ORDER OF MODIFICATION

The Maryland Board of Pharmacy (the "Board") is in receipt of a petition from Mark Barbino, License No. 18402, requesting modification of certain terms of probation set forth in the Board's Consent Order of Reinstatement, dated September 17, 2012. The Consent Order of Reinstatement placed Mr. Barbino's license on probation for a period of five (5) years based on prior misconduct involving diversion of controlled substances and substance abuse impairment. The Order permits Mr. Barbino to petition the Board for modification of probationary terms after one (1) year. Mr. Barbino is requesting that the Board modify his probationary conditions to reduce the frequency of his urine screenings and to terminate his requirement to participate in an aftercare treatment program. Upon consideration of Mr. Barbino's petition, supporting documentation, and his full compliance with the probationary terms to date, the Board voted to modify the terms of probation as ordered below.
