time Off Requests and When

**Employees**
Employees will enter their own time and time off in Workday

**Employee’s Manager/Supervisor**
When the employee is not able to enter and submit, their Manager/Supervisor will enter time on their behalf.

**Timekeeper**
If the employee or the employee’s Manager are unavailable they Timekeeper must enter time on behalf of the employee

Overview of Time Entry

Employees enter time via the **Enter Time** process.

- The **Enter Time** process is used to enter time for employees and contractuals, including:
  - Regular 40 Hour Per Week Employees
  - Cash Overtime Eligible (COE) Employees
  - Compressed / Modified Schedule Employees
  - Part-Time Employees

- Use the online timesheet to enter:
  - Regular work hours and special time (for applicable employees)
  - Intermittent Time Off

- The timesheet can track:
  - Multiple State jobs an employee holds
  - Reported time charged to grants and projects
  - Shift Differentials
Navigating to the Timesheet (Enter Time Page)

Click the **Time** worklet then select a week to enter time.

- Click the **This Week**, **Last Week** or **Select Week** buttons.
- Enter time and corrections.

Common Timesheet Errors and Warnings

- Errors and Warnings appear to help prevent entering invalid entries. Warnings display as “Alerts”. They may appear during time entry and submission, but do not prevent you from saving or submitting time.

Some of the alerts are triggered when:
- Regular hours are not entered for the day
- Comp time has been earned
- COE employee has reached COMP OT Time Limit
- Leave is entered on a Holiday
- Weekly hours are less than 40
Common Timesheet Errors and Warnings (cont.)

Errors and warnings appear to help prevent you from entering invalid entries.

**Errors** prevent you from saving or submitting time.

Some of the errors are triggered when:

- Leave is taken that takes you below your balances
- Leave is now used in one minute increments, and time is captured in one minute increments.
- No time entered on a row (row is blank)
Comp Time and Overtime

Regular Exempt and Non Exempt Employees

Regular 40-Hour Exempt Employees: The system automatically calculates comp time earned 30 minutes after the 8th hour on a workday.

Non-Exempt COE Employees: The system automatically calculates overtime after forty (40) hours have been worked in the week.
The employee can choose to earn Comp Time in lieu of cash overtime.

All DHMH Contractual employees are considered hourly employees, therefore overtime eligible. These employees may elect COE comp the same as a Regular employee who is non exempt.

Compressed Schedule Employees

Compressed Schedule Exempt Employees: Enter any additional time worked outside the normal compressed schedule for a day as “Comp Time Earned” on a new row, including the start (in) time and end (out) time.

Compressed Schedule Non-Exempt Employees: The system automatically calculates overtime after forty (40) hours have been worked in the week.
The employee can choose to earn Comp Time in lieu of cash overtime.
Employees With Multiple State Positions

The system has the ability to track time reported for employees with multiple State positions.

- Employees with multiple positions have:
  - One primary position (indicated by HR; has to be a Regular State position if employee is to earn or accrue leave)
  - One or more secondary positions (usually Contractual)

- The system allows you to report time for all positions per timesheet.
- The system has the ability to track time reported for each position.
- Time for each position must be submitted weekly.
- Total hours calculated for payment are based on the position being submitted.
Tips for Time Entry

- Each hour in the work day must be accounted for when entering time.
- The employee’s scheduled hours must be accounted for per day (e.g., 8 hours per day for regular employees or other hours for flexible/compressed schedules).

  - Meals taken must not be included in work hours on a timesheet row, unless you have been required by your supervisor to work through lunch. A meal break may not be taken at the end of the day to shorten your workday.

- Depending on the time code selected, enter either…

  1. The start time (e.g., In) and end time (e.g., Out)
     For example: Enter In and Out times for regular work hours or comp time taken.
     OR
  2. The quantity of time (in hours, pay periods, days, etc.)
     For example: Enter the number of hours for bilingual pay, etc.

Several different time codes may need to be entered in the same day depending on the situation; one per row is allowed. You can enter intermittent time off in the future and submit for approval.

The system automatically calculates: Total work and leave hours for the week (based on the in and out times or quantity entered). Overtime and Comp time earned based on an employee’s job profile and employee type. Time for holidays (except for 24/7 employees). 24/7 employees must enter pre-scheduled holidays as time off on the timesheet.
Time Submission and Approval Schedule

**Timesheets Submission Deadline**

Timesheets, including corrections, must be submitted to approvers at the end of the pay period; **Tuesday by 11:59 PM**.

Includes State regular and contractual pay periods.

*NOTE: Employees with Multiple State Positions*

Employees with more than one State position must submit a timesheet for each pay period week (Regular or Contractual); **Tuesday by 11:59 PM**.

**Timesheets Approval Deadline**

Managers (or other designated approvers) should approve timesheet approvals, including review and verification, **by 12 pm on Wednesday** following the end of the pay period.

**NOTE:** Pay periods will maintain the same alternating bi-weekly schedule for State Regular and contractual employees.
Click the **Time** worklet then select an option under “View”.

**View your reported time on a calendar or details for timesheets you've entered/submitted.**

Where are corrections to timesheets made?

 Corrections are made directly to a timesheet and are submitted in the same manner as all other timesheets.

 Enter corrections. Click the **This Week**, **Last Week** or **Select Week** buttons to select a week.
Who Can Correct Reported Time?

Time reported for a pay period can be corrected by Employees, Timekeepers, and the DBM Central Payroll Department.

The table below describes which pay periods can be corrected by each group.

<table>
<thead>
<tr>
<th>Who Can Correct Time:</th>

</tr>
</tbody>
</table>
Considerations for Correcting Timesheets

Employees can 1) correct time that was entered incorrectly, 2) add time that was previously omitted, 3) delete time entries, or 4) make other changes.

- Modifications or corrections can be made at any time; whether a timesheet has been saved, submitted, approved or denied.

- All changes must be submitted for approval.

- Changes to previously approved timesheets must be submitted for approval. Only changes are sent to the approver.

- Approved time off entered on the timesheet must be corrected on the Time Off Calendar (discussed in Lesson 4 of this course).

- If corrections are needed in a pay period beyond the previous pay period, contact the designated Timekeeper for assistance.

- Timesheets and all corrections should be submitted in accordance with the payroll schedule.

Overview of the Time Off Process

- **Request Time Off** process is used to enter future time off for exempt and non-exempt employees, including:
  - Regular 40 Hour Per Week Employees
  - Cash Overtime Eligible (COE) Employees
  - Compressed / Modified Schedule Employees
  - Part-Time Employees

- Use the online **Time Off Calendar** to enter future time off for the following of leave:
  - Annual Leave (vacation)
  - Sick Time
  - Comp Time

Employees can enter future leave requests that are more than 1 full day via the **Request Time Off** process. **Note**: This process is only used for full days off.
The steps in the Request Time Off process are listed below.

**Steps**
- Request Time Off *

**Roles**
- Employee
- Manager
- Timekeeper
- Timekeeper Approver

*When…*
- Employee Enters Time Off Request → Manager/Supervisor Approves
- Timekeeper Enters Time Off Request → Timekeeper Approver Approves
- Manager Enters Time Off Request → Timekeeper Approves
Navigating to the Enter Time Off Page

Click the Time Off button to enter a time off request.

Click the My Time Off button to view time off requests including the status (e.g., Approved, Sent Back, Denied)
View calendar month displayed. Scroll through the months in the calendar or Click the **Today** button to go to today’s date.

View leave balances as of the date selected (in the **Balance as of date** field).

View State Holidays / Reduction Days displayed on the calendar.

View existing time off requests including status.

Click to enter Time Off Type and Time Off Reason (after indicating on the calendar the dates being requested).

Select days requested by clicking them on the calendar.
Viewing Time Off Requests

- View the status of a time off request using the **Time Off** online inquiry page.
- Go to the **Time Off Requests** tab to view time off requests submitted and the current status.
General guidelines for entering time off are listed below:

Enter time off on the Enter Time page (timesheet) when....

Requesting partial time (e.g., time off less than a day or by the hour) in the current pay period or a future pay period.

Enter time off on the Enter Time Off page when....

Requesting continuous time off (e.g., one or more full days off) in the future.
Viewing Time Off: Entered on Timesheet vs Time Off Request

- The system indicates where time off was entered: Timesheet or Time Off Calendar.
- You must modify all unapproved Time Off where it was entered – the timesheet or the Time Off Calendar.
- All approved time off should be corrected regardless of where it was entered.
**Leave Balances**

- For **leave taken**, leave balances are updated in the system at the end of each pay period.
- For **accruals**, the balance is updated at the beginning of the pay period based on your projected accrued leave (except Comp Time).
- Comp Time is accrued the day it is earned and after the time sheet is saved.

- Employee leave balances will be loaded into workday before go live and then uploaded again within the first pay period.
- DHMH Employee leave balances are one pay period behind in our current timekeeping system.
- DBM expects leave balances to be up to date in Workday within the first two pay periods as timesheets from the current systems are processed in each agency.
Common Time Off Errors and Warnings

Warnings may appear when entering time off, but do not prevent you from saving or submitting the request. Some of the alerts are triggered when:

- When an FMLA related absence is used (i.e., Hours Worked (Workday Calculated) Last 12 Months ≥ 1250

Note: The first year after go-live may not reflect accurate usage. DBM expects that tracking of FMLA usage will be on track after this period.
Errors prevent you from saving or submitting time.

Some of the errors are triggered when:

- The date of a request is in the past
- Partial day is requested
- Hours entered exceed your daily scheduled hours (e.g., more than 8 hours)
- There is not enough leave in the employee’s current time off plan (balance).
- Unpaid leave is not allowed for the leave type selected in the request (Note: A leave of absence request should be entered first)
Tips for Time Off Requests

- To view the status of the time off request, click the My Time Off button on the Time Off worklet.

- Days that are requested on the Time Off Calendar are automatically added to your corresponding future timesheet(s) and will display as time off (leave).

  The time off does not have to be manually entered on the timesheet.

- There is no need to request Holidays as Time Off unless you work in a unit that has pre-scheduled holidays.
Correct Time Off Process Steps

The steps in the Correct Time Off process are listed below.

Roles

- Employee
- Timekeeper
- Manager
- Manager/Supervisor
- Timekeeper Approver

Things to Remember – Basic Rules

- Temporary, Contractual, daily and hourly employees will not be paid for any hours without a submitted timesheet.
- State/Regular will be paid for their regular scheduled hours if a timesheet is not submitted; however, no overtime, shift differential, or special payments will be paid until a timesheet is submitted and approved.
- All Contractual and hourly employees will be treated as FLSA Non-Exempt (cash overtime eligible) employees. This is based on their hourly status, not their job profile. This overtime is calculated at time and a half.
- All Non-Exempt employees may elect compensatory leave (comp time) in lieu of cash overtime. This includes contractual employees. This comp time is also calculated at time and a half.
